On 02/27/2024 at approximately 2355 hours, Officer Clark #909, responded to [redacted] in reference to an attempt to locate in reference to a missing juvenile case being actively investigated by the Orange County Sheriff`s Office (OCSO report #24-011313).

Officer Clark was informed that [redacted] was reported missing to OCSO, due to her last known location being near Hunter`s Creek Middle School where she was reportedly dropped off. Officer Clark was requested to make contact with the family, and advise if [redacted] returned home. Officer Clark spoke with [redacted] ([redacted]'s mother) and Stephan Sterns ([redacted]'s boyfriend) who provided an initial statement regarding the circumstances of the missing persons investigation. See report 24-001809 for further information on Officer Clark`s initial response. As OCSO detectives continued their investigation, evidence of sexual battery that occurred at [redacted]'s residence in Kissimmee were identified. Officer Clark`s initial report/case number was utilized to document and charge the sexual battery investigation. On 02/29/2024 an arrest warrant was signed and entered for Stephan for sexual battery based on that investigation.

On 03/01/2024, continued investigation by the Orange County Sheriff`s Office in conjunction with the Kissimmee Police Department identified that [redacted] was likely the victim of a homicide, and that Stephan Sterns was the suspect. It was also believed this homicide likely occurred at the Kissimmee home. This separate case number was generated on 03/01/2024 to document the Kissimmee Police Department`s investigation into the homicide. A more thorough investigative narrative by lead investigator, Detective Morris, will follow with details regarding those investigative efforts.

This report will remain active and forwarded to the Criminal Investigations Division.

On March 02, 2024, at approximately 1222 hours, I, Officer Angelo ID 866, was dispatched to make a phone call (PX 321-402-7496) for an additional information to case 24001896.

I made contact with the caller, James Carpenter (DOB 10/28/1970), over the phone, who stated he had a surveillance video of his parents` residence, at 4841 Hickory Tree Road, Saint Cloud. James stated the video was showing a silver sedan going westbound on Hickory Tree Road, on February 26, 2024, approximately 1320 hours. James stated he believed the vehicle to be matching the description of the vehicle involved in this case.

I provided a link to James to upload the video to Evidnce.com, which he did.

This supplement will be forwarded to Criminal Investigation Division for further review.

On March 4, 2024 at 1508 hours, I, Officer Carey ID 917 responded to 8 North Stewart Avenue in reference to administering a photo line for detectives of the Major Crimes Unit (MCU).

Upon my arrival, I met with Detective Corporal Illgen and was tasked to administer a photo line-up to the witness, Thomas Carris. I read the photo line-up instructions to which Carris told me he understood and I left the interview room. Moments later, Carris advised me he completed the photo line up and was able to select photograph #5 as the person who he saw on the side of the road. I provided Detective Corporal Illgen with this information.

I had no previous knowledge of this case.

I had no other involvement in this case.

I submitted the photo line-up into evidence and is held at Kissimmee Police Department.

A portion of my encounter was recorded on my agency body-worn camera and is held at Kissimmee Police Department.

On 02/29/2024, The Kissimmee Police Department along with the Orange County Sheriff`s Office were working together in reference to locating a 13 year old juvenile female ([redacted]) who was later found deceased.

On this evening at approximately 1930 hours, I Sergeant Christopher Breuer of the Kissimmee Police Department responded to [redacted] Kissimmee, FL in reference to assisting with an interview with a female who resided at this address. Upon my arrival, I met with Detective Mark Morris.

Detective Morris explained to me that he wanted to interview a roommate who was identified as [redacted] but she only spoke Spanish. Detective Morris wanted me to translate his questions from English to Spanish. We both then met with [redacted] and explained who we were, who we worked for, and the reason we wanted to interview was because we were looking for a juvenile female who on today`s date, was still missing. [redacted] agreed to speak with both of us.

Prior to speaking with us and answering any questions, [redacted] raised her right hand and was placed under oath. The questions that were asked to [redacted] was in reference to her observations while she lived at this location, her observations of a male that would frequent this location whose name is Stephan Sterns, and her observations between both Stephan and the 13 year old juvenile female ([redacted]) who was residing at this location.

The questions that were asked by Detective Morris and the translation that I provided were recorded by Detective Morris. Detective Morris has the recording and it will be submitted into evidence at a later date.

A written statement was not obtained at the time due to [redacted] providing a sworn verbal statement and the fact that we were still actively looking for [redacted]. . This case will remain under investigation and will be forwarded to Detective Morris for further review.

This ended my involvement with this case.

On 2/27/2024 at 2102 hours, I Detective Corporal E. Diehl, was the on-call CID supervisor.

I received a call advising that Orange County Sheriff's Detectives were requesting mutual aid at [redacted] in reference to a missing 13-year-old girl, [redacted]. I had Detective Smallwood go to the scene to assist. Detective Smallwood went to the scene and it was determined, based on the information at that time, the Orange County Sheriff's Office had jurisdiction and would keep the case.

After further investigation over the next 2 days, it was determined that the Kissimmee Police Department would take over the investigation.

On 3/1/2024, I was tasked with going to Venetian Bay subdivision office to collect a copy of videos. When I arrived, I made contact with staff who showed me to the security DVR. There was an error with download so all of the videos were not downloaded. Due to the potential of losing the evidence, I spoke with management at Venetian Bay, Carlos Cassidy. I advised Carlos of the issue with the download and he consented to me taking the DVR to Orange County Sheriff's Office to be downloaded. Carlos provided a sworn written statement advising such. I collected the DVR and transported it to Orange County Sheriff's Office where it was turned over to their forensic team for download.

On 3/4/2024, I was advised that the DVR download was completed. I retrieved the DVR from the Orange County Sheriff's Office. I then returned it to Venetian Bay office.

This is a supplement to the original and forwarded to the SAO for review.

On 02/26/2024, Orange County Sheriff's Office began investigating a missing juvenile case that was reported within their jurisdiction (OCSO report #24-011313). The child was identified as [redacted] (victim) who resided within Kissimmee jurisdiction at [redacted] with her mother ([redacted]) and her live-in boyfriend (Stephan Michael Sterns). Throughout the course of the investigation, the Kissimmee Police Department became involved with the case.

On 02/28/2024, I, Detective E. Acevedo was instructed by my supervisor to go to the residence at [redacted] standby and have a visual on the location until further notice. Upon my arrival, I observed multiple Orange County Deputy vehicles within the complex and Orange County Detectives who were leaving the location. I was informed by OCSO Detectives of their investigation up to that point, I observed the location to be rope with crime scene tape; and I was advised there was no one inside of the location.

At around 2330 hours, [redacted] arrived at the location to retrieve medications for herself and other miscellaneous items. [redacted] was in accompany with a male driver in a 2023 gray Lincoln SUV vehicle bearing Florida tag [redacted]. I only made contact with [redacted] outside of the residence who provided me a list of her medications and where there were located within the home. I was the only person who entered the location to retrieve all of the items [redacted] requested and she left the location shortly after with no further incident. At around midnight on 02/29/2024, I was relief by officer Villegas.

On 03/04/2024, I was instructed by the lead detectives in the case to obtain footage from the victim`s school located at 13400 Town Loop Blvd Orlando, FL 32837 (Hunter`s Creek Middle School). The dates/ times indicated to me to obtain from the location was for 02/26/2024 from 1400-1640 hours. I made contact with the School Resource Officer Deputy Martin at the school. Deputy Martin was unable to view the date and time requested and provided me with a point of contact (David Garver) and an email address. Deputy Martin was able to provide me with the specific camera angles that were label in the system to make the request.

Through the course of communication via email, Kimberly Harrell, from the Orange County Public School District, requested a subpoena for the footage which I obtained on 03/05/2024. I provided them with the subpoena along with the business record certification and time verification form. I provided Kimberly links for the footage requested to go directly into evidence.com. Kimberly advised me of some "corrupt video files" during the time frame requested, and provided me a list with the timeframe and cameras that were corrupt. I provided this information to the lead detectives. I did not review any of the footage obtained.

I obtained a signed business records certification and timestamp verification form which will be attached to this report

On 02/26/2024, at approximately 2017 hours, I, Officer Vazquez ID 945 responded to [redacted] in reference to an attempt to locate [redacted]. Orange County Sheriffs Office wanted me to check the home of [redacted] to see if she had returned home. Upon my arrival, I spoke to the leaseholder and roommate of [redacted]'s mother, who advised that [redacted] has yet to return home. Additionally she advised that [redacted]'s relationship with her mother was fine and would not know of any reason why she would run away. She advised that [redacted] and her daughter live downstairs and granted me permission to search the home. I did not observe any signs of a possible struggle or any reasons to raise suspicions. [redacted]'s belongings were still in her room including her cell phone, which is uncommon for juvenile runaways. I was advised that [redacted] is not one to run away. After completing the search of the home I contacted Deputy Sheriff Mooney of the Orange County Sheriffs Office and advised them that [redacted] has not return home and the home did not appeared to be disheveled in any way.

This supplement will be forwarded to CID.

A portion of this incident was captured on department issued body camera and uploaded into evidence.com.

On 02/26/2024, sometime after 2000 hours, I, Lt. J. Ortiz ID534, was made aware of an attempt to locate request through Teletype, of a missing juvenile, last seen in Orange County jurisdiction. The juvenile`s home address is in the city limits, at [redacted]ent # 2402260405.

On the same night, sometime after 2300 hrs, I spoke to Lt. Campbell, watch commander from Orange County, who asked if the missing juvenile`s family had made any notification in regards to her possibly returning home. He advised they were still actively searching for her in his jurisdiction. He advised Orange County will need a scent article for the blood hound and a deputy would be responding to the house to collect said article.

At this time, I had dispatch reactivate the previous attempt to locate call, and had Officer Clark respond to the residence to secure the juvenile`s room for a scent article for Orange County. See Officer Clark`s mutual aid report for his involvement, under case number 24001809.

Officer Clark later briefed me on his interaction with the family and I updated Lt. Campbell. Officer Clark was given another family member`s address to which he responded and spoke to the residents, with negative contact with the juvenile. This was documented in his report for mutual aid case number 24001809.

On 02/27/2024, sometime after 2000 hours, I was notified by the Orange County watch commander, Lt. Campbell, that the juvenile had not been located yet and the media was responding to the residence in the city to interview the family. I had an officer respond to the community for presence only. This was in case crowds began to gather around the residence, and cause an issue for the gated community security personnel, residents, or Orange County investigators on scene. Event number 2402270449.

I received a call from the Osceola watch commander a few hours later, advising me that Orange County Criminal Investigations detectives requested mutual aid and was granted, and will be at the residence in the city limits. The investigators would be conducting interviews and checking for surveillance on the case. I responded and met with Lt. Denmark and his investigative unit, along with one of our KPD Detective Smallwood. After the meeting, I requested dispatch to send a unit to watch the secured house, pending search warrants from Orange County. Event number 2402270477.

After coordinating scene security and clearing the scene, I provided Lt. Campbell with our mutual aid case number documenting our assistance in the case. I had no further involvement in this case.

On February 26, 2024 there was a multijurisdictional response to [redacted]n reference to a missing juvenile that was later determined to be a homicide.

On February 29, 2024 at approximately 0600 hours, I, Detective Casselman (853) was assigned to stay at the above referenced apartment as it was left unsecured after a search warrant was served. I was accompanied by Detective Reyes-Soto during this time.

On February 29, 2024 at approximately 1030 hours, I was tasked with conducting additional canvasses of the neighborhood for video footage or potential witnesses for this incident. During my canvass I attempted to make contact with residents at [redacted] who both had video doorbells. No one answered at these residences and a business card was left for them to contact the Kissimmee Police Department in reference to any potential video footage.

I made contact with a resident at 4008 San Gallo Drive, Apartment 108 who was the registered owner of a 2023 Tesla Model Y bearing Florida tag 24EBWJ that was equipped with a dash camera. The owner of the vehicle Nilson Nunez De Silva Junior (07/24/1979) gave me consent to look through the stored footage on his Tesla and through his laptop for stored video footage. The footage stored on the hard drive was from February 29, 2024 and the video stored prior to that was from January of 2024. Nothing of evidentiary value was observed on the videos stored.

I made contact with residents at 2203 San Vittorino Circle, whose ring camera faced the intersection of San Gallo Drive and San Vittorino Circle but they stated it was not subscribed to record.

I also made contact with residences at 2349 and 2353 Carriage Run Road after observing cameras located on the back of the houses that faced Dyer Boulevard. Both houses were owned by the same family but no recorded events of value were observed on the cameras at the time contact was made.

This concludes my involvement in this incident.

There is no body worn camera footage in regards to this supplement due to not having a unit assigned.

On 02/29/2024, in the morning hours, I, Detective J. Fernandez ID# 861 was assigned to canvass Venetian Bay Apartments for possible video surveillance that could have captured the suspect vehicle or the suspect within the apartment complex. I was not able to locate any surveillance video that captured the suspect vehicle or suspect during the timeframe of the incident.

On 02/29/2024, at approximately 1400 hours, I stood by and guarded the incident location ([redacted]) until approximately 1700 hours while the search warrant was being executed.

On 03/01/2024, Detective Crook and I canvassed the apartment complex attempting to speak to residents who knew the juvenile or have interacted with the juvenile in the past. We spoke to multiple neighbors, but most did not recall speaking to the juvenile in the past. The residents at 4014 Santa Maria Drive Apt 101 advised that they saw the male suspect on 02/25/2024 walk to his car, but did not appear suspicious. When they found out the suspect took her to school on 02/26/2024 they questioned it due to the mother always taking the daughter to school. They did not see the juvenile or suspect on the date of the disappearance.

On 03/04/2024, at approximately 0930 hours, I went to 6990 E Irlo Bronson Pkwy (Seven Eleven) in Saint Cloud in reference to a tip advising that an employee possibly observed the suspect on 02/26/2024. I spoke to the employee, Brittany Destefano, who provided me with a verbal statement summarized to the following: On 02/26/2024, unknown what time, Brittany was assisting at the cash register when she observed a subject wearing a white T-shirt paying for $20 of gas. The subject then left the business. Later on in the week, she observed the news and saw that a suspect was arrested in reference to the juveniles disappearance and noticed that the suspect arrested was the subject that was in the business buying gas. Brittany was not able to provide much detail about the suspect, time the suspect was inside the business, or what type of vehicle the suspect was driving due to how busy the business was.

The interview was audio recorded and uploaded to Evidence.com.

Brittany and I went through the surveillance video from that date, but were unable to locate the suspect on surveillance video. Brittany printed out the transactions for 02/26/2024 and 02/27/2024, but she was unable to locate the transaction.

On 03/05/2024, I obtained a portion of the surveillance video from 02/26/2024, which was also uploaded to Evidence.com.

This was my only involvement in this case.

On February 27, 2024, the Kissimmee Police Department was asked to assist the Orange County Sheriff's Office with executing a search warrant at [redacted] in reference to a missing person's case they were actively working.

I, Detective Corporal B. Illgen ID 650 responded to the scene to assist detectives. This address is where the victim, her mother, and person of interest in victim's disappearance, Stephan Sterns live. Orange County Detectives stated Stephan provided them with his cellphone and authorized them to download the contents. When Orange County Detectives download the contents they saw that Stephan factory reset his device, however his google drive re-synced with his phone and detectives discovered several hundreds of images and videos, which depicted Stephan Sterns conducting unlawful sexual activity with an apparent child. At that point, detectives obtained a search warrant for Stephan's Google account and were able to obtain even more images and photos of said unlawful sexual activity. An arrest warrant was later obtained by the
Kissimmee Police Department, for Stephan Sterns, charging him with Capital Sexual Battery and Possession of Child Pornography.

While Orange County detectives were on scene, video surveillance was obtained which was located in the entrance and dumpster area of the apartment complex showed Stephan driving his vehicle with victim slouched over in the front passenger seat after the period of him stating he dropped victim off at school. Video also showed Stephan discarding several items into the dumpster. Having this information, detectives began looking into license plate readers throughout Orange County and Osceola County. It was discovered that Stephan's vehicle traveled to St. Cloud the morning he supposedly drooped victim off at school. DOT cameras followed Stephan from Kissimmee to St. Cloud where he turned south onto Hickory Tree Rd. Approximately 45 minutes later, Stephan's vehicle is seen traveling back through the intersection, now having a spare tire on the vehicle. Detective Morris and I then traveled to St. Cloud to locate more video surveillance in an attempt to see where Stephan traveled after turning onto Hickory Tree Rd but we were unable to locate any other then Hickory Tree Elementary School. A subpoena was submitted for the video.

At this time of the investigation, I was tasked with responding to the Orange County Sheriffs Office to assist in the command post. While at the command post, Detective Morris and I were informed Stephan and [redacted] were at the Sheriff's Office to partake in a news conference. Detectives drafted up an arrest warrant for Stephan in reference to the contents of his phone, which was signed by a judge. In the meantime, Detective Morris and I interviewed [redacted] and then interviewed Stephan. During the interview with Stephan, he eventually asked to retain a lawyer and refused any further questioning. For more information regarding the interviews see Detective Morris's report.

After Orange County Crime scene technicians cleared the apartment, Kissimmee Crime Scene Technicians conducted a

Black WD Easy Store Hard Drive S/N: WX31A792CUSF
Crime Scene Technicians also submitted the following belonging to [redacted]:
Silver Apple Laptop S/N: C17G2H3YQ6L4

I completed a search warrant on the items and transferred them to Detective G. Torres to be downloaded. All downloaded content was transferred to Detective M. Morris.

During the course of the investigation, the victim was discovered deceased in a rural area of St. Cloud, in Osceola County. At the time, Steven Sterns was the last person observed with the victim and was seen by a passerby, changing his tire, in close proximity of where victim`s body was discarded. I responded to St. Cloud along with Detective Morris and stood by as Osceola County Sheriff`s Office and the Medical Examiners Office conducted their investigation.

After Stephan was arrested, Stephan`s father, who resides in North Port Florida, contacted the North Port Police Department in reference to him wanting to hand over one of Stephan`s old computer towers he found while cleaning out Stephan`s old room. Stephan`s father was in fear that the computer tower may potentially have more videos and photos of unlawful sexual activity with minors on it. North Port Police Department submitted the Cyber Power PC Tower into their evidence, which was later transferred over to the Kissimmee Police Department. I completed a search warrant on the tower, which was signed and revealed no hard drive inside the tower.

This concludes my involvement in this case. This supplement will be forwarded to the State Attorney`s Office for further review.

