

HOW TO SECURE DISCORD ON CHILDREN'S DEVICES

1. Set Up a Safe Account

- Use a parent-managed email for child's account
- Use a strong password, and enable
- Two-factor authentication (FA) (or 16 in some countries per GDPR)

2. Adjust Privacy Settings

- User Settings > Privacy & Safety
-  **Keep Me Safe:** ON (scans direct messages for explicit content)
-  **Allow direct messages from server members :** OFF
-  **Use data to customize Discord experience** (c.g. DFF OFF)
-  **Allow Discord to track screen reader usage:** OFF

3. Control Server Access

- Monitor what servers your child joins
- Avoid public servers –opt for a private or family-approved ones
- Turn **Explicit Content Filter ON** for both DMs and servers

4. Manage Communication

- Block or mute users who exhibit inappropriate behavior
- Teach your child **how to report** harassment or offensive content
- Utilize Discord's Block feature on strangers

5. Disable NSFW Content

- Discord automatically restricts **NSFW** channels for under-18 acct.
- Confirm your child's account birthdate is correct
- **Never** allow third-party bots that bypass restrictions

6. Use Parental Controls

- Use **Qustodio, Bark, Mobicip, Net Nanny**
- Those can monitor Time spent on  shots–depending on device)