On March 28, 2024, I, Detective Cabral #743, was contacted by Major Crimes Detective`s Morris and Detective Corporal Illgen in regard to a homicide case.

I was provided two vehicle license plates for vehicles that were suspected to be involved in the case on March 26, 2024 and March 27, 2024. IYLL82 on a silver Lincoln and [redacted] on a white Nissan both Florida plates. I ran both vehicles through our Vigilant License Plate Reader (LPR) Query and received several hits.

Utilizing the LPR hits as a point of reference, I began to generate a driving profile for the above listed vehicles. Later, when provided with video surveillance from the Venetian Bay Apartment complex, the starting and ending point of the vehicles travel, those dates and times were added into the profile. I also provided these profiles to Investigative Analyst Monica Winstead of the Orange County Sheriff`s Office, for use in timeline construction with Orange County`s own video resources.

The chronological profile for the silver Lincoln bearing Florida which I observed through a combination of apartment complex cameras, traffic cameras, and LPR cameras is as follows:

On March 26, 2024 at 0735 hours, a silver Lincoln MKZ with the tag IYLL82 is observed on the workshop camera of the complex. A male exits the vehicle and throws something into the complex dumpster, the male is wearing a red shirt and tan pants. At 0740 hours, the vehicle leaves through east gate of the complex. At 1014 hours, a silver Lincoln MKZ, enters the complex through the east gate of the complex, the driver appears similar to the male seen earlier at the dumpster.

At 1054 hours, the silver Lincoln MKZ with tag IYLL82 again parks by the workshop near the complex dumpster. The male exits the vehicle, now wearing a blue shirt, and again throws something into the complex dumpster.

At 1103 hours, a silver Lincoln MKZ is observed passing the intersection of San Sebastian and San Vital, within the complex. The vehicle then exits the complex through the main gate. At 1156 hours, a silver Lincoln MKZ enters through the rear gate of the complex with a male driver consistent with the driver on previous recordings.

At 1244 hours, the silver Lincoln MKZ again exits the rear gate of the complex, as I had a later LPR hit in the St. Cloud area, I tracked the vehicle through each intersection I had available traffic cameras. As these cameras are overhead views, I utilized marker vehicles (other vehicles following the same path) and the time frame of the vehicle passing each intersection to locate the vehicle at each new location. The approximate times, and locations of the corresponding intersection crossings are as follows:

1249:16: Dyer Boulevard / West Vine Street
1250:34: North Emory Avenue / West Vine Street
1253:49: North John Young Parkway / West Vine Street
1259:20: Fortune Road / East Irlo Bronson Memorial Highway
1300:35: Bill Beck Boulevard / East Irlo Bronson Memorial Highway
1306:53: LPR tag hit for IYLL82 at St. Cloud Commons located near Simmons Road / E Irlo Bronson Memorial Highway
1308:00 Sergeant Graham Drive / 13th Street
1308:35: Old Canoe Creek / 13th Street
1309:06: Neptune Road / 13th Street
1310:56: Budinger Avenue / 13th Street
1313:13: Vermont Avenue / 13th Street
1314:02: New York Avenue / 13th Street
1314:55: Michigan Avenue / 13th Street
1315:30: Delaware Avenue / 13th Street
1315:40: Mississippi Avenue / 13th Street

I could not locate the vehicle continuing to travel along this eastbound path at future intersections so I checked for surrounding cameras to where the vehicle was last observed.
I located a similar size, style and color vehicle pass Creative Inspirations (2030 Old Hickory Tree Dr, St. Cloud) camera facing Old Hickory Tree Drive, just south of 13th Street. The vehicle passed the location at 1316:58 which would correlate with the last intersection passed and the time frame. I did not have access to any cameras further along this path of travel.

Watching forward I located the vehicle return northbound on Old Hickory Tree Drive and turn west onto 13th Street in an apparent return path at 1411:30 hours. The vehicle now had a spare tire on the rear driver`s side.

1412:17: Mississippi Avenue / 13th Street
1412:30: Delaware Avenue / 13th Street
1412:44: Michigan Avenue / 13th Street
1413:56: New York Avenue / 13th Street
1416:20: Budinger Avenue / 13th Street
1418:15: Neptune Road / 13th Street

1418:52: Old Canoe Creek Road / 13th Street
1419:15: Sergeant Graham Drive / 13th Street
1423:36: LPR Academy Drive / East Irlo Bronson Memorial Highway
1426:06: Simpson Road / East Irlo Bronson Memorial Highway
1428:21: Bill Beck Boulevard / East Irlo Bronson Memorial Highway
1429:22: Fortune Road / East Irlo Bronson Memorial Highway
1437:56: John Young Parkway / West Vine Street
1438:39: Emory Avenue / West Vine Street
1443:09: Dyer Boulevard / West Vine Street

The vehicle is then observed returning through the rear gate of the Venetian Bay Apartment Complex at 1443:33 hours. At 1524 hours, the Lincoln MKZ returns to the workshop area where the same male again throws some items into the dumpster. He leaves then immediately returns at 1528 hours with more items to throw away. He returns again at 1636, hours to again throw items into the dumpster.

Similarly, I developed a vehicle movement profile for the white Nissan with the license plate [redacted] I also reviewed the apartment complex camera footage for travel times.

Based on an LPR hit on the Nissan on 02/27/24, also at St. Cloud Commons and another on Academy Drive, the same path the Lincoln took, I again followed the route of the vehicle using indicators on the trim package of the car, the travel times and marker vehicles. At 0316:15 hours, the white Nissan exits the complex utilizing the main gate. The vehicle follows the same path the Lincoln followed the previous day, with the exception of utilizing the front gate of the complex.

0318:05: Hoagland Boulevard / West Vine Street
0318:55: Dyer Boulevard / West Vine Street
0320:08: Emory Avenue / West Vine Street
0320:42: John Young Parkway / West Vine Street

On 2/27/2024, I, Lieutenant Erika Castellucci, was notified by Corporal Diehl that Orange County requested mutual aid from our agency to serve a search warrant on [redacted] in reference to a missing juvenile, [redacted]. The mutual aid was granted through another watch commander. I requested one of our detectives go to the scene as well in case they needed more assistance. Detective Smallwood responded.

On 2/28/2024, Orange County detectives found evidence of numerous sexual battery violations had occurred at the address listed above, which is Kissimmee Police Department`s jurisdiction and our agency began to investigate. I reviewed the arrest warrants for Stephan Sterns on 2/28/2024 and 2/29/2024. I also organized 24-hour coverage on the [redacted] until we could complete the search warrant to ensure the integrity of the scene.

On 2/29/2024, more evidence was discovered to show the homicide was committed in our jurisdiction and KPD adopted the case from Orange County. From this point forward, I reviewed all search warrants authored by Kissimmee Detectives. As the Lieutenant I oversaw the investigation and made assignments for tasks to be completed. I did not have any direct contact with any of the suspects or witnesses in this case.

On 3/1/2024, around 1730 hours, I was notified a body likely being [redacted] was located in the area of St. Cloud. I responded to the scene and was briefed by Detective Morris. Osceola County Forensics processed the scene. We waited for the Medical Examiner`s Investigator to arrive before entering the scene. I visually inspected the area and the body once it was moved. I left the scene after we visually confirmed her identification and the ME took possession of the body.

On 02/27/2024, I, Sgt. Naranjo was a Sergeant on duty for the Patrol Division for the Kissimmee Police Department.

On my tour of duty, I was made aware of a missing child case, which Orange County Sheriff`s Office was conducting an investigation on, and Kissimmee Police Department was assisting with. I was notified by Lt. Ortiz that there would be media presence at the location of the missing person`s residence. I was on scene and provided police presence at location until the media left the scene. This incident was documented via KPD Event 2402270449.

On 02/26/2024 at approximately 2000 hours, [redacted] (13 years old), was reported missing by her mother to the Orange County Sheriff's Office.

On the morning of 02/28/2024, the Orange County Sheriff's Office executed a search warrant on [redacted] ([redacted] and Stephan's residence). I stood by outside of the residence for a duration of the search warrant while Orange County Sheriff's Office Detectives executed the warrant. I have no knowledge of anything that was collected or obtained from the search warrant. I eventually cleared that location to assist Detective Acevedo in reference to an unrelated case.

Later that day, on 02/28/2024, I was advised by Detective Morris that they were heading to the east side of Saint Cloud Fl, to check areas Stephan was observed on video traveling the day of the disappearance. I then responded to Saint Cloud to assist with checking areas. I was told that Stephan was observed traveling east on 192 and then eventually making a right turn onto Old Hickory Tree Road where he continued southbound. At that time, I had no other information.

The following areas are where I looked in Saint Cloud for [redacted]: I began to drive southbound on Old Hickory Tree Road. I got out on foot in the wooded area of 2175 Old Hickory Tree Road (Cemex), and checked that area and was met with negative results. I continued to drive southbound slowly visually checking what wooded areas there were for any signs of disturbance or anything suspicious. I got out on foot and checked around 2361 Old Hickory Tree Road (Hickory Tree Community Park) and was met with negative results. I continued southbound until I reached Nolte Road. I then continued to drive westbound on Nolte Road visually checking the area for any signs of disturbance or anything suspicious. I drove to Nolte Road and Michigan Avenue and made a U-turn where I continued to drive eastbound on Nolte Road. I then observed a wooded area on the north west corner of Nolte Road and Clark Road. I got out on foot and checked the areas I could walk through and was met with negative results.

I made a phone call to Detective Cabral enquiring about LPR's at the intersection of Nolte Road and Hickory Tree Road, I was advised that he did not see any at that intersection. With that information, I continued my search by driving down Hickory Tree Road. I checked down Story Road, Albritton Road, Lake Gentry Road, Lakeview Acres Road, and Chaplain Road where I was met with negative results. I then continued to drive down Hickory Tree Road towards East Irlo Bronson Memorial Highway. I stopped and got out in a couple different areas during that route and was met with negative results. I then concluded my search and responded back to the Kissimmee Police Department. This concluded my involvement with this case.

This supplemental report will be sent to the State Attorney's Office for further review.

IN AND FOR OSCEOLA COUNTY, FLORIDA

APPLICATION and AFFIDAVIT for SEARCH WARRANT

THIS SEARCH WARRANT IS ISSUED PURSUANT TO FLORIDA STATUTE s. 92.605. A RESPONSE IS DUE WITHIN 20 BUSINESS DAYS OF RECEIPT OF THIS WARRANT UNLESS A LONGER TIME PERIOD IS STATED HEREIN.

Digitally appeared the applicant, **Detective Mark Morris,** a sworn law enforcement officer, to-wit: a lawfully sworn **Police Officer for the City of Kissimmee**, assigned to the **Criminal Investigations Division**, Kissimmee, Osceola County, Florida, before the **Honorable** J.Bigney, **Judge,** Ninth Judicial Circuit of Orange and Osceola County, who makes this written **Application and Affidavit for Search Warrant** and states under oath that the Applicant has probable cause to believe that certain **evidence**, to-wit:

A Fitbit account belonging to Stephan Sterns, sustinet@gmail.com, IMEI 35514949197763, phone number 407-256-1832. To include all content (subscriber information, SmartTrack activities and location history).

that is believed to be evidence of a **felony** criminal violation of the laws of the State of Florida, to-wit: **Florida Statute 782.04** prohibiting the **crime(s) of Murder** is currently being kept in or on certain property, which is accessible in **Osceola County**, **Florida**, which property is presently believed to be under the control of **Google LLC, the corporate parent of FitBit, Inc.**, and that the laws relating to said offenses are being violated within said property, which property is more specifically described as follows:

1600 Amphitheatre Parkway, Mountain View, CA 94043

The applicant, **Detective Mark Morris**, is a duly sworn law enforcement officer for the City of Kissimmee Police Department since **March, 2005**. Your Applicant is currently assigned to the Criminal Investigations Division with the responsibility of responding to and investigating crimes to include, but not limited to **Homicide, Sexual Battery, Child Abuse/Neglect, Robbery, Fraud, and Burglary**.

Your affiant, Detective Mark Morris is a duly sworn law enforcement officer for the City of Kissimmee Police Department since March 12, 2005. Your affiant is currently assigned to the Major Crimes Unit within the Criminal Investigation Division with the responsibility of investigating miscellaneous felony crimes, to include: Homicide, Robbery, Sexual Battery, Auto Theft Investigations, Narcotics Investigations, Vice Crime Investigations, Street Gang Investigations, Pawn Shop Investigations. Your affiant graduated the Osceola Criminal Justice Academy in 2005, which consisted of 720 hours of training. Your affiant has had training in Criminal Law, Surveillance Techniques, Search Warrants, Crisis Intervention, and Field Training Orientation training, Criminal Street Gangs and Advance Street Gang Investigations, Investigative Interviews, 40 hours of Motor Vehicle Identification, Instructor Techniques, Human Trafficking, Major Case Management, Homicide Investigations, Advanced Homicide Investigations and 80 hours of Hostage Negotiations.

The applicant has testified in county court. The applicant has assisted in the execution of search warrants during his tenure with the Kissimmee Police Department. The applicant has assisted in undercover operations. As

a result of the applicant's investigation, the following specific information and evidence are known which establishes your applicant's probable cause to support this application:

On February 27, 2024, the Kissimmee Police Department was asked to assist the Orange County Sheriff's Office with executing a search warrant at [redacted] in reference to a missing person's case they were actively working. [redacted] was reported missing by her mother, [redacted].

[redacted] advised Stephan Sterns, dropped [redacted] off at Hunters Creek Middle School, 13400 Town Loop Blvd, Orlando, FL on February 26, 2024. [redacted] then went to pick up [redacted] from school at dismissal and learned [redacted] never showed to school.

An interview was conducted with [redacted]'s step father, Stephan Sterns, who advised he dropped [redacted] off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. Hunters Creek Middle School begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82"driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated had accidently performed a factory reset on his phone on February 26, 2024, the same day [redacted] went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with [redacted]'s family and friends, it was unusual for [redacted] to be dropped off down the street from the school and not stay in communication with family and friends.

Throughout the course of the investigation, the victim was discovered deceased in a rural area of St. Cloud, in Osceola County. At the time, Steven Strens was the last person observed on video with the victim, A witness reported and positively identified Sterns in close proximity of where victim's body was discarded.

During the investigation it was discovered that Stephen Sterns had several files of child sexual abuse material involving [redacted] on his cellphone, and the images were stored and "backed-up" to his Google account sustinet@gmail.com. A search was lawfully executed on Stephen's Google account.

Upon reviewing the contents of Stephan's Google account, it was discovered he subscribed to FitBit premium. This application tracks health along with movements of a person who is wearing a device. While reviewing security footage of areas where Stephan is seen on camera, Stephen is wearing a device on his wrist that resembles a FitBit.

It is the request of this investigator to be granted a search warrant to access Stephan Stern's FitBit account activity, as it contains relevant evidence to the investigation of [redacted]'s Murder. For example, you affiant knows that FitBit Premium records information like health data, including a person's heart rate and whether they are engaging in phsycial activity, sleep activity, and movements. Such information would tend to show whether and when Stephan was moving, whether and when Stephan was sleeping, and whether and when Stephan was moving or engaging in phyical activity before, during, and after [redacted]'s death.

It is the request of this applicant to be granted a search warrant to access Stephan Stern's **Google LLC, the corporate parent of FitBit, Inc.** account and any possible private messages to see if any other co-conspirator to this crime can be identified.

The applicant, Detective Mark Morris, is a duly sworn law enforcement officer for the City of Kissimmee Police Department since **March 2005**. Your Applicant is currently assigned to the Criminal Investigations Division with the responsibility of responding to and investigating crimes to include, but not limited to robbery, battery, sexual battery, child abuse and homicide.

Your affiant, Detective Mark Morris is a duly sworn law enforcement officer for the City of Kissimmee Police Department since March 12, 2005. Your affiant is currently assigned to the Major Crimes Unit within the Criminal Investigation Division with the responsibility of investigating miscellaneous felony crimes, to include: Homicide, Robbery, Sexual Battery, Auto Theft Investigations, Narcotics Investigations, Vice Crime Investigations, Street Gang Investigations, Pawn Shop Investigations. Your affiant graduated the Osceola Criminal Justice Academy in 2005, which consisted of 720 hours of training. The applicant has testified in county court. The applicant has assisted in the execution of search warrants during his tenure with the Kissimmee Police Department. The applicant has assisted in undercover operations. As a result of the applicant's investigation, the following specific information and evidence are known which establishes your applicant's probable cause to support this application:

On February 27, 2024, the Kissimmee Police Department was asked to assist the Orange County Sheriff's Office with executing a search warrant at [redacted] in reference to a missing person's case they were actively working.

This address is where [redacted] (victim), her mother, and person of interest in victims disappearance, Stephan Sterns live. Orange County Detectives stated Stephan provided them with his cellphone and authorized them to download the contents. When Orange County Detectives download the contents they saw that Stephan factory reset his device, however his google drive re-synced with his phone and detectives discovered several hundreds of images and videos which depicted Stephan Sterns conducting unlawful sexual activity with an apparent child. At that point, detectives obtained a search warrant for Stephan's Google account and were able to obtain even more images and photos of said unlawful sexual activity. An arrest warrant was later obtained by the Kissimmee Police Department, for Stephan Sterns, charging him with Capital Sexual Battery and Possession of Child Pornography.

During the course of the investigation, the victim was discovered deceased in a rural area of St. Cloud, in Osceola County. At the time, Stephan Sterns was the last person observed with the victim and was seen by a passerby, changing his tire, in close proximity of where victim's body was discarded.

After Stephan was arrested, Stephan's father, who resides in North Port Florida, contacted the North Port Police Department in reference to him wanting to hand over one of Stephan's computer tower he found while cleaning out Stephan's old room. Stephan's father was in fear that the computer tower may potentially have more videos and photos of unlawful sexual activity with minors on it. North Port Police Department submitted the Cyber Power PC Tower into their evidence, which was later transferred over to the Kissimmee Police Department, pending a search warrant.

A lawful search warrant was conducted on the tower computer by Agent Georgie Torres. It was discovered the tower computer was missing the hard drive, even though Chris stated he observed Stephan using that computer on 02/24/2024, two days before [redacted]'s death.

On April 11, 2024, I was notified by Chris that he had located a hard drive which would be used in a tower computer, a black usb drive and a silver usb drive. The hard drive was located in a storage unit which Chris has control over, however is missing a key to the lock on the unit. Let it be known, Stephan was in the area of 1001 Executive Drive, Northport, Florida, in the early morning hours of 02/28/2024. This is the location of Chris's storage unit. The USB's were located in Stephan's bedroom that Chris was cleaning. The above items were collected by Northport Police Department and transferred to the Kissimmee Police Department on 04/12/2024.

Based on he affiant's experience, collectors of child pornography will store their images and videos, as if they were trophies, in perpetuity. Images and videos of child pornography with children other than the victim in this case were discovered on Stephan Sterns' cellular phone device and Google account.

A search warrant is requested for the above mentioned drives as they may contain information pertaining to the Capital Sexual Battery as well as possible information leading to up to a motive for the homicide. Based upon the discovery of images and videos depicting sexual battery and sexual performance of a child found on Sterns' cellphone, there is probable cause to believe similar material will be found within the laptop, computer tower and hard drive. Additionally, there is probable cause to believe that the devices will contain internet browser search history related to the murder in this case.

A search warrant is requested to collect evidence related to the Murder .

WHEREFORE, applicant makes this **Application and Affidavit for Search Warrant** and requests the issuance of a **Search Warrant** in due form of law authorizing a search of the above-described property, by officers of the law, for the evidence described above, and for the seizure and safekeeping of said evidence subject to any subsequent order of a Court having proper jurisdiction. In addition, officers are authorized to conduct an off-site search and analysis, or to delegate the search and analysis to an off-site computer forensic analyst, of the above listed cell phones by FDLE.

Apple Accounts associated with [redacted] and [redacted] and/or associated to emails [redacted]

Your Affiant seeks to seize the above described evidence pursuant to Florida Statute § 92.605 and § 934.23, as well as the United States Code 18 U.S.C. 2703, and California Statute § 1524.2, which compel out-of-state electronic communication service or remote computing service that provides such services to the public to provide information requested pursuant to search warrants, court orders or subpoenas issued in the State of Florida. Pursuant to 18 U.S.C. § 2703(g), the presence of a law enforcement officer is not required for the service or execution of this warrant. Apple Inc. shall disclose the contents of a wire or electronic communication and any record or other information pertaining to a customer or subscriber within such provider's possession, custody, or control, regardless of whether such communication, record, or other information is located within or outside of the United States.

You Affiaint further request an order that Apple Inc. will deliver these records in an electronic format by electronic mail (e-mail) to Detective Mark Morris at Mark.Morris@kissimmee.gov. If sending the records by e-mail is not possible, the records shall be reduced to a compact disk (CD) or DVD and sent by common carrier to: 8 North Stewart Avenue, Kissimmee, Florida 34741.

The applicant, **Detective Mark Morris**, is a duly sworn law enforcement officer for the City of Kissimmee Police Department since **March 2005**. Your Applicant is currently assigned to the Criminal Investigations Division with the responsibility of responding to and investigating crimes to include, but not limited to **Homicide, Sexual Battery, Child Abuse/Neglect, Robbery, and various Assault crimes.**

Your affiant, Detective Mark Morris is a duly sworn law enforcement officer for the City of Kissimmee Police Department since March 12, 2005. Your affiant is currently assigned to the Major Crimes Unit of the Criminal Investigation Division with the responsibility of investigating miscellaneous felony crimes, to include: Homicide, Robbery, Sexual Battery, Child Abuse and various Assault crimes. Your affiant graduated the Osceola Criminal Justice Academy in 2005, which consisted of 720 hours of training. Your affiant has had training in Criminal Law, Surveillance Techniques, Search Warrants, Crisis Intervention, and Field Training Orientation training, Criminal Street Gangs and Advance Street Gang Investigations, Investigative Interviews, 40 hours of Motor Vehicle Identification, Instructor Techniques, Human Trafficking, Major Case Management, Homicide Investigations, Advanced Homicide Investigations and 80 hours of Hostage Negotiations.

Apple provides a variety of services that can be accessed from Apple devices or, in some cases, other devices via web browsers or mobile and desktop applications ("apps"). As described in further detail below, the services include email, instant messaging, and file storage:

Apple provides email service to its users through email addresses at the domain names mac.com, me.com, and icloud.com. iCloud is a file hosting, storage, and sharing service provided by Apple. iCloud can be utilized through numerous iCloud-connected services, and can also be used to store iOS device backups and data associated with third-party apps.

iCloud-connected services allow users to create, store, access, share, and synchronize data on Apple devices or via icloud.com on any Internet-connected device. For example, iCloud Mail enables a user to access Apple-provided email accounts on multiple Apple devices and on icloud.com. iCloud Photo Library and My Photo Stream can be used to store and manage images and videos taken from Apple devices, and iCloud Photo Sharing allows the user to share those images and videos with other Apple subscribers. iCloud Drive can be used to store presentations, spreadsheets, and other documents. iCloud Tabs enables iCloud to be used to synchronize webpages opened in the Safari web browsers on all of the user's Apple devices. iWorks Apps, a suite of productivity apps (Pages, Numbers, and Keynote), enables iCloud to be used to create, store, and share documents, spreadsheets, and presentations. iCloud Keychain enables a user to keep website username and passwords, credit card information, and Wi-Fi network information synchronized across multiple Apple devices.

Apple services are accessed through the use of an "Apple ID," an account created during the setup of an Apple device or through the iTunes or iCloud services. A single Apple ID can be linked to multiple Apple services and devices, serving as a central authentication and syncing mechanism.
An Apple ID takes the form of the full email address submitted by the user to create the account; it can later be changed. Users can submit an Apple-provided email address (often ending in @icloud.com, @me.com, or @mac.com) or an email address associated with a third-party email provider (such as Gmail, Yahoo, or Hotmail). The Apple ID can be used to access most Apple services (including iCloud, iMessage, and FaceTime) only after the user accesses and responds to a "verification email" sent by Apple to that "primary" email address. Additional email addresses ("alternate," "rescue," and "notification" email addresses) can also be associated with an Apple ID by the user.

Apple captures information associated with the creation and use of an Apple ID. During the creation of an Apple ID, the user must provide basic personal information including the user's full name, physical address, and telephone numbers. The user may also provide means of payment for products offered by Apple. The subscriber information and password associated with an Apple ID can be changed by the user through the "My Apple ID" and "iForgot" pages on Apple's website. In addition, Apple captures the date on which the account was created, the length of service, records of log-in times and durations, the types of service utilized, the status of the account (including whether the account is inactive or closed), the methods used to connect to and utilize the account, the Internet Protocol address ("IP address") used to register and access the account, and other log files that reflect usage of the account.

Additional information is captured by Apple in connection with the use of an Apple ID to access certain services. For example, Apple maintains connection logs with IP addresses that reflect a user's sign-on activity for Apple services such as iTunes Store and App Store, iCloud, Game Center, and the My Apple ID and iForgot pages on Apple's website. Apple also maintains records reflecting a user's app purchases from App Store and iTunes Store, "call invitation logs" for FaceTime calls, and "mail logs" for activity over an Apple-provided email account. Records relating to the use of the Find My iPhone service, including connection logs and requests to remotely lock or erase a device, are also maintained by Apple.

Apple also maintains information about the devices associated with an Apple ID. When a user activates or upgrades an iOS device, Apple captures and retains the user's IP address and identifiers such as the Integrated Circuit Card ID number ("ICCID"), which is the serial number of the device's SIM card. Similarly, the telephone number of a user's iPhone is linked to an Apple ID when the user signs in to FaceTime or iMessage. Apple also

may maintain records of other device identifiers, including the Media Access Control address ("MAC address"), the unique device identifier ("UDID"), and the serial number. In addition, information about a user's computer is captured when iTunes is used on that computer to play content associated with an Apple ID, and information about a user's web browser may be captured when used to access services through icloud.com and apple.com. Apple also retains records related to communications between users and Apple customer service, including communications regarding a particular Apple device or service, and the repair history for a device.

Apple provides users with five gigabytes of free electronic space on iCloud, and users can purchase additional storage space. That storage space, located on servers controlled by Apple, may contain data associated with the use of iCloud-connected services, including: email (iCloud Mail); images and videos (iCloud Photo Library, My Photo Stream, and iCloud Photo Sharing); documents, spreadsheets, presentations, and other files (iWorks and iCloud Drive); and web browser settings and Wi-Fi network information (iCloud Tabs and iCloud Keychain). iCloud can also be used to store iOS device backups, which can contain a user's photos and videos, iMessages, Short Message Service ("SMS") and Multimedia Messaging Service ("MMS") messages, voicemail messages, call history, contacts, calendar events, reminders, notes, app data and settings, and other data. Records and data associated with third-party apps may also be stored on iCloud; for example, the iOS app for WhatsApp, an instant messaging service, can be configured to regularly back up a user's instant messages on iCloud.

In my training and experience, evidence of who was using an Apple ID and from where, and evidence related to criminal activity of the kind described above, may be found in the files and records described above. This evidence may establish the "who, what, why, when, where, and how" of the criminal conduct under investigation, thus enabling the United States to establish and prove each element or, alternatively, to exclude the innocent from further suspicion.

For example, the stored communications and files connected to an Apple ID may provide direct evidence of the offenses under investigation. Based on my training and experience, instant messages, emails, voicemails, photos, videos, and documents are often created and used in furtherance of criminal activity, including to communicate and facilitate the offenses under investigation.

Therefore, the computers of Apple are likely to contain all the material just described, including stored electronic content and information concerning subscribers and their use of Apple, such as account access information, transaction information, goods and services purchased, and other account information. These records and related data are necessary to determine user attribution and to identify potential victims, witnesses, associates, and accomplices.As a result of the applicant's investigation, the following specific information and evidence are known which establishes your applicant's probable cause to support this application:

On February 27, 2024, the Kissimmee Police Department was asked to assist the Orange County Sheriff's Office with executing a search warrant at [redacted] in reference to a missing person's case they were actively working. The missing person is [redacted]

This address is where the [redacted], her mother [redacted] and person of interest in victim's disaperance, Stephan Sterns, live. Orange County Detectives stated Stephan provided them with his cellphone and authorized them to download the contents. When Orange County Detectives download the contents they saw that Stephan performed a factory reset of his device, however his google drive re-synced with his phone and detectives discovered several hundreds of images and videos which depicted Stephan Sterns conducting unlawful sexual

activity with [redacted]. At that point, detectives obtained a search warrant for Stephan's Google account and were able to obtain even more images and photos of said unlawful sexual activity. An arrest warrant was later obtained by the Kissimmee Police Department, for Stephan Sterns, charging him with Sexual Battery, Capital Sexual Battery and Possession of Child Pornography.

[redacted], and Stephan all lived at [redacted] during the time that the above mentioned offenses occurred. A search of Stephan Sterns' phone also disclosed communications between Stephan and [redacted]. The communications between [redacted] and Stephan Sterns shows routine communication by cellular phone device even when they were both inside the apartment. There is also a likelihood that there is communication between [redacted] and [redacted] regarding the relationship between [redacted] and Stephan.

Stephan was determined to be the last person in contact with [redacted] and is considered a suspect in her disappearance. However, during the investigation, it was determined that [redacted]'s vehicle, a 2022 Nissan Sedan, had been used after [redacted]'s disappearance. The Nissan drove the exact same path of travel that Stephan had driven in his vehicle, the Lincoln MKZ, immediately after [redacted]'s dissaperance. This is known through red light cameras, license plate readers, and surveillance videos. [redacted]'s and Stephan's phones were left behind at their apartment. We cannot prove who was driving [redacted]'s vehicle during this time frame (prior to Stephan's arrest). Still images recovered from the license plate readers, traffic cameras, and/or surveillance cameras showed [redacted] in an unnatural position, slumped over the center console of the Lincoln MKZ. Although each picture was at a different time, [redacted] was in the same unnatural position and hadn't moved from being slumped over the center console. Some of these pictures were after Stephan advised detectives he dropped [redacted] off at school in the Lincoln MKZ.

During the investigation, surveillance video was obtained from 9295 South John Young Parkway. The video showed on February 26th, 2024 at 0941 hours, Stephan removing [redacted] from the front seat of the Lincoln MKZ and placing her in the trunk of the vehicle. [redacted]'s body appeared lifeless due to her arms moving in an uncontrolled manner.

A cadaver dog alerted to both the Lincoln MKZ and [redacted]'s Nissan Sedan.

Throughout the course of the investigation, the victim was discovered deceased in a rural area of St. Cloud, in Osceola County. At the time, Stephan Sterns was the last person observed on video with the victim, A witness reported and positively identified Sterns in close proximity of where victim's body was discarded.

During the course of the investigation, [redacted] has been interviewed by detectives and the media. [redacted] has made numerous contradictory statements to detectives and media outlets. During initial interviews with patrol officers and detectives, she stated that Stephan took [redacted] to school. During other statements, she said "we" took [redacted] to school. [redacted]'s whereabouts are also inconsistent. She stated initially that she did not take [redacted] to school because of a new job and then later stated she had a doctor's appointment. [redacted] told detectives that she communicated with Stephan via cell phone after [redacted] went missing. [redacted] stated she would communicate with Stephan using Google Meet. Text messages in [redacted]'s cellular phone reveal she would ask Stephan to use a Google Application to communicate, instead of normal text messages. A search warrant was lawfully obtained to search the contents of [redacted]'s cellular phone; however, some items that would have been backed up on [redacted]'s iCloud account may not have appeared on her cellular phone. [redacted] also

had control over [redacted]'s iCloud account which gave her the ablity to approve or deny any applications she applied for.

Due to the material inconsistencies provided by [redacted] about the disappearance of [redacted], there is likely evidence of communications between Stephan Sterns and [redacted] regarding the disappearance of [redacted] within [redacted]'s iCloud account. Also, data potentially contained in [redacted] and [redacted]'s iCloud accounts may show if devices belonging to [redacted] or [redacted] were within [redacted]'s Nissan on February 26, 2024.

Therefore, there is probable cause to believe that there is evidence regarding the capital sexual batteries, sexual batteries by person in custodial/familial authority, possession of child pornography and homicide committed against [redacted] contained in this the following accounts: [redacted] including but not limited to: communications, photographs, videos, location data, call logs, third party applications used to communicate.

It is the request of this applicant to be granted a search warrant to access Apple Accounts associated with [redacted] and [redacted] and/or associated to emails je[redacted] **Apple Inc.** account and any possible private messages containing explicit pictures or descriptions of sexual acrtivity between Stephan and the victim or explicit pictures or videos within the iCloud account.

WHEREFORE, applicant makes this **Application and Affidavit for Search Warrant** and requests the issuance of a **Search Warrant** in due form of law authorizing a search of the above-described property, by officers of the law, for the evidence described above, and for the seizure and safekeeping of said evidence subject to any subsequent order of a Court having proper jurisdiction.

On February 26, 2024 at approximately 2000 hours, a 13-year old victim was reported missing by her mother. According to Orange County Deputy Sheriff Kyle Cole, Badge # 8656, (hereinafter DS Cole), DS Cole has found the following during the missing person investigation and reported such information to your Affiant. DS Cole has been a sworn law enforcement officer for the Orange County Sheriff's Office since August 10, 2017. DS Cole has been trained in a variety of law enforcement techniques such as use of force, vehicle operations, firearms training, advanced interviewing, and investigations. I have come to investigate numerous sexual related crimes involving children and adults. DS Cole has authored several arrest and search warrants throughout my tenure. DS Cole is currently assigned as a Detective to the Criminal Investigations Division Sex Crimes Unit

The mother advised her daughter's step-father, Stephan Sterns, picked her up from home and dropped her off at Hunters Creek Middle School, 13400 Town Loop Blvd, Orlando, FL on February 26, 2024. The mother then went to pick up the victim from school at dismissal and learned the victim did not attend classes.

An interview was conducted with the victim's step father, Stephan Sterns, who advised he transported the victim from her residence and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. Hunters Creek Middle School begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82"driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated he had accidently performed a factory reset on his phone on February 26, 2024, the same day the victim went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with the victim's family and friends, it was learned it was unusual for the victim to be dropped off down the street from the school and not stay in communication with family and friends.

Upon review of the contents of Stephan's phone, several images and videos were located which depicted the missing juvenile with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting the missing juvenile's vagina and mouth being penetrated by a penis. As such, the files depict the sexual performance of a child. DS Cole has probable cause to believe Stephan was in possession of material depicting the sexual performance of a child. DS Cole has reported the same to your Affaint.

According to DS Cole, the penis observed penetrating the victim had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as DS Cole was reviewing the pictures and videos, DS Cole observed several different pieces of clothing to include patterned underwear, shirts, blankets, and sheets. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [redacted]. This address is also where the victim and her mother live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing worn by both Stephan and the victim in Stephan's room and the victim's room. Based on the totality of the circumstances, your affiant has probable cause to believe Stephan committed a sexual battery (familial/custodial authority) on the victim. It should also be noted there were pictures and videos collected on several different dates over the course of approximately two years.

Due to Stephan being the last person seen with the victim and it is known there was ongoing sexual abuse between the two, your affiant is requesting a search warrant for the above described items.

IN THE CIRCUIT COURT OF THE 12TH JUDICIAL CIRCUIT IN AND FOR SARASOTA COUNTY, FLORIDA

AGENCY: North Port Police Department
CASE NO: 24.015034

REQUEST TO SEAL

COMES NOW Detective Cigich, ID# 427, of the North Port Police Department requests this Court for an Order Sealing the Search Warrants, Search Warrant Affidavits, Search Warrant Inventories, Request to Seal and Amended Request to Seal in this cause and as grounds alleges as follows:

1. The stated agency along with the Kissimmee Police Department was investigating a missing endangered juvenile persons case at the time a premise search warrant was obtained.
2. The stated agency along with the Kissimmee Police Department was investigating a missing and endangered persons case at the time the search warrant was obtained. Since the search warrant was obtained the Kissimmee Police Department has initiated a criminal investigation of murder, in violation of F.S.S. 782.04(2).
3. Section 119.071(2)(c) 1, Florida Statutes, exempts from public inspection "active criminal intelligence information," and "active criminal investigative information." In this case the disclosure of the search warrants, search warrant affidavits, search warrant inventories and Request to Seal would potentially compromise both a Federal and State investigation which is ongoing. The investigation is continuing in good faith.
4. "Criminal intelligence information" means information with respect to an identifiable person or group of persons collected by a criminal justice agency in an effort to anticipate, prevent, or monitor possible criminal activity, and that "criminal investigative information" means information with respect to an identifiable person or group of persons compiled by a criminal justice agency in the course of conducting a criminal investigation of a specific act or omission, including, but not limited to, information derived from laboratory tests, reports of investigators or informants, or any type of surveillance.
5. In the instant case, sealing the Search Warrants, Search Warrant Affidavits, Search Warrant Inventories, and Motion to Seal will protect the integrity of an ongoing

criminal investigation and help to allow for additional investigative efforts to proceed without being thwarted or prematurely revealed.

6. Florida Rule of Judicial Administration 2.420 (c) (8) provides that records of the Judicial Branch that shall be confidential include "[a]ll records presently deemed to be confidential by . . . Florida Statutes . . . ." The Search Warrants, Search Warrant Affidavits, Search Warrant Inventories, and Motion to Seal in this case absent an order sealing the document, is part of the public domain and subject to the right of access by the public. All of the above is both "active criminal intelligence information," and "active criminal investigative information," and pursuant to Section 119.071(2)(c)1, Florida Statutes this officer request this Court to Seal the Search Warrants, Search Warrant Affidavits, Search Warrant Inventories, Request to Seal and Amended Request to Seal.

7. As of February 29th, 2024 the North Port Police Department is still actively investigating the subject matter of the items listed above.

IN THE CIRCUIT COURT OF THE 12TH JUDICIAL CIRCUIT IN AND FOR SARASOTA COUNTY, FLORIDA

AGENCY: North Port Police Department
CASE NO: 24-015034

ORDER TO SEAL

THE COURT HAS BEEN ADVISED OF THE FOLLOWING:

There is currently an ongoing active criminal investigation for which the hereafter noted Search Warrants were sought. That the instant investigation is continuing in good faith and there is a current need to maintain investigative confidentiality to protect the integrity and viability of the investigation for search warrants as outlined above in the Request to Seal.

BEING DULY ADVISED IN THE PREMISES, THIS COURT HEREBY FINDS:

"Criminal intelligence information" means information with respect to an identifiable person or group of persons collected by a criminal justice agency in an effort to anticipate, prevent, or monitor possible criminal activity, and that "criminal investigative information" means information with respect to an identifiable person or group of persons compiled by a criminal justice agency in the course of conducting a criminal investigation of a specific act or omission, including, but not limited to, information derived from laboratory tests, reports of investigators or informants, or any type of surveillance.

In the instant case, the sealing of the Search Warrants, Affidavits for Search Warrants, Inventories, Request to Seal and Amended Request to Seal will protect the integrity of an ongoing criminal investigation and help to allow for additional investigative efforts to proceed without being thwarted or prematurely revealed.

Section 119.071(2) (c) 1, Florida Statutes, exempts from public inspection "active criminal intelligence information," and "active criminal investigative information." Search Warrants relating to such active criminal investigations are therefore exempt provided the investigation is continuing in good faith.

Florida Rule of Judicial Administration 2.420 (c) (8) provides that records of the Judicial Branch that shall be confidential include "[a]ll records presently deemed to be confidential by . . . Florida Statutes . . . ." Once a search warrant is executed, absent an order sealing the

documents, the search warrants and the probable cause affidavits for the search warrants, inventories, Request to Seal and Amended Request to Seal are part of the public domain and subject to the right of access by the public once filed.

THIS CAUSE came before the Court based upon the oral and or written request by Detective Cigich, ID#: 427 for an order sealing the Search Warrants, Affidavits for Search Warrants, Inventories, Request to Seal and Amended Request to Seal to protect the ongoing criminal investigation, and the Court having found good cause exists for sealing the Search Warrants, Affidavits for Search Warrants, Inventories, Request to Seal and Amended Request to Seal, it is:

ORDERED AND ADJUDGED that the North Port Police Department seal the Search Warrants, Affidavits for Search Warrants, Inventories, Request to Seal and Amended Request to Seal in this matter, and that the Clerk of the Circuit Court and any other entity or agency shall receive the Search Warrants, Affidavits for Search Warrants, Inventories, Request to Seal and Amended Request to Seal in this matter SEALED, and that it shall remain SEALED for a period of sixty (60) days from the date of this order unless it is unsealed by further order of this Court or of a Court of competent jurisdiction.

BEFORE ME, a Judge of the Circuit Court, personally or by sworn attestment appeared Detective Jason Cigich #427 a duly sworn law enforcement officer of the North Port Police Department, State of Florida, who after being first properly sworn, deposes and says that he has probable cause to believe and does believe that the laws of the State of Florida have been violated, to-wit:

The laws prohibiting Sexual Battery, Familial or Custodial, controlled by Florida State Statute 794.011(8)(b), have been violated by Stephan Michael Sterns DOB 04/25/1986.

That the officer has reason to believe and does believe that evidence connected with the crime is currently located at Life Storage, 1001 Executive Avenue, Unit B124, North Port, Florida 34289.

The description and location of the premises to be searched is as follows:
Life Storage, 1001 Executive Avenue, Unit B124, North Port, Florida 34289, is a single story commercial self-storage business. The business is yellow in color with white trim and contains approximately 667 individual units. Unit B124 is an exterior unit, with a green roll down door and a silver circular lock. The unit numbers are affixed above the door and in the middle of the trim.

Directions to the business from the North Port Police Department (4980 City Hall Blvd., North Port, Florida 34286) are as follows. Start out going west on City Hall Blvd toward N Sumter Blvd (344 feet.) Then turn right onto N Sumter Blvd (1.7 miles.) Take the ramp on the right for I-75 S and head towards Naples (2.6 miles.) GROUNDS FOR ISSUANCE:
The following grounds for issuance of a Search Warrant, as required by Florida Statutes exist, to-wit: the evidence sought is relevant to proving the aforesaid offense has been committed. See Florida Statute 933.02.

24015034

PROBABLE CAUSE FOR ISSUANCE:
Your Affiant has probable cause to believe that the above-named crime has been committed and that evidence may be discovered for the following reasons:

1. Your Affiant is a Detective with the North Port Police Department and is currently assigned to the Criminal Investigations Division. Your Affiant has been a police officer for approximately 4 years and has been assigned to the Criminal Investigations Division for 1 year. Your Affiant is charged with the responsibility of investigating crimes such as homicide and all other crimes against persons or property.

2. Your Co-Affiant is a Detective with the Kissimmee Police Department and currently assigned to the Criminal Investigations Division. Your Co-Affiant has been a police officer for approximately 18 years and has been assigned to the Criminal Investigations Division for 12 years. Your Co-Affiant is charged with the responsibility of investigating crimes such as homicide and all other crimes against persons or property.

3. On February 26, 2024 at approximately 2000 hours, A 13-year old victim, later identified as [redacted], was reported missing by her mother, [redacted]

4. [redacted] advised [redacted]'s step-father, Stephan Sterns, picked [redacted] up from home and dropped her off at Hunters Creek Middle School, 13400 Town Loop Blvd, Orlando, FL on February 26, 2024. [redacted] then went to pick up [redacted] from school at dismissal and learned [redacted] never showed up to school.

5. An interview was conducted with [redacted]'s step-father, Stephan Sterns, who advised he picked [redacted] up and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. Hunters Creek Middle School begins class at 0930 hours. A License Plate Reader captured Stephan driving a four-door silver Lincoln with Florida tag "IYLL82" which is registered to Stephan's father, Christopher Sterns, driving away from the school at approximately 0810 hours. It should be noted that Christopher Sterns resides at 2341 Snug Street, North Port.

6. During the interview with Stephan, he provided consent to search his phone; however he stated had accidently performed two factory resets on his phone on February 26, 2024, the same day [redacted] went missing. Stephan provided his phone number to be 407-256-1832.

7. After an extensive canvass of the area and interviews with [redacted]'s family and friends, it was unusual for [redacted] to be dropped off down the street from the school and not stay in communication with family and friends.

8. Upon reviewing the contents of Stephan's phone, several images and videos were located which depicted [redacted]'s breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting [redacted]'s vagina and mouth being penetrated by a penis. As such, the files depict the sexual performance of a child. The images were taken in a way to elicit a sexual response from the viewer. Your Co-Affiant has probable cause to believe Stephan was in possession of material depicting the sexual performance of a child.

9. It should be noted, the penis observed penetrating [redacted] had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as your Co-Affiant was reviewing the pictures and videos, several distinctive pieces of clothing to include patterned underwear, shirts, blankets, and sheets were observed.

10. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [redacted], Kissimmee, Florida 34741. This address is also where [redacted] and [redacted] live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing both in Stephan's room and [redacted]'s room. An arrest warrant was obtained for Stephan in reference to the above mentioned findings.

11. During the course of the investigation, Christopher's aforementioned vehicle along with [redacted]'s vehicle,a white Nissan four-door bearing Florida Tag# [redacted], were captured on License Plate Readers throughout various counties of Florida, including Sarasota County, between the time [redacted] went missing on 02/26/2024 and 02/28/2024.

12. On 02/28/2024 at approximately 0629 hours, [redacted]'s vehicle, was captured on a License Plate Reader at the intersection of North Cranberry Blvd and Toledo Blade Blvd, which is in North Port Florida. This location is approximately 1 mile from Stephan's parents residence, 2341 Snug Street, North port, who he has been residing with since December 2023. [redacted]'s vehicle is then captured on the same tag reader again at 0746 hours. At approximately 1021 hours, [redacted]'s vehicle then hits on a License Plate Reader at the intersection of Rolling Oaks Boulevard and 192 in Kissimmee. At approximately 1057 hours, information is obtained that Stephan then arrives, in [redacted]'s vehicle, to the hotel room in which they were staying while the search warrant was being conducted on their residence.

13. At the time of the License Plate Reader hits on 02/28/2024, Christoper Stern, was assisting with the search for [redacted]n Orange County Florida along with [redacted] and other family members. When presented with the License Plate Reader findings, Christopher indicated he did not know why Stephan would have drove to North Port on 02/28/2024 when he should have been in Kissimmee

searching for [redacted]. Christoper advised his wife, Deborah Stems, had been home with the dogs during the timeframe [redacted] went missing and stated Stephan had not shown up at the residence in North Port on 02/28/2024.

14. During the conversation with Christoper, it was discovered that Christoper has a storage unit a few minutes away from his residence located at 1001 Executive Avenue, unit B124. Christopher mentioned he had the key to the storage unit in his possession, in which he showed and was the only one who has had access to the storage unit. Christopher said that he did not allow access to the storage unit to Stephan.

15. With this infromation, contact was made with the North Port Police Department to make contact at the storage facility to see if Stephan had possibly went to Christoper's storage unit. Information was received from the facility manager that records showed Christoper's access code to the storage facility was manually entered into the keypad for entry, on 08/28/2024 at approximately 0908 hours. The same access code was used again to exit the facility at approximately 0916 hours. Christoper confirmed with Deborah that she had not been to the storage facility on 02/28/2024 at the referenced times.

16. Once the information was received in reference to the License Plate Reader hits, [redacted]'s vehicle, FL Tag# [redacted] a white four-door Nissan was located at the hotel and towed to the Orange County Sheriff's Department. While at the Orange County Sheriff's Department, a cadaver dog was walked around the vehicle and gave a positive indication on [redacted]'s vehicle indicating there was a presence of chemicals which are present during the decomposition phase of a human body. Based on this information, it is believed that [redacted] could be the victim of a homicde. A search warrant for [redacted]'s vehicle was authored and executed and [redacted] was not located inside the vehicle.

17. While on scene at the storage facility, the North Port Police Department made contact with Sarasota County Search and Rescue, who conducted a search of the area with cadaver dogs. While the cadaver dogs were searching the area, the dogs were observed to have a change in behavior in front of storage unit B124.

18. Based on the aforementioned, your Co-Affiant Detective Mark Morris has probable cause to believe evidence connected with the crimes mentioned above will be found within the above described premises.

WHEREFORE, your Affiant and Co-Affiant respectfully request that a Search Warrant be issued commanding all and singular the Sheriffs and their Deputies, the Director of the Florida Highway Patrol and his Troopers, the Director of the Florida Fish and Wildlife Conservation Commission and his Officers, the Commissioner of the Florida Department of Law Enforcement and his designees, Constables, Municipal Police Officers and State Attorney's Investigators, all acting within their jurisdiction, either in the day time or night time, as the exigencies of the occasion may demand or require, or on Sunday, or holidays

NARRATIVE

On2/28/24 I was requested to respond to 1001 Executive Ave. in reference to an agency assist with trying to locate a missing juvenile from the area of Kissimmee Florida. Upon my arrival I was briefed on the situation which turned out to be a possible homicide victim and she is possibly in storage unit "B124". Kissimmee detectives explained that the missing juvenile, [redacted] was supposed to be dropped off at her school by her mother's boyfriend Stephan Sterns. I was informed that [redacted] never made it to school and after several days of searching for her up in the Kissimmee area, she has not been located and Stephan Sterns was arrested for sexual battery and child pornography for what was found on his cellphone. Further investigation revealed Stephan may have come to North Port where is parents live and entered into his father's storage facility on 2/28/24.

It was believed that Stephan may have been in his father's storage unit and the Kissimmee detectives explained to us that someone used the father's code to get in and the father saying that he lost a key to the unit months ago and he cannot find it. Stephan is believed to have been at the storage unit for less than 10 minutes before he heads back to I-75. At the time I arrived, Kissimmee detectives believed that [redacted] may be deceased, and her body might be located in the storage unit.

I assisted in searching empty storage units on the property with SGT. Strejcek and Commander Myers; nothing was found. I then assisted with reviewing Det. Cigich's search warrant for storage number "B124." The search warrant was signed, and the storage container was searched with negative results in locating [redacted]. Once this was accomplished, the scene was released and I cleared the area, nothing further.

NARRATIVE

On Wednesday, February 28, 2024, at approximately 2146-hours, Detective Robles and I arrived on scene at 2341 Snug Street in support of this investigation.

On our arrival we observed a female, later identified as Debra Sterns, outside her residence and calling out for a "[redacted]". Two vehicles were present at the residence, a tan in color Lincoln bearing Florida tag 17DAYD which was unoccupied and forward facing in the driveway. This vehicle is registered to the homeowner, Christopher Sterns. The second vehicle was parked in the swale in front of the residence, this vehicle was facing east and was also unoccupied and is described as a dark grey/brown colored Honda bearing Florida tag IN49TI. This vehicle is registered to Stephan Sterns. Both vehicles were visually inspected and nothing overtly suspicious was observed.

Contact was eventually made with Debra who was very emotional during our initial interaction. Initially Debra only appeared to be upset by a 'torso' she found in her son Stephan's room. Debra would elaborate on this torso and described it as a sex doll. This was later determined to be a rubber/plastic sex toy found by Debra when she was cleaning the room where Stephan had been staying. Debra advised that Stephan was not here, but she believed he had returned to the property last night.

It was later divulged by Debra that she was awoken at exactly 0319-hours this morning to her 5-dogs barking in a manner to alert her that someone was at the house. Debra's husband, Christopher Sterns, was not home last night as he had ventured to Orange County at approximately 2300-hours to assist their son, Stephan Sterns, with a recent housing crisis. Debra believed that if Stephan returned to their residence, that he either returned to collect his firearms, or for cash that was kept within the home by her and Christopher. Debra advised that she retrieved and secured two handguns and a rifle from Stephan's room and secured them inside her bedroom last evening.

Debra permitted us entry into her residence to conduct a security sweep of the home. Nothing of evidentiary value was observed and the room where Stephan resided was photographed to accurately depict its appearance. The 28-digital images were later uploaded to evidence.com.

Debra would later disclose that she and Christopher are aware of the allegations against their son,

Stephan, and that Christopher is currently being interviewed by the agency investigating the allegations. Debra expressed her disgust at the crimes her son is alleged to have committed and is hoping that [redacted]s found alive. Debra opined that these allegations worried her to the point that when she found the 'sex torso' she initially believed it to be real. This then led her to exit her residence and call out for [redacted]. This is what Det Robles, and I heard at our arrival as Debra ultimately believed that Stephan had returned at 0319-hours and potentially abandoned [redacted] in the wooded area surrounding their residence. I walked the exterior of the home and the accessible adjoining lots and did not locate anything of evidentiary value.

After clearing this location, I responded to the storage facility where I was then asked to check a model home at 1309 E.Price Blvd., as this is a property that Stephan may have frequented due to Christopher's relationship with the builder – Brite Homes. This residence was secure and nothing of evidentiary value was located. I then escorted a K-9 rescue team over to the Snug Street address. Refer to Det Witkosky's supplement for details on the area canvass on Snug Street that we conducted together. Furthermore, the same supplement will accurately reflect my involvement on the area canvass of Commerce Parkway.

I would then return to the storage facility location where I would remain until the search warrant was executed on the storage unit in question. At no point did I enter the unit, or handle any of the contents.

This concludes my involvement in this matter.

NARRATIVE

On February 28, 2024, while on marked uniform duty, I received a phone call from the North Port Police Department Dispatch center asking me to contact a Cpl. Evan Avila from the Orange County Sheriff's Office.

I made phone contact with Cpl. Avila who relayed information regarding a case they were currently involved in with the Kissimmee Police Department. He relayed that they had a missing juvenile by the Name of [redacted]. He stated they had reason to believe something more nefarious happened to [redacted] They were requesting we check a storage unit complex at 1001 Executive Ave. A cursory search of the property reveled nothing and at that point the property was secured pending further investigation.

After some explanation, I tracked down a manager for the property, Tamiko Ellen, and requested she respond to the scene. Once on scene Ellen advised the unit that we were looking for was B124.

Due to the information obtained by Cpl. Avila, I requested the Criminal Investigation Division respond to take over the scene. Once detectives were on scene. I remained as the scene supervisor providing scene security until the scene was released. This ended my involvement.

CRIME SCENE INVESTIGATION, PREMISE SEARCH WARRANT, AGENCY ASSIST:

On Thursday, February 29, 2024, at approximately 0339 hours, I was contacted on my department issued cellular phone by Telecommunications to contact Detective Sergeant Fisher. Detective Sergeant Fisher advised that the Crime Scene Unit was requested to respond to 1001 Executive Avenue, Unit B-124, in reference to a premise search warrant for an agency assist. I immediately contacted Crime Scene Technician Walker.

Upon our arrival at approximately 0443 hours, we met with Captain Harvey, Commander Myers, Detective Sergeants Fisher and Strejcek, and Detectives Cigich, Z. Robles, Chippendale, Witkosky, and Fegan. Detective Sergeant Fisher advised that the North Port Police Department was requested to assist the Kissimmee Police Department and the Orange County Sheriff's Office with a missing person case they are investigating.

Detective Sergeant Fisher advised that a premise search warrant was signed by Judge Krug and he requested that the exterior door of the storage unit be processed prior to the storage unit being opened.

The evidence sought in the search warrant includes: The victim and/or clothing that she was wearing, photographs of the scene or any other evidence, implements or devices relating to the subject matter of this warrant that could be used in violation of the laws of the State of Florida.

NARRATIVE

On Wednesday, February 28, 2024, at approximately 1936 hours, Sergeant Alexander FISHER of the North Port Police Department NPPD) called me and explained that investigators from the Orange County Sheriff's Office (OCSO) were requesting assistance with a missing person's investigation because a vehicle connected to their suspect entered the City of North Port that morning at approximately 0629 hours, as verified on license plate reader and video camera. In addition, Sergeant FISHER advised that subject vehicle left the city at approximately 0746 hours and investigators provided information that the suspect's father, Christopher STERNS was paying for a rental storage facility at Life Storage, 1001 Executive Avenue, North Port, FL. The discussion and request were for NPPD to possibly check the storage facility for the missing person. In the meantime, I was in contact with our Investigations Bureau Commander, Captain Paul HARVEY who was also monitoring the situation and providing updates to Department Command Staff. After a series of discussions, we both decided to respond to the scene.

I self-dispatched at 2122 hours, arriving at approximately 2131 hours, meeting with Sergeant FISHER and Officer HARDT and learned that we were waiting for the storage area manager Tamico ALLEN to arrive so we could potentially review video and identify which storage unit STERNS was renting. At 2256 hours. Ms. ALLEN printed a Unit Activity summary for storage unit B124, which was accessed February 28,2024, at 0908 hours and then exited at 0916 hours (depending on the gate, the renter would have to enter their gate access code to get in and out). Sergeant FISHER also attempted to review their video surveillance system, but also learned that it been non-working for about one week, which even though Sergeant FISHER remedied, did not reveal any video evidence of who accessed the storage unit.

Detective Jason CIGICH was requested to respond to North Port PD and start a search warrant affidavit for the storage unit, noting that investigators from other agencies would provide additional probable cause and act as co-affiants. In addition, Detectives Zahin ROBLES and Jared FEGAN, along with members of the Department's Special Enforcement Team were sent to the STERNS residence on Snug Street to speak with Debra Ann STERNS. Refer to these officers' supplemental reports for additional details.

At 2255 hours, cadaver dogs were summoned to the scene, and at 2349 hours, members of a local

search and rescue organization arrived at the scene, deployed more than one dog, and walked the area between two rows of storage units that included B124. The handlers noted some of the dogs had a noticeable "change in behavior" near B124, there was no positive alert or indication on that storage unit. We then asked them to check the STERNS' residence, which they did.

On February 29, 2024, at approximately 0158 hours, OCSO Detective ***** arrived on scene. Then, at approximately 0224 hours, Kissimmee Police Department (KPD) Detective Mark MORRIS also arrived but was eventually redirected to the main police department to collaborate with Detective CIGICH. Finally, at approximately 0344 hours, Detective CIGICH advised that the search warrant had been signed by the Honorable Judge KRUG. Crime Scene Technicians Elizabeth WALKER and Kacee HOWE arrived at approximately 0443 hours, and began processing storage unit B124, which eventually required North Port Fire and Rescue to open by cutting the lock. Once the lock was removed, and the unit was opened, the missing person in question was not located inside, nor were there any signs of struggle or obvious signs of criminal activity. We ultimately secured the storage unit with a new padlock from an adjoining vacant unit. Sergeant FISHER kept the keys for safekeeping until the business re-opened.

On February 29, 2024, at 1723 hours, Sergeant FISHER returned to Life Storage and confirmed the gate access times were accurate, so we do not know accessed the storage facility with Chris STERNS' access code the morning of February 28th.

NARRATIVE

On 02/28/2024, at approximately 8:28 PM, I received a phone call from SGT A. Fisher 310 who advised me that he was on scene at Life Storage, located at 1001 Executive Ave, North Port, Sarasota County, FL, in reference to an investigation being conducted by the Kissimmee Police Department and Orange County Sheriff's Office surrounding missing juvenile [redacted]. I was advised that the prime person of interest connected to her disappearance, Stephan Sterns, had been in the North Port area and had family that resided in North Port. I was further advised that Stephans' father, Christopher Sterns, was renting a storage unit at Life Storage, and NPPD was requested to assist the joint investigation being conducted in the Orlando area.

After being briefed by SGT Fisher, I responded to Life Storage. SGT Fisher had been in constant contact with the investigators from Orange County and relayed that the vehicle Stephan had been driving had been observed in the North Port area in the early morning hours of 02/28/2024 and it was believed that he had possibly gone to Life Storage where Christopher had a storage unit.

Attempts to speak with a Life Storage business contact were made; however, no phone contact was made. SGT Fisher had Charlotte County Sheriff deputies respond to the manager's home and SGT Fisher requested that she respond to Life Storage to review video surveillance and check entry records.

It was later discovered that the surveillance system for Life Storage was not working during the timeframe in which it was believed that Stephan possibly was there. I was also informed that vacant storage units were tagged and marked and were unlocked and able to be opened. With that information, I physically walked the entire facility and opened up every exterior vacant storage unit. Nothing was located in any of the units nor did I discover any empty unit that was secured with the exception of one unit that was confirmed rented by management.

During the course of my involvement, I had Sarasota Search and Rescue respond with cadaver dogs. Three dogs walked the area around unit B24, the unit Christopher rented, and although they displayed a "change in behavior," none of them gave any positive alerts to the presence of any deceased bodies.

At approximately 2208 hours, I was requested to respond to Life Storage, located at 1001 Executive Ave, North Port, FL, in support of this investigation. At approximately 2235 hours, I arrived at the crime scene and contacted the other on scene detectives, who essentially advised we were assisting other agencies with a possible homicide and sexual battery investigation pertaining to a missing juvenile, identified as 13-year-old [redacted], who was last seen in Kissimmee, FL. Specifically, the Kissimmee detectives had established probable cause that the missing juvenile's corpse may have been placed within Unit B124 by her mother's cohabitating boyfriend, identified as Stephan Sterns.

I provided security for the Sarasota Search and Rescue (SSR) teams while they examined the storage center and checked the public swale on Snug St. During the check of the storage center, the handler advised a change of behavior by the dogs in the approximate area of Unit B124, which the handler advised denoted an area of interest. The SSR teams did not advise of any alerts from Snug St.

Detective Fegan and I conducted a neighborhood canvass surrounding 2341 Snug St (the home of Stephan's biological parents), during which the following houses with cameras were located (it is unknown if they captured anything of value, additional follow-up will be needed if deemed necessary by the primary investigative agency):

- An open home under construction in the vicinity of 2167 Snug St and its adjacent dump trailer were checked.
- 2252 Snug St; visible cameras were present on the exterior of the home.
- 2117 Snug St; visible cameras were present on the exterior of the home.
- 2480 Snug St; visible cameras were present on the exterior of the home.
- 4884 Masters St; possible cameras affixed to motion lights were present on the exterior of the home

While on scene, Detective Robles, Detective Fegan, and I conducted a check of the nearby

I assisted with executing a search warrant on a storage unit located at 1001 Executive Ave, Unit B124. NPPD Crime Scene Technicians processed the exterior of the unit (refer to their respective reports for more detailed actions). After processing the exterior, the North Port Fire Department responded and cut the circular lock from the unit, granting us access. During the search of Unit B124, I did not locate anything of evidentiary value. More specifically, the unit appeared to have been well maintained and was not in a state of disarray nor appeared to have been recently disturbed. Inside were multiple boxes with miscellaneous items, none of which were pertinent to this investigation.

Upon completing the search, I departed without incident.

I returned to the Life Storage facility and contacted Dennis Casey, Assistant Store Manager, regarding this investigation. Dennis provided the following verbal information and records pertinent to this investigation:

Dennis explained the computer printout previously provided regarding Christopher Sterns storage unit and facility access. Specifically, he disclosed the computer system periodically and randomly conducts checks of the assigned users in order to validate their account status. Dennis provided a computer printout of Christopher's account activity from 01/01/2024 to present, which showed Christopher's access code was used twice on 01/31/2024 at 0855 hours (1 - Entry Keypad, Granted

Entry) and again on the same date at 0901 hours (2 - Exit Keypad, Granted Exit). The only other time Christopher's access code was utilized was on 02/16/2024 at 1811 hours (1 - Entry Keypad, Granted Entry) and again on the same date at 1813 hours (2 - Exit Keypad, Granted Exit).

Christopher's access code was not used as previously thought; however, this information was not known at the time of the lawfully requested and executed warrant.

Dennis also provided a list for all users who had accessed the storage facility on the 03/28/2024, none of which appear to be relevant to this investigation.

Detective St Jean and I then went to 2341 Snug St and contacted both Christopher and Debra Sterns to discuss this investigation, during which they provided the following unsworn verbal information pertinent to this investigation (Detective St Jean recorded the conversation via his department cell phone, refer to his Supplemental Report for further information):

Christopher stated on 02/28/2024 at approximately 0315 hours. he met Stephan at their hotel in Kissimmee (after his phone was seized by law enforcement). He opined Stephan was extremely exhausted and seemed to have a "heavy weight" metaphorically pressing on him and seemed to have fabricated an explanation regarding the factory reset of his seized cellular phone. After checking into the hotel, Christopher advised they all went to sleep in their respective rooms. Between approximately 0900-0945 hours, [redacted] ([redacted]s biological mother) contacted him and asked if he knew where Stephan went, as he had left their hotel shortly before. He recalled Stephan returned to the hotel sometime between 1115 and 1130 hours. Christopher later learned his son traveled to North Port, but claimed he had no idea. Furthermore, Christopher explained his front door digital lock and doorbell camera were inoperable on the same day due to a battery issue (thus no logs or recordings were available during the timeframe his son returned). During the interview, Christopher received a phone call from another law enforcement agency wherein they alerted him [redacted]'s body had been recovered. After receiving the call, Christopher appeared solemn and upset she had indeed been murdered. Prior to departing the residence, Christopher explained his son had left a gaming computer at their residence and he had placed it in the garage after he was arrested, as he no longer wanted it in his home and believed it was of evidentiary value to law enforcement. He further recalled Stephan had accessed the computer within the past week, possibly after [redacted] went missing.

Debra denied Stephan had ever returned to their home on Wednesday. She explained how she viewed him as a "monster" and inquired why the media and public blamed both her and Christopher for her adult son's heinous deeds. She explained she was calling the victim's name [redacted]

When she learned the child's body had been recovered, Debra began sobbing and remained essentially speechless. She accused [redacted] as knowing [redacted] was raped for years before she was subsequently murdered.

I contacted my supervision regarding Stephan's computer, who concurred to take the device as Evidence in order to later transfer it to the Kissimmee Police Department for further action. I completed a Property Receipt for the computer, identified as a CyberPower PC tower, Model: C Series, ET8980-7837, CS-450-156MB-478-104 071420, and departed the residence without incident.

I submitted the computer into Evidence and the storage facility documents into Records at the NPPD, ending my involvement.

NARRATIVE

On February 28th, 2024, at approximately 1921 hours I responded to the area of 1001 Executive Ave (Life Storage) in response to an Assist other Agency call. The complainant, Corporal Evan Avila of the Orange County Sheriff's Office, contacted the North Port Police Department in reference to a case that they were currently investigating.

Sgt. Fisher spoke to Corporal Evan Avila. Corporal Avila relayed that there was reason to believe a suspect, a Stephan Sterns, who they currently had in custody was at this location sometime earlier today. There was reason to believe that the suspect had possibly left the body of a deceased victim at this location base off of investigative information that they currently had. Orange county deputies advised that the suspect was currently under arrest for Sexual Battery and possession of Child

Pornography involving the victim. It was relayed that the victim was last seen in an abnormal state not moving for several hours in the front seat of a vehicle at an apartment complex in their jurisdiction. The believed victim in this case was reported as a missing child, a [redacted] W/F 13Y/O, 5'1, 110 pounds with blonde hair and blue eyes.

Once on scene, Commander Brownie, Sgt. Fisher, and I checked the area searching to see if we could locate anything suspicious in nature. Sgt. Fisher managed to get a hold of a key holder for this location (Tamiko Ellen) who was able to identify the locker/storage unit that was possibly utilized by the suspect (Locker # B124). Tamiko allowed for Sgt. Fisher and I to review the video camera system for the business. It appeared that at this time the video camera system was down as it was turned off upon initial inspection. After getting the system turned on, The video camera system did not show back any previous recordings other than from the time point of when the camera system was turned on. The Sarasota Search and Rescue team eventually was requested to respond to the location to check the area with their Cadaver dogs, along with Sgt. Johnson checking the rooftops of the building with a department UAV drone.

I then remained on scene and was informed that Detectives of the North Port Police Department would be responding out to this location to conduct further investigation for this incident. Eventually North Port Police Department Detectives, along with Detectives from the Kissimmee Police Department responded to the scene. I completed a crime scene log for this incident.

This concluded my involvement with this incident.

NARRATIVE

On Wednesday, February 28, 2024, I was requested to respond to 2341 Snug Street, North Port, FL 34289 in support of a missing person investigation Kissimmee Police Department was conducting. Sergeant Fisher was contacted by investigators from Orange County Sheriff's Office concerning LPR hits for a suspect vehicle in North Port city limits. Based on this information, there were concerns of the suspect potentially bringing the missing juvenile to North Port. Their investigators also learned the suspect's father has a storage unit rental located at 1001 Executive Ave, North Port FL, 34289. It was discovered someone accessed the storage unit and it was not the suspect's father. Based on the totality of the circumstances, probable cause was established to draft a co-affiant search warrant for the storage unit in efforts to find the missing person.

Detective Fegan and I maintained observation of the suspect's parents residence, 2341 Snug Street. Upon our arrival, we observed a female, later identified as Debra Sterns, outside her residence calling for "[redacted]." Two vehicles were present at the residence. The vehicle parked in the driveway was a tan in color Lincoln bearing Florida tag 17DAYD registered to Christopher Sterns. The second vehicle was a dark colored Honda bearing FL tag IN49TI and was parked in the swale in front of the residence. The vehicle was registered to Stephan Sterns who is the suspect for KPD's case. Both vehicles were unoccupied.

Contact was made with Debra who initially answered the front door very emotional. Debra spontaneously stated she found a "torso" of a sex doll in Stephen's room. Debra eventually calmed her emotions and began to inform us that she has not seen Stephan, however she believed he came to the residence last night at approximately 0319 hours. Debra explained that her dogs began to bark at that time which is typically an alert for someone being in the home. Debra stated she has been home alone and her husband, Christopher Sterns was in Orange County to assist Stephan in getting a hotel due to a housing crisis. Debra advised me she had discovered Stephan had also been stealing cash from her and Christopher. Debra expressed that she was aware of the allegations of her son, and she felt great disgust of her son's actions. Debra was in fear of Stephan possibly hiding "[redacted]" the missing juvenile in her home. Debra also explained she has been calling out for [redacted] outside in the event of [redacted] possibly being abandoned in the woods. Debra allowed units to conduct a sweep of her home and the vehicles on the premises.

We escorted the K-9 units to Snug Street where we stood by until the K-9 units completed their canvass. I returned back to the storage unit and assisted Detective Witkosky and Detective Fegan and canvassing the area of Commerce Parkway. Please see Detective Witkosky's supplement for details. The search warrant was executed on the storage unit in question. I stood by while Crime Scene Technicians collected items and took photographs.

This concludes my involvement with the case.

Incident Report

Narrative

*****Supplemental Report*****

On February 28, 2024, at approximately 0818 hours, I, Detective Leonardo Sauri (EID 9477), responded to [redacted], Kissimmee, Florida, to assist with a search warrant of that residence. Upon arrival to the residence, I met with Corporal Kenneth Dale (EID 7590), Detective Matthew Chiang (EID 10015), Detective Julie Junco (EID 6731), and detectives with the Kissimmee Police Department (KPD). The Orange County Sheriff's Office (OCSO) was investigating the disappearance of juvenile, [redacted] (13-years-old). Below is a synopsis of my involvement in this case:

Preservation Request

On February 28, 2024, at approximately 0852 hours, Corporal Evan Avila (EID 8147) requested a preservation request be submitted for Google electronic mail (e-mail) address (Sustinet@gmail.com). At approximately 0909 hours, I submitted the preservation request to Google from Detective Junco's Google Law Enforcement Request System account (lers.google.com). Google provided me with an internal identification number (54030738).

On the same date, at approximately 1306 hours, I sent Detective Taylor Heller (EID 9075) a message via e-mail with the Google identification number so she could author a search warrant for the e-mail account.

Search of Residence

Corporal Dale, Detective Junco, Detective Chiang, and I, remained outside of the residence ([redacted]), alongside the KPD detectives, providing scene security, while we waited for the OCSO Forensics Unit to respond.

Prior to the search of the residence, Sex Crimes detectives informed us they had located evidence which showed [redacted] was being sexually abused (presumably) by her step-father, Stephan Sterns (37-years-old). The evidence was located on Stephan's cell phone. Via a video call, Detective Kyle Cole (EID 8656), and Detective Maira Tagler (EID 8601), showed Detective Junco and I some of the child sexual abuse material stored within Stephan's phone. The video phone call was made to ensure efficiency in locating, identifying, and collecting the items from within the residence, and to ensure said evidence was properly preserved.

During the search of the residence, I located a pair of blue boxers inside of a laundry basket in what I was informed was the living space/bedroom of [redacted]. The bedroom was located on the first floor of the residence, adjacent to the dining room. The pair of boxers located matched a pair of boxers observed on images stored on Stephan's phone, where he was sexually abusing [redacted]. A crime scene investigator took photographs of the pair of boxers and collected it.

Conversation with Resident, [redacted]

On February 28, 2024, at approximately 1340 hours, a female, whom identified herself as, [redacted], arrived to the [redacted] Drive address, in an ashen grey Toyota Corolla, bearing a Florida license plate [redacted] The Toyota was registered to [redacted]. Through investigative means, [redacted] was positively identified via her Florida driver's license [redacted]

[redacted] informed me she was a resident of [redacted]; she had been residing there for two and a half years, and she specified her bedroom was located on the second floor, which was adjacent to Stephan's bedroom. [redacted] was informed the pink comforter on her bed had been collected under the search warrant. [redacted] had known Stephan for the two and a half years she had been residing there. She denied ever engaging in sexual intercourse with Stephan. This conversation was brief, and was not audio-recorded.

On the same date, at approximately 1354 hours, I left the [redacted] Drive address and responded to the OCSO Central Operations building (2500 West Colonial Drive, Orlando, Florida) to further assist with this investigation.

On the same date, at approximately 1612 hours, Detective Junco and I maintained security of the interview room Stephan was located in and was waiting to be interviewed. KPD detectives later conducted an interview with Stephan.

Incident Report

On February 29, 2024, I reviewed the contents of Stephan's phone, alongside Detective Chiang. In addition to observing the sexual abuse to [redacted], I noticed Stephan had a folder on his phone's gallery labeled "[redacted]", which contained over 90 images that were captured of an unaware female. Upon further examining these images, I identified the female in the images to be Stephan's roommate, [redacted] The photographs/videos of [redacted] were captured in her bedroom and in a bathroom while she was nude, where she had an expectation of privacy, and they appeared to have been captured without her knowledge or consent. In addition, the images appeared to have been taken with a device that was concealed to the view of [redacted].

Detective Chiang responded to [redacted] in order to meet with KPD detectives, and he was given the above information so he could pass it on to them.

This concludes my involvement in this case.

Response to [redacted], Kissimmee, Florida 34741

On February 28, 2024, at approximately 0738 hours, I, Detective Julie Junco (EID 6731), responded to [redacted], Kissimmee, Florida 34741 in reference to assisting Detective Maira Tagler (EID 8601) with a Search Warrant at the residence. The above residence was located with the Venetian [redacted] sic] Association. Below is a synopsis of my involvement in this case:

Scene Security

When I arrived on scene, Orange County Sheriff's Office (OCSO) Corporal Kenneth Dale (EID 7590) and detectives from the Kissimmee Police Department (KPD) were there securing the scene. I assisted with maintaining scene security until the OCSO Forensics unit responded to process the residence.

Prior to conducting the search, detectives at the site of the search were notified by detectives at OCSO's Central Operations building (2500 W. Colonial Drive, Orlando, Florida 32804) that there was evidence of sexual abuse towards [redacted] (13-year-old Victim) at the hands of her step father, Stephan Sterns (37-year-old Suspect). The evidence was located on Sterns' cellular device. Some of the sexual abuse appeared to have occurred at the [redacted] address.

Contact with [redacted]

At approximately 0954 hours, [redacted] and [redacted] approached detectives on scene. I spoke with them, and a portion of our conversation was audio-recorded by Detective Matthew Chiang (EID 10015). Below is a synopsis of our conversation:

[redacted] and [redacted] requested an update and said detectives had already interviewed them. They did not have additional information to provide that was not already known.

[redacted] and [redacted] were visibly emotional and appeared concerned for [redacted]'s wellbeing. [redacted] said she did not believe [redacted] ran away because [redacted] she did not believe [redacted] would do that.

They described [redacted]'s recent birthday celebration, and did not know of any reason why [redacted] would be upset.

To their knowledge, [redacted] had not been in communication with any of their family members since she had been reported missing.

Incident Report

Execution of Search Warrant

Room #4

At approximately 1130 hours, I assisted with searching a room in the residence on the second floor identified by a chrome number "4" on the outside of the door. Inside of the room, I located a black backpack, which had one orange bottle of "So-low lotion" in it. The back of the bottle identified the product as, "masturbation cream." I photographed the item, pointed it out to Crime Scene Investigator (CSI) Shea Janiak (EID 9444), and she collected it.

[redacted]'s Designated Space

At approximately 1150 hours, Detective Leonardo Sauri (EID 9477), Detective Matthew Chiang (EID 10015) and I made contact with Detective Tagler and Detective Kyle Cole (EID 8656) via the phone. Via a video call, they showed us digital photographs of (presumably) Sterns sexually abusing [redacted] The purpose of viewing the child sexual abuse material (CSAM) via a video phone call was to ensure the correct evidence was collected and preserved to the best of our abilities. We examined the clothing worn by both [redacted] and Sterns, along with surrounding items such as sheets, blankets, and other articles of clothing. We were able to identify some of the items seen in the photographs in a downstairs area that was previously described by detectives as [redacted]s room.

The space appeared to be the living room of the apartment turned into a bedroom with a folding room divider between the bedroom space and the kitchen/dining room. This area was located on the far right of the apartment's first floor when you enter from the front door.

The items we located were documented and collected by CSI Janiak.

Contact with Ray Ortiz (Operations Manager for Security)

At the conclusion of the search, I made contact with Corporal Evan Avila (EID 8147) via the phone. Corporal Avila notified me the front office staff of the complex had been working on providing video surveillance from the complex. An unknown staff member stated the process to provide the video was going to take approximately six hours due to how it had to be viewed and downloaded from the system. At approximately 1345 hours, I made contact with Ray Ortiz (referred to as Ortiz), who identified himself as the Operations Manager for Security. I provided Ray with my direct agency phone number, and requested he notify me immediately when the video surveillance was ready to be collected. Ortiz provided his phone number, 407-675-9721.

I did not hear back from Ortiz, but later found out he had been in communication with other OCSO detectives.

Incident Report

OCSO's Central Operations

After speaking with Ortiz, I went to OCSO's Central Operations building. While there, I maintained security outside of an interview room where Sterns was located and was waiting to be interviewed.

KPD detectives interviewed Sterns, and I monitored a portion of the interview electronically from a room nearby. At the conclusion of the interview, I assisted KPD detectives with the collection of photographs, clothing, and DNA evidence from Sterns' person based on a signed warrant they had. I located a black freckle or mark on Sterns' penis that was visible in some of the photographs/videos found while examining the photographs/videos of Sterns sexually abusing [redacted]. In the photograph used to compare the mark, (presumably) Sterns is wearing a red and white Deadpool shirt, which was seen in multiple photographs where [redacted] was being sexually abused.

OCSO's CSI Ivory Smith (EID 11068) collected the evidence. This collection was conducted on the same audio and video-recording as Sterns' interview.

At some point while Sterns was in the interview room, I took a vape pen from him, which I discarded in the trash at KPD's direction.

Evidence Examination

At one point, while examining the photographs of [redacted] being sexually abused to ensure all potential evidence was collected, I located a photograph of Sterns with his face visible and his tongue on (presumably) [redacted]'s nipple. The photograph was titled "20220722_041546.jpg" and was found in an album full of photographs of child sexual abuse material of [redacted].

Waste Management (WM) Information

On February 29, 2024, Corporal Avila requested I gather information on the trash collection procedures at the complex Sterns and [redacted] lived in. At approximately 1000 hours, I made contact with WM by calling 407-464-0664.

I spoke with "Cree" who was unable to access the information for the requested address [redacted]). Cree transferred me to "Ray" (referred to as such) from the Florida area WM commercial department. He said WM collected the compactors from Venetian Bay VillagesCondominiums Association. The trash would be taken to the Orlando Transfer Station (4986 LB McLeod Road, Orlando, Florida 32811) serviced by WM Orlando (3510 Rio Vista Avenue Orlando, Florida 32805). It is unknown how long the trash would remain before it would be transferred to either, Pine Ridge landfill (5400 Rex Road, Winter Garden, Florida 34787) or the Vista landfill (242 West Keene Road, Apopka, Florida 32703).

WM was the residential hauler for all of Osceola County, meaning they picked up any trash from individual residences. They also hauled for any commercial property within the city limits for Kissimmee, Florida.

Incident Report

Ray said he was the only "Ray" in the Florida WM commercial department, but he could not provide a phone number to be directly connected to him again. He provided a more direct number for the commercial department, 866-724-2989.

Emergency Response Team (ERT) Command Post

On March 1, 2024, at approximately 0922 hours, Corporal Avila asked me to respond to 9400 Southpark Center Loop, Orlando, Florida 32819 in reference to meeting with OCSO's ERT team. While there, I was the liaison between ERT and the Criminal Investigations Division (CID).

At approximately 1240 hours, I was notified ERT located large bones in the wooded area. I notified Corporal Avila, who was with Corporal Alexander Richards (EID 6922) from OCSO's Homicide unit. Corporal Richards instructed me to contact the Medical Examiners (ME) office to show them the bones in order to determine if they were from a human.

I collected photographs of the bones and sent them to the ME. Per Doctor Zydowicz, they are "non human." The ME stated the bones still needed to be collected and submitted to them. At approximately 1302 hours, I contacted OCSO's Forensics, and spoke with CPI Janiak who responded out to collect the bones. I documented this under OCSO case number 24-012107.

ERT units located a camera at 2405 Commerce Park Drive, Orlando, Florida 32819. I sent this information to Corporal Avila, and requested he have a unit respond to check the cameras. OCSO's Violent Crimes Squad located video footage of Sterns' vehicle at the above address and were then able to trace him to other nearby locations where I was told Sterns was seen moving [redacted] from the front seat of his vehicle to the trunk.

ERT located a pair of underwear and a dress in the same wooded area the bones were located in, but further south. CSI Janiak collected both items.

On March 1, 2024, OCSO received confirmation [redacted] had been located deceased in Osceola County. This concluded my involvement with this investigation.

LOCATION ONE

SCENE DESCRIPTION:

The scene was a four bedroom, two story residence. The residence was on the south side of [redacted]. The front door faced east.

NARRATIVE:

On February 29th, 2024, I responded to location one in reference to a search warrant for a missing person investigation. Detective Matthew Chiang (#10015, Sex Crimes Squad) served the search warrant to the residence.

East of the front door, and along the east wall was a couch. A dining table was west of the couch. North of the couch were partition screens creating a makeshift bedroom in the northeast corner of the first floor. A pink dinosaur blanket was hanging off the east partition screen. In this makeshift bedroom, there was a bed along the west wall, and extended east. The bed was made with white/purple sheets and a purple comforter. There were pillows at the west end of the bed. A pair of black underwear was under the pillows. Multiple blankets were on top of the bed. Two tables were along the west wall, on either side of the bed. Multiple composition notebooks were on the bottom shelf of the north table. A dresser with a television was along the east wall. A phone tripod was in the bottom drawer. A desk with a computer was north of the dresser, along the east wall. A strawberry 'snuggie' was hanging on the interior west partition screen. South of the bed was a laundry basket with clothing. A pair of men's boxers and a gray shirt were in the laundry basket. A pair of black shorts were under the bed. An

alternate light source (ALS) was used on the blankets, pillows, sheets and the comforter. The results were negative.

A master bedroom was in the northwest corner of the first floor. A connecting bathroom was at the south end of the bedroom. A closet was along the west side of the bedroom, north of the bathroom. Bed sheets with cats on them were in the closet. Along the west wall, north of the closet was a desk. A nightstand was north of the desk. Three prescription bottles with the victim's name were on the nightstand. A bed was north of the nightstand and extended east. The bed was made with white sheets. Visible stains were observed on both the fitted sheet and flat sheet. Pillows were at the west end of the bed. A gray blanket, a charcoal gray blanket, and a gray comforter were on the northeast corner of the bed. An alternate light source (ALS) was used on the blankets, pillows, and the comforter. No fluorescence was observed on the blankets, sheets, or pillows. Areas of fluorescence were observed on the comforter.

A kitchen was in the southeast corner of the first floor.

A bathroom was in the southeast corner of the second floor. A bathtub/shower was along the east wall. A sink was in the southwest corner. A toilet was along the south wall, east of the sink. A closet with a washer and dryer was northwest of the bathroom. North of the bathroom was a bedroom (bedroom #4).

In bedroom #4, there was a chain lock on the interior door. A bed was in the northeast corner, and extended south. There were white sheets on the bed. One pillow was at the north end of the bed. A nightstand was against the north wall, west of the bed. In the top drawer of the nightstand was a Sig Sauer 9mm pistol in a holster. There were twelve rounds in the pistol's magazine, and one round in the chamber. On the floor, west of the nightstand was a pair of black boots. A mini refrigerator was in the northwest corner of the bedroom. A desk was along the west wall. A black bag, a shirt, and books were on the desk. A Sig Sauer magazine with twelve 9mm rounds and gaming cards were in the black bag. A backpack was on the floor north of the desk. A bottle of masturbation cream was in the backpack. A dresser with a television on top was in the southwest corner. Clothing including a red shirt were in the

LOCATION TWO

SCENE DESCRIPTION:

The scene was the Waste Management plant located at 4978 L B McLeod Road. The plant was on the south side of the L B McLeod Road.

NARRATIVE:

On February 28th, 2024, I responded to location two to search for any evidence related to a missing person investigation. The trash compactor had 'Venetian Bay' carved into the side. A truck dumped the contents of the trash compactor out. Forensic Manager Vanessa Nylander, Supervisor Chelsea Johnson, Assistant Squad Leader Kelly Wood, CSI Christine Marcus, CSI Lindsey Miller, CSI Jacqueline Hnath, and CSI Trainee Kelli Adams assisted with searching the trash pile.

At the bottom of the middle of the trash pile was a tire, and a trash bag covered in gray paint. Inside the trash bag was a white Croc sandal, and a backpack. Inside the backpack was school supplies and an Orange County Public Schools (OCPS) laptop bearing the victim's name. There was also gray paint on the tire and backpack.

LOCATION THREE
SCENE DESCRIPTION:
The scene was the above listed vehicle located at the OCSO Forensics Unit garage.

NARRATIVE:
On February 29th, 2024, I responded to location three to process the above listed vehicle. Corporal Alexander Richards served a search warrant to the vehicle. Evidence seals were present and intact on all four doors, the hood, and trunk of the vehicle.

A SunPass was on the interior front windshield. A red stain was on the front driver door jamb. A bowl of dog food, a bag with dog toys and treats, a pair of slip on shoes, a bag containing food and a water bottle, and a bag containing a prescription pill organizer and prescription bottles belonging to the suspect were on the front passenger floor. A Coca Cola can, hair clips, and a deflated balloon were in the front passenger door pockets. Nissan booklets, paperwork bearing the victim's mothers name, a socket, and a charger plug were in the glove box. Hair, water bottles, and make up were under the front passenger seat.

A gray jacket was on top of the center console. A Cherry Coca Cola can was in the cup holder between the front seats. Jewelry, napkins, a charger and a middle school name tag bearing the victim's name was in a pocket below the center dashboard. A pillow case was around the center console lid. Surface cleaner wipes, insurance information, a window breaker, a Nissan booklet, napkins, pens, pencils, masks, and an empty plastic bag were in the center console.

Napkins, tissues, and a piece of straw wrapper were on the rear driver floor. A water bottle was in the rear passenger door pocket. Mascara was on the rear passenger floor. A sunshade was in the pocket on the back of the front passenger seat.

A beach chair, a poncho, jumper cables, and a Target bag with automotive cleaning wipes were in the trunk. Stains were observed near the opening of the trunk. Three areas were swabbed and tested for the possible presence of blood using a Phenolphthalein presumptive test. The results were negative for the three areas. A positive and negative control was conducted on the Phenolphthalein test prior to using. The controls worked properly.

CSI Jacqueline Hnath second searched the vehicle. No items of evidentiary value were located.

Utilizing black powder, I processed the interior and exterior of the vehicle for fingerprints. Thirty latent lift cards were collected (24EV13041):

1. Interior front driver door
2. Interior rear driver door jamb
3. Exterior front passenger door handle
4. Exterior front passenger door
5. Exterior front passenger window
6. Exterior front passenger window

East side of Old Hickory Tree Road and Rocker's Lockers (located at 2131 Old Hickory Tree Road, St. Cloud, FL 34772), north of the Cemex plant located at 2175 Old Hickory Tree Road, St. Cloud FL 34772.

NARRATIVE:
At approximately 1347 hours on February 28, 2024, I met with Detective Brian Savelli (#3175, Homicide Squad) and Detective Carlos Robles (#7877, Homicide Squad) on Old Hickory Tree Road, north of the Cemex plant. I was requested to collect the rubber portion of a tire from the side of the road as well as document the surveillance cameras at Rocker's Locker's, north of where the rubber portion of a tire was located. After conferring with the Detectives, the following observations were made.

OBSERVATIONS:
The Cemex plant at 2175 Old Hickory Tree Road was located on the east side of Old Hickory Tree Road. Rocker's Lockers at 2131 Old Hickory Tree Road was located on the east side of Old Hickory Tree Road, north of the Cemex plant. The rubber portion of a tire was located in the foliage east of the sidewalk along the east side of Old Hickory Tree Road and south of Rocker's Lockers.

The image below was retrieved from 'Google Maps' and depicts the location of the Cemex plant, Rocker's Lockers, and the general vicinity in which the rubber portion of a tire was located. The red point on the image indicates the location of the Cemex plant. A blue star was added to the image to indicate the location of Rocker's Lockers and a yellow star was added to the image to indicate the general vicinity of where the rubber portion of a tire was located.

Rocker's Lockers consisted of three buildings that were oriented west to east. There was a chain link fence surrounding the exterior of the property with a gate on the west side. Surveillance cameras were observed on the northwest corner of the southmost building as well as on the southwest corner of the northmost building. The surveillance equipment located inside of a closet on the west end of the southmost building was also documented.

PHYSICAL EVIDENCE:

The following evidence was collected from the scene, packaged, and later transferred to Kissimmee Police Department's (KPD) Forensic Supervisor Isabel Johnson.

LOCATION 1:

SCENE:
A warehouse at Waste Management (WM) located at the above listed address.

NARRATIVE:
At 1651 hours on Wednesday, February 28, 2024, I met with lead CSI Shea Janiak #9444, Forensics Unit at the above listed address to assist with searching the contents of a dumpster. Specifically, I was instructed to look for clothing which matched the description of what the victim had last been seen wearing (green sweatshirt, blue jeans and white "Croc" sandals. I was also instructed to look for pieces of a damaged tire. I assisted with searching through the trash but did not find anything of evidentiary value.

LOCATION 2:

SCENE:
Two vehicles (VEHICLE 1 & 2) parked within the Forensics Unit garage at the Orange County Sheriff's Office Central Operations Complex.

NARRATIVE:
At 2200 hours on Wednesday, February 28, 2024, I met with Cpl. Alexander Richards #6922 Homicide Squad, at the above listed address in reference to a K9 sweep for VEHICLES 1 & 2. D/F/C Rene Davila #7453 K9 Unit, arrived with his partner, K9 Archer, who has been trained in the odor detection of human decomposition.

OBSERVATIONS:

VEHICLE 1/Lincoln:
VEHICLE 1 was parked in the east bay of the garage. Since forensic processing had already been completed on the vehicle, I drove the vehicle using the provided keys to an area in the parking lot for K9 Archer to conduct his vehicle sweep. Once the sweep was finished, I drove the vehicle back into the east bay.

VEHICLE 2/Sentra:

VEHICLE 2 was towed into the Forensics Garage around 2200. It was parked in the east bay behind VEHICLE 1. Because it had not yet been forensically processed, the vehicle was not moved to the parking lot to prevent possible contamination or destruction of evidence. Vehicle seals on the doors, trunk and hood were present and intact.

K9 Archer conducted a sweep of the vehicle while it was in the garage. Based on the sweep, Homicide Detectives Andrew Calise #7774 and Sgt. Jospeh Covelli #2779, asked me to open the trunk of the vehicle. I took exterior photographs of the vehicle to include the seals. The trunk was "popped" using the provided key fob. Nothing of evidentiary value was observed in the trunk nor was there any apparent odor coming from the trunk. Det. Calise opened the rear driver door and there was no apparent odor coming the vehicle interior. I re-sealed the trunk and rear driver side door and left the vehicle keys on the windshield.

OBSERVATIONS

Cpl. Avila served the search warrant, and the vehicle and evidence seals were photographed prior to entry to the vehicle. The evidence seals on the doors, trunk, and hood were intact. The keys were on the front hood. The spare tire was used as the rear passenger tire. The contents of the vehicle were removed and photographed. See *Vehicle Inventory* for more information. Per Cpl. Avila the vehicle was processed for DNA, interior/exterior latents, and trace evidence. Several areas throughout the vehicle were presumptive tested for the presence of blood. See *Scene Processing* for more information.

Forensic Biologist Elise Servi, 8661, screened the vehicle for biological fluids after the collection of trace evidence, but prior to latent processing. See her report for additional information.

CSI Lindsey Miller, 7042, assisted with latent processing, and second searched the vehicle.

A copy of the search warrant and property form were left with the vehicle.

NINTH JUDICIAL CIRCUIT COURT OF FLORIDA

"PROCEDURES FOR EMERGENCY ARREST AND SEARCH WARRANTS"

"True emergencies are rare and most warrants should be handled by a judge during normal court hours. Warrants should be sought outside of normal court hours only where a suspect would escape or evidence would be lost if immediate action is not taken. The suspect's location should be specifically known at the time the warrant is sought. Alternatively, an emergency warrant can be sought if the suspect's identity is known but his/her location is unknown and the suspect is a threat to the safety and welfare of a citizen or the community. Emergency warrants of these types should be sought only when law enforcement is waiting to immediately proceed on the search or arrest warrant." ~ *Memorandum by the Chief Judge, November 9, 2015*

AFFIRMATION OF WARRANT EXIGENCY

Lieutenant Charles Denmark has approved this application for an arrest warrant, and affirms the emergency nature of the warrant is as outlined above.

Your affiant, **Detective John Nguyen, 9725,** is and has been since **11/08/2019,** a duly sworn **Deputy Sheriff** for the **Sheriff of Orange County.**

Your affiant has been in law enforcement for more than ten years. Affiant has assisted and primarily conducted numerous investigations related to property and violent crimes. Affiant also has attended several advanced specialized training courses related to criminal investigations. Your affiant is currently assigned to the Criminal Investigations Division as a detective.

As a result of your affiant's training and experience, your affiant has probable cause to believe the following:
On February 26, 2024 at approximately 2000 hours, the 13-year old victim, [redacted], was reported missing by her mother, [redacted]

[redacted] advised [redacted]'s step-father, Stephan Sterns, picked her up from home and dropped her off at Hunters Creek Middle School, 13400 Town Loop Blvd, Orlando, FL on February 26, 2024. [redacted] then went to pick up [redacted] from school at dismissal and learned [redacted] never showed to school.

An interview was conducted with [redacted]'s step father, Stephan Sterns, who advised he picked [redacted] up and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. Hunters Creek Middle School begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82"driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated had accidently performed a factory reset on his phone on February 26, 2024, the same day [redacted] went missing.

After an extensive canvass of the area and interviews with [redacted]'s family and friends, it was unusual for [redacted] to be dropped off down the street from the school and not stay in communication with family and friends.

On February 27, 2024, Orange County Sheriff's Office took possession of Stephan's vehicle.

After investigative research, it was learned Stephan used [redacted]'s vehicle, white 2010 Nissan Sentra, bearing Florida license plate [redacted] on February 28, 2024. A License Plate Reader showed the white Nissan Sentra on February 28, 2024 at 0629 hours westbound at North Cranberry Blvd and Toledo Blade, North Port, FL 34286.

Orange County Sheriff's Office Digital Forensics Unit conducted a download of Stephan's phone and the content was reviewed. Based on content discovered within Stephan's cell phone there is reasonably fear for [redacted]'s safety. Furthermore, based on the content discovered, and the fact Stephan factory reset his cell phone, your affiant reasonably believes Stephan is interfering with custody. Due to the fact [redacted] has not had any contact with her mother and the fact she has not attended school, there is a well-founded fear [redacted] is in danger.

Based on the totality of the circumstances, it appeared Stephan Sterns, without lawful authority, knowingly or recklessly took, enticed, aided, or abeted a minor from the custody of the minor's parent.

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR ORANGE COUNTY, FLORIDA

APPLICATION FOR MOBILE TRACKING DEVICE AUTHORIZATION

STATE of FLORIDA,
COUNTY of ORANGE:

This Application for Mobile Tracking Device Authorization is submitted via a secure electronic file system by the applicant, **Detective Kevin O'Malley**, who is a lawfully sworn Deputy Sheriff for the Orange County Sheriff's Office, before **The Honorable,** _____, **Judge**, in and for Orange County, Florida, Ninth Judicial Circuit, under oath and pursuant to **Florida Statute 934.42**. This written Application is for an Order Authorizing Installation and Use of a Mobile Tracking Device attached to the property described as:

NAME: **Stephan Michael Sterns**

D.O.B: **04/25/1986** RACE/SEX: **White / Male**

REGISTERED OWNER: [redacted]o

VEHICLE DESCRIPTION: YEAR: **2022** MAKE: **Nissan** MODEL: **Civic**

COLOR: **Taupe** STYLE: **Sedan**

VEHICLE IDENTIFICATION NUMBER: [redacted]

LICENSE PLATE NUMBER: **Florida Tag:** [redacted]

This application is based upon your affiant's investigation, training, and experience that indicate that the use of a tracking device, which is an electronic or mechanical device which permits the tracking of the movement of a vehicle or mobile object to which it is attached, will assist in the investigation.

The Orange County Sheriff's Office is conducting a criminal investigation into information that **Stephan Michael Sterns** is engaged in committing, within the jurisdiction of the court, ongoing violations of the Florida Statutes, to-wit, the offenses of:

C1: Interferance With Child Custody **FSS: 787.03**

There is probable cause to believe, based upon facts and evidence outlined below, that:

On February 26, 2024, [redacted] was reported missing by her mother, [redacted]. A missing person investigation was launched on February 26, 2024 that continues through this point in time. [redacted]'s step father provided inconsistent testimony in regards to the last known whereabouts and time frame of [redacted] on February 26, 2024. The last person seen with [redacted] is her step father, Stephan Sterns. His explanation in regards to where [redacted] was supposed to be and when she was supposed to be there is not consistent. A review of Stephan Sterns cellular device has revealed images of child pornography that depict [redacted] in the images. At this time, [redacted]'s disappearance is highly suspicious and investigative efforts are on going to locate her. At this time, Stephan Sterns is suspected as having primary involvement in [redacted]'s disappearance. Stephan Sterns has access to a 2022 White Nissan 4-door registered to [redacted] mother, [redacted] and was last seen with [redacted].

As grounds for this application, the applicant submits the following facts:

On February 26, 2024 at approximately 2000 hours, the 13-year old victim, [redacted], was reported missing by her mother, [redacted].

[redacted] advised [redacted]'s step-father, Stephan Sterns, picked her up from home and dropped her off at Hunters Creek Middle School, 13400 Town Loop Blvd, Orlando, FL on February 26, 2024. [redacted] then went to pick up [redacted] from school at dismissal and learned [redacted] never showed to school.

An interview was conducted with [redacted]'s step father, Stephan Sterns, who advised he picked [redacted] up and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. Hunters Creek Middle School begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82"driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated had accidently performed a factory reset on his phone on February 26, 2024, the same day [redacted] went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with [redacted]'s family and friends, it was unusual for [redacted] to be dropped off down the street from the school and not stay in communication with family and friends.

Stephan Sterns has access to a 2022 White Nissan 4-door registered to [redacted]'s mother, [redacted] and was last seen with [redacted].

Based on the totality of the circumstances, It is believed a suspect has intentionally interfered with a parent or guardian's custodial rights to a minor. As [redacted] has not currently been located, the path of travel and on going locations of this vehicle is vital to the discovery of [redacted].

Accordingly, authorization is requested for the **surreptitious installation, attachment, and use of a mobile tracking device** on or in the vehicle described above. The applicant has probable cause that ongoing crimes are occurring, or related vehicles kept, within the court's jurisdiction, and the applicant **certifies** the information likely to be obtained by such installation and use is **relevant** to the **ongoing criminal investigation** specified above, which is being conducted by the above-named agency.

If this application is granted, it is expected the tracking device will be installed in **Orange County** and primarily monitored from equipment located in **Orange County**, although the device is expected to **track movement throughout several other Florida counties**, and it may, if this application is approved and if reasonably possible, be monitored in other counties, or by transmission of information back to **Orange County**, as the nature of the state, local jurisdictions, and the criminal activity being investigated is such that the vehicle can be expected to travel to counties outside of this Judicial Circuit.

Authorization is also requested to access and/or enter upon the vehicle, if necessary, to maintain the tracking device, including, but not limited to changing batteries, or obtain and **remove the tracking equipment** when the approved surveillance is ended.

WHEREFORE, the applicant makes this Application, certifies all the above information is true and correct, and requests the issuance of the Order Authorizing Installation and Use of a Mobile Tracking Device as specified above and in compliance with Florida Statute 934.42.

This application is based upon your affiant's investigation, training, and experience that indicate that the use of a tracking device, which is an electronic or mechanical device which permits the tracking of the movement of a vehicle or mobile object to which it is attached, will assist in the investigation.

The Orange County Sheriff's Office is conducting a criminal investigation into information that **Christopher Walker Sterns** is engaged in committing, within the jurisdiction of the court, ongoing violations of the Florida Statutes, to-wit, the offenses of:

C1: Interferance With Child Custody **FSS: 787.03**

There is probable cause to believe, based upon facts and evidence outlined below, that:

On February 26, 2024, [redacted] was reported missing by her mother, [redacted]. A missing person investigation was launched on February 26, 2024 that continues through this point in time. [redacted]'s step father provided inconsistent testimony in regards to the last known whereabouts and time frame of [redacted] on February 26, 2024. The last person seen with [redacted] is her step father, Stephan Sterns. His explanation in regards to where [redacted] was supposed to be and when she was supposed to be there is not consistent. A review of Stephan Sterns cellular device has revealed images of child pornography that depict [redacted] in the images. At this time, [redacted]'s disappearance is highly suspicious and investigative efforts are on going to locate her. At this time, Stephan Sterns is suspected as having primary involvement in [redacted]'s disappearance. He has access and is known to drive the Lincoln MKZ bearing Florida Tag IYLL82 which is registered to his father who was last seen with on February 28, 2024.

As grounds for this application, the applicant submits the following facts:

On February 26, 2024 at approximately 2000 hours, the 13-year old victim, [redacted], was reported missing by her mother, [redacted].

[redacted] advised [redacted]'s step-father, Stephan Sterns, picked her up from home and dropped her off at Hunters Creek Middle School, 13400 Town Loop Blvd, Orlando, FL on February 26, 2024. [redacted] then went to pick up [redacted] from school at dismissal and learned [redacted] never showed to school.

An interview was conducted with [redacted]'s step father, Stephan Sterns, who advised he picked [redacted] up and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. Hunters Creek Middle School begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82"driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated had accidently performed a factory reset on his phone on February 26, 2024, the same day [redacted] went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with [redacted]'s family and friends, it was unusual for [redacted] to be dropped off down the street from the school and not stay in communication with family and friends.

Based on the totality of the circumstances, It is believed a suspect has intentionally interfered with a parent or guardian's custodial rights to a minor. As [redacted] has not currently been located, the path of travel and on going locations of this vehicle is vital to the discovery of [redacted].

Accordingly, authorization is requested for the **surreptitious installation, attachment, and use of a mobile tracking device** on or in the vehicle described above. The applicant has probable cause that ongoing crimes are occurring, or related vehicles kept, within the court's jurisdiction, and the applicant **certifies** the information likely to be obtained by such installation and use is **relevant** to the **ongoing criminal investigation** specified above, which is being conducted by the above-named agency.

If this application is granted, it is expected the tracking device will be installed in **Orange County** and primarily monitored from equipment located in **Orange County**, although the device is expected to **track movement throughout several other Florida counties**, and it may, if this application is approved and if reasonably possible, be monitored in other counties, or by transmission of information back to **Orange County**, as the nature of the state, local jurisdictions, and the criminal activity being investigated is such that the vehicle can be expected to travel to counties outside of this Judicial Circuit.

Authorization is also requested to access and/or enter upon the vehicle, if necessary, to maintain the tracking device, including, but not limited to changing batteries, or obtain and **remove the tracking equipment** when the approved surveillance is ended.

WHEREFORE, the applicant makes this Application, certifies all the above information is true and correct, and requests the issuance of the Order Authorizing Installation and Use of a Mobile Tracking Device as specified above and in compliance with Florida Statute 934.42.

Your affiant, **Detective Kevin O'Malley; EID 6913,** is and has been since **May 2012,** a duly sworn **Deputy Sheriff** for the **Orange County Sheriff's Office.**

Your affiant is a sworn law enforcement officer in the State of Florida and has been since 2011. Your affiant has been employed with the Orange County Sheriff's Office since May 2012 and is currently assigned to the Homicide Unit.

As a result of your affiant's training and experience, your affiant has probable cause to believe the following: **On February 26, 2024 at approximately 2000 hours, the 13-year old victim, [redacted], was reported missing by her mother, [redacted]**

[redacted] advised [redacted]'s step-father, Stephan Sterns, picked her up from home and dropped her off at Hunters Creek Middle School, 13400 Town Loop Blvd, Orlando, FL on February 26, 2024. [redacted] then went to pick up [redacted] from school at dismissal and learned [redacted] never showed to school.

An interview was conducted with [redacted]'s step father, Stephan Sterns, who advised he picked [redacted] up and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. Hunters Creek Middle School begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82"driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated had accidently performed a factory reset on his phone on February 26, 2024, the same day [redacted] went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with [redacted]'s family and friends, it was unusual for [redacted] to be dropped off down the street from the school and not stay in communication with family and friends.

During the initial stages of the investigation, Stephan Sterns provided consent to search his cellular telephone. It was determined it had been factory reset two times on Monday February 26, 2024. A forensic download was done on the phone and it was determined numerous images were on the phone of [redacted] engaging in sexual intercourse with Stephen Sterns dating back to when [redacted] was 11 years old.

[redacted]'s mother, was shown part of the photographs and confirmed that her daughter was the female in the photograph and that Stephan [redacted] was the male.

Stephan [redacted] obtained a new cellular phone on 02/27/2024 and has been using it since. [redacted] is still missing and her disappearance is deemed suspicious. Stephan [redacted] was interviewed on February 28, 2024 and provided untruthful testimony regarding his timeline with [redacted]. He lied regarding his whereabouts with her on the morning of February 26, 2024 and surveillance video proves he was with her in his vehicle at a time period when he claimed she was already dropped off at her school.

While in the interview room on February 28, 2024, Stephan Sterns was in possession of an Apple IPhone in his pocket. I requested he provide me the phone which he did without question. Based on the suspicious nature of [redacted]'s disappearance, the already

documented images detailing the sexual battery to [redacted] by Stephan Sterns, your affiant requests permission to search this digital device for additional evidence related to the ongoing sexual battery of [redacted] and information as to the whereabouts of Stephan [redacted] in the previous days to detail a search area and pattern in an attempt to locate [redacted] as he is suspected as having involvement in her disappearance.

Based on the foregoing and your affiant's knowledge, training and experience, and the facts discovered during this investigation, your affiant has probable cause to believe that the information being sought may be evidentiary in nature.

Based upon your affiants training and experience, knows that digital devices and digital storage are often used as instruments in criminal acts or are the fruits of a crime as they have the ability to receive, store, process, and/or send digital information. The aforementioned evidence sought from the digital device is in the form of digital information commonly known as computer files. Computer files include: but are not limited to: hardware; firmware; image files; video files; audio files; document files; downloaded files; email addresses; email records; IP addresses; internet chat content; chat records; social media accounts; user name(s); passwords; contacts; phone numbers; and applications/ programs, etc.; all of which are electronically stored on the digital device and/or a storage device.

Storage Devices are the core components of any computing device. Other than hardware firmware, they store virtually all data and applications of a digital device. Depending on the type of the underlying device, storage devices are available in different forms:

- **Primary Storage** devices: Generally smaller in size, these are designed to hold data temporarily and are internal to the digital device. They have the fastest data access speed and include RAM and cache memory.
- **Secondary Storage** devices: These usually have large storage capacity and store data permanently. They can be either internal or external to the digital device. They include the hard disk, optical disk drive, USB storage device, and Cloud services.

Your affiant requests the authorization to seize said digital device(s) and through a forensic examination conduct an effective search of the said device(s) to include but is not limited to its storage devices for the purpose of locating evidentiary data relevant to this investigation. The actual analysis of any seized digital evidence will be conducted at a later time due to the protracted time a digital device forensics investigation takes.

Your affiant or his designee will ensure the digital device and the articles needed for analysis that are seized are properly logged. The exhibits will be physically examined, documented and later examined for evidence of the aforementioned crimes(s). The results of the examination will be presented by your affiant or designee and later forwarded to the Office of the State Attorney. The RETURN portion of this warrant will reflect the actual seizure of articles. The examination may exceed ten days or more based on the high volume of data to be processed and examined, but all results will be submitted as evidence at a later date.

When records or evidence are stored in internal and peripheral storage, or any other storage media where data can be stored, it is common to find that specific records authorized to be seized are

inextricably mixed and without technically difficulty or extremely time-consuming procedures are inseparable from other records, programs, or files (similar to a bound-volume book containing financial records, addresses, a diary, and notes, for example). The storage medium containing records or evidence relating to the crime under investigation will be seized for analysis, but only those items authorized to be seized by the warrant will be printed out, disclosed, stored on an evidence disk, or otherwise copied for evidence purposes. Any other items that can be separated out from such evidence will be returned upon completion of the forensic analysis.

WHEREFORE, your affiant makes this affidavit and requests the issuance of a Search Warrant in due form of law authorizing a search of the above-described property by officers of the law for evidence heretofore described and for the seizure and safekeeping of said evidence, subject to the order of a Court having jurisdiction thereof.

NINTH JUDICIAL CIRCUIT COURT OF FLORIDA

"PROCEDURES FOR EMERGENCY ARREST AND SEARCH WARRANTS"

"True emergencies are rare and most warrants should be handled by a judge during normal court hours. Warrants should be sought outside of normal court hours only where a suspect would escape or evidence would be lost if immediate action is not taken. The suspect's location should be specifically known at the time the warrant is sought. Alternatively, an emergency warrant can be sought if the suspect's identity is known but his/her location is unknown and the suspect is a threat to the safety and welfare of a citizen or the community. Emergency warrants of these types should be sought only when law enforcement is waiting to immediately proceed on the search or arrest warrant." ~ *Memorandum by the Chief Judge, November 9, 2015*

AFFIRMATION OF WARRANT EXIGENCY

Lieutenant Charles Denmark has approved this application for an arrest warrant, and affirms the emergency nature of the warrant is as outlined above.

Your affiant, **Detective Matthew Chiang; 10015,** is and has been since **February 2021**, a duly sworn **Deputy Sheriff** for the **Sheriff of Orange County**.

Detective Chiang is a Deputy Sheriff with the Orange County Sheriffs Office Sex Crimes Unit. Detective Chiang is law enforcement officer of the State of Florida in that Detective Chiang is empowered by law to conduct investigations of and to make arrests for offenses enumerated within the meanings of Florida State Statutes.

Detective Chiang has been employed by the Orange County Sheriff's Office since February 2021. Detective Chiang has received training pertaining to investigating drug/narcotics investigations, aggravated persons crimes (murder, attempted murder, home invasion, robbery, sexual battery) etc-in addition to the nexus between the before mentioned crimes and money laundering as well as additional related offenses.

Detective Chiang's training and experience as a Deputy Sheriff form the basis of the opinions and conclusions set forth below, which I drew from the facts set forth herein.

As a result of your affiant's training and experience, your affiant has probable cause to believe the following:
On February 26, 2024 at approximately 2000 hours, the 13-year old victim, [redacted], was reported missing by her mother, [redacted].

[redacted] advised [redacted]'s step-father, Stephan Sterns, picked her up from home and dropped her off at Hunters Creek Middle School, 13400 Town Loop Blvd, Orlando, FL on February 26, 2024. [redacted] then went to pick up [redacted] from school at dismissal and learned [redacted] never showed to school.

An interview was conducted with [redacted]'s step father, Stephan Sterns, who advised he picked [redacted] up and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. Hunters Creek Middle School begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82"driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated had accidently performed a factory reset on his phone on February 26, 2024, the same day [redacted] went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with [redacted]'s family and friends, it was unusual for [redacted] to be dropped off down the street from the school and not stay in communication with family and friends.

Based on the totality of the circumstances, It is believed a suspect has intentionally interfered with a parent or guardian's custodial rights to a minor.

Your affiant requests this search warrant to search the apartment [redacted] was last known to be located at and obtain evidence to assist in this investigation.

Based on the foregoing and your affiant's knowledge, training and experience, **Detective Matthew**

AFFIDAVIT FOR SEARCH WARRANT

STATE OF FLORIDA
COUNTY OF ORANGE

Comes now the affiant, **Taylor Heller; 9075,** a sworn law enforcement officer, to-wit: a **Deputy Sheriff** for the **Orange County Sheriff's Office, Florida,** before the below signed **Judge, in and for Orange County, Florida, Ninth Judicial Circuit**, who makes this application and states under oath that affiant has probable cause to believe that evidence of a felony violation of the laws of the State of Florida relating to **Interference with Child Custody**, Florida Statute **787.03** is currently being stored at premises controlled by **Discord Inc**, a provider of electronic communications service and remote computing service, headquartered at **444 De Haro St. Suite 200, San Francisco, CA 94107.**

Affiant seeks to seize the below-described evidence pursuant to Florida Statute § 92.605 and § 934.23, as well as the United States Code 18 U.S.C. 2703, and California Statute § 1524.2, which compel out-of-state electronic communication service or remote computing service that provides such services to the public to provide information requested pursuant to search warrants, court orders or subpoenas issued in the State of Florida. However, because the out-of-state electronic communication service or remote computing service provider has no reasonable means to distinguish evidence of the crimes from any other records contained within the sought-after account, your Affiant seeks to compel the service provider to seize a copy of all records pertaining to the account and provide the entirety of the records to the Affiant. Once the Affiant has obtained those records, the Affiant and/or other agents authorized to execute the warrant or to assist therein, shall conduct an actual search of the items obtained from the out-of-state electronic communication service or remote computing service provider in order to sort the evidence of the crimes articulated below and specifically sought herein, which may be intermingled with innocent or innocuous documents or records.

As such, there are two sections below, the first of which articulates the particular property sought, which will be executed by your Affiant and/or their colleagues after your Affiant receives the items sought from the out-of-state service provider; the second section articulates what the out-of-state electronic communication service or remote computing service provider is obligated to produce to the Affiant. It is known of [redacted] to use a Discord account with user name [redacted] to conversate with other users.

Background on Discord, Inc.

Discord, Inc. owns and operates a free messaging platform where millions of users from around the world connect with each other through chat, voice, and video. Discord, Inc. provides this platform on both desktop (PC, MAC, and Linux) application and mobile (iOS and Android) application. Once a user of Discord's application creates a username and account, the user can create a server and invite friends to join the invite link or join existing servers. Servers can be broken down into subcategories or "channels" where users can connect with each other by either chatting or calling. Users can also communicate through direct messages or private chats between one to ten users. Discord allows users to communicate over voice, video, and text. Discord was created for use by individuals playing video games to allow them to play and discuss games in private servers they have been invited into or create themselves. Discord users can also send and receive images and videos. According to Discord's privacy policy, it keeps device IDs and IP addresses related to users' activity. Discord allows users to connect other social networking profiles to a Discord profile. Discord keeps information from those linked social networking accounts. Discord also uses cookies to keep track of the user's computer and browser settings. Discord also allows for advertisements.

There is a fear for [redacted]'s safety after images were discovered on Stephan Stears's cellphone.

Based upon the above information, I respectfully request a search warrant for the Discord account in order to obtain evidence in order to further this investigation.

Based on the forgoing, I request that the Court issue the proposed search warrant. Because the warrant will be served on Discord Inc who will then compile the requested records at a time convenient to it, reasonable cause exists to permit the execution of the requested warrant at any time in the day or night.

I further request that the Court order that all papers in support of this application, including the affidavit and search warrant, be sealed until further order of the Court. These documents discuss an ongoing criminal investigation that is neither public nor known to all of the targets of the investigation. Accordingly, there is good cause to seal these documents because their premature disclosure may give targets an opportunity to flee/continue flight from prosecution, destroy or tamper with evidence, change patterns of behavior, notify confederates, or otherwise seriously jeopardize the investigation.

The exhibits will be physically examined, documented and examined for evidence. The results of the examination will be presented by your affiant or designee and later forwarded to the Office of the State Attorney. The **RETURN** portion of this warrant will reflect the actual seizure of articles. The examination may exceed ten days or more based on the high volume of data to be processed and examined, but all results will be submitted as evidence at a later date.

WHEREFORE, your affiant makes this affidavit and requests the issuance of a Search Warrant in due form of law authorizing a search of the above-described property by officers of the law for evidence heretofore described and for the seizure and safekeeping of said evidence, subject to the order of a Court having jurisdiction thereof.

JURISDICTION, this Court has jurisdiction to issue the requested warrant because it is "a court of competent jurisdiction" as defined by 18 U.S.C. § 2711. 18 U.S.C. §§ 2703(a), (b)(1)(A), & (c)(1)(A). Specifically, the Court has jurisdiction over the offense(s) being investigated. Florida State Statute § 933.02 require out-of-state electronic communication service providers doing business with the public must accept Florida subpoenas, court orders or search warrants. § 92.605 adds the revealing of the identity of the customers using those services; data stored by, or on behalf of, the customers; the customer's usage of those services; or the recipients or destinations of communications sent to or from those customers. California Penal Code section 1524.2 (2003) contains similar provisions.

I have been a sworn law enforcement officer for the Orange County Sheriff's Office since August 10, 2017. I have been trained in a variety of law enforcement techniques such as use of force, vehicle operations, firearms training, advanced interviewing, and investigations. I have come to investigate numerous sexual related crimes involving children and adults. I have authored several arrest and search warrants throughout my tenure. I am currently assigned as a Detective to the Criminal Investigations Division Sex Crimes Unit.

As a result of your affiant's training and experience, your affiant has probable cause to believe the following: **On February 26, 2024 at approximately 2000 hours, a 13-year old victim was reported missing by her mother.**

The mother advised her daughter's step-father, Stephan Sterns, picked her up from home and dropped her off at Hunters Creek Middle School, 13400 Town Loop Blvd, Orlando, FL on February 26, 2024. The mother then went to pick up the victim from school at dismissal and learned the victim did not attend classes.

An interview was conducted with the victim's step father, Stephan Sterns, who advised he transported the victim from her residence and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. Hunters Creek Middle School begins class at 0930 hours. A License Plate Reader captured Stephan's vehicle with Florida tag "IYLL82"driving away from the school at 0810 hours. During the interview with Stephan, he provided consent to search his phone, however he stated he had accidently performed a factory reset on his phone on February 26, 2024, the same day the victim went missing. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with the victim's family and friends, it was learned it was unusual for the victim to be dropped off down the street from the school and not stay in communication with family and friends.

Upon reviewing the contents of Stephan's phone, several images and videos were located which depicted the missing juvenile with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting the missing juvenile's vagina and mouth being penetrated by a penis. As such, the files depict the sexual performance of a child. Your affiant has probable cause to believe Stephan was in possession of material depicting the sexual performance of a child.

It should be noted, the penis observed penetrating the victim had distinct marking on it which consisted of bright pinkish-colored skin below the head of the penis until approximately a quarter of the length down the shaft of the penis. Several other pictures capturing this distinct pattern were observed on the phone. Further, as your affiant was reviewing the pictures and videos, I was observing several different pieces of clothing to include patterned underwear, shirts, blankets, and sheets. Simultaneously, detectives of the Orange County Sheriff's Office were executing a search warrant at Stephan's home address of [redacted], Kissimmee, Florida 34741. This address is also where the victim and her mother live. The detectives searching the residence were contacted and confirmed they found the same distinctive clothing worn by both Stephan and the victim in Stephan's room and the victim's room. Based on the totality of the circumstances, your affiant has probable cause to believe Stephan committed a sexual battery (familial/custodial authority) on the victim. It should also be noted there were

pictures and videos collected on several different dates over the course of approximately two years.

"PROCEDURES FOR EMERGENCY ARREST AND SEARCH WARRANTS"

"True emergencies are rare and most warrants should be handled by a judge during normal court hours. Warrants should be sought outside of normal court hours only where a suspect would escape or evidence would be lost if immediate action is not taken. The suspect's location should be specifically known at the time the warrant is sought. Alternatively, an emergency warrant can be sought if the suspect's identity is known but his/her location is unknown and the suspect is a threat to the safety and welfare of a citizen or the community. Emergency warrants of these types should be sought only when law enforcement is waiting to immediately proceed on the search or arrest warrant." ~ *Memorandum by the Chief Judge, November 9, 2015*

Lieutenant Charles Denmark has approved this application for an arrest warrant, and affirms the emergency nature of the warrant is as outlined above.

Your affiant, **Detective Corporal Evan Avila; 8147,** is and has been since **May 2016,** a duly sworn **Deputy Sheriff** for the **Sheriff of Orange County.**

Your Affiant, Evan Avila, is a sworn law enforcement officer with the Orange County Sheriff's Office and has been since May 26, 2016. Your affiant has been assigned to the Criminal Investigations Division. During your Affiant's tenure with the Orange County Sheriff's Office, your Affiant has authored numerous arrest warrants and search warrants for a wide range of felonies. Furthermore, your Affiant has gained experience, attended schools, and training which have bolstered your Affiant's ability to perform law enforcement functions..

As a result of your affiant's training and experience, your affiant has probable cause to believe the following:
On February 26, 2024 at approximately 2000 hours, the 13-year old victim, [redacted], was reported missing by her mother, [redacted].

[redacted] advised [redacted]'s step-father, Stephan Sterns, picked her up from home and dropped her off at Hunters Creek Middle School, 13400 Town Loop Blvd, Orlando, FL on February 26, 2024. [redacted] then went to pick up [redacted] from school at dismissal and learned [redacted] never showed to school.

An interview was conducted with [redacted]'s step father, Stephan Sterns, who advised he picked [redacted] up and dropped her off in front of Peace United Methodist Pre-School, 13502 Town Loop Blvd, Orlando, FL, which was down the street from the school, at 0840 hours. Stephan provided his phone number to be 407-256-1832.

After an extensive canvass of the area and interviews with [redacted]'s family and friends, it was unusual for [redacted] to be dropped off down the street from the school and not stay in communication with family and friends.

Based on the totality of the circumstances, It is believed a suspect has intentionally interfered with a parent or guardian's custodial rights to a minor.

Your affiant requests this search warrant to search the vehicle [redacted] was last known to be located in and obtain evidence to assist in this investigation.

Based on the foregoing and your affiant's knowledge, training and experience, **Detective Corporal Evan Avila; 8147** has probable cause to believe that **Items of value are specified as; weapons including, knives, blunt objects, firearms, ammunition for firearms, projectiles, casings, fingerprints, blood, hair, DNA, fibers, other items of serology to include clothing and/or other items that could have come into contact with the victim or suspect at the time of the incident; cellular devices and the data contained within to include but not limited to video, images, contacts, text messages, voicemails, web information, call logs, owner information, application database files, GPS locations. I, Stephan Sterns do hereby voluntarily make the following statement without threat, coercion, offer of benefit or favor by any persons whomsoever.

Dropped of about a block or so from school, sometime between 8:25 - 8:40AM. Turned around and headed back towards town. I watched in my rearview mirror as she made her way in the direction of school. She was busy searching through her backpack for something but seemed to still be moving towards the school. So I carried on with my day. I stopped by a nearby vape shop but it was closed so I went home, and left about an hour or so later to check the shop again. It was open so I bought my vape juice and returned home. Relaxed with [redacted] for a while. Later went out in the afternoon for a few more errands, and returned home around 2:30.

Incident #24I023174
Zone 72

Supplemental Report

On March 1, 2024, our agency Emergency Response Team was utilized to assist in searching for the missing juvenile, [redacted]. I responded to American Classic Charter School located at 2395 Hickory Tree Road, which was used as the Emergency Response Team staging area to assist as needed.

Donna Sita (Intelligence Supervisor) was also on scene. A witness arrived at the location and provided Ms. Sita with information about observing the suspect in this case on Hickory Tree Road, (area of 5670 Hickory Tree Road) changing a tire. Upon receipt of this information, Sgt. Swan and I proceeded to this area.

As we approached the area, I observed a gate on the right side of the roadway, which had an area of gravel/dirt in front of it. Behind the fence was a Conex box in the field area. Sgt. Swan parked her assigned vehicle in this location. I observed a gate on the left side of the roadway, with an area of grass in front of it. On the left side behind the fenced area were hay bales to the right as you enter the property and bamboo trees on both the right and left sides. The time was approximately 1630 hours and the day was sunny and clear.

Sgt. Swan advised she knew the property owner for both sides of the area as previously described and contacted him via cell phone. Hardy Dymmek responded to the location within minutes, with an unknown male. Mr. Dymmek gave verbal consent for us to enter his properties; the unknown male (known to Mr. Dymmek) unlocked the gates on both sides of the roadway. Mr. Dymmek explained how to ensure the gates were locked upon our exit and requested us to ensure they were secured when we were finished checking the property.

Sgt. Swan and I entered the open gate on the left-hand side of the roadway and proceeded to walk to the right, where the hay bales were located. There were two rows of hay bales. We walked along the hay bales to the left, checking for any items of evidentiary nature and returned to where they began. Sgt Swan walked to the right of the hay bales, and I proceeded to walk towards the line of bamboo trees located on the left hand side as you enter the gate, opposite of the location of the hay bales.

As I approached the tree line, I observed something blue among the greenery on the ground. As I approached closer to the area of something blue, I could see the outline of what look like blue jeans and the stitching on the back pockets of blue jeans. As I approached closer, I could see what appeared to be the outline of a small body, covered in blue jeans and a greenish top like a sweatshirt with a hood. I called to Sgt. Swan to come over to my location to confirm my findings.

SCANNED
APR 25 2024
BY: VN

The body was laying on the left side and was somewhat drawn in like a fetal position. There was either hay or dried grass over parts of the body. It was apparent it was a human body based on my training and experience. As I approached closer, it was obvious there was no signs of life as insect activity was present. I did not observe any odor.

I took four photographs from this angle to document the crime scene as it was found. The first photograph depicts the area I was walking and observed the

blue. The second, third and fourth photographs are taken from the area I recognized blue jeans and a greenish top. I made notification to Major Hinderman who requested I forward him the photos taken. Three of the four photos were forwarded to him as requested as he was present with members of SCPD and KPD. He asked if there was a green sweatshirt on the body and I confirmed there was.

Sgt Swan and I exited the immediate area, and I walked on the opposite side of the bamboo tree line (roadside) to take two additional photographs from the opposite angle. From this angle, some blue is visible, but it is unclear what the blue is.

I walked out of the gate with Sgt. Swan and obtained crime scene tape to secure the scene. Multiple deputies responded to the area to assist. Upon the arrival of Sheriff Lopez, he requested to be taken to the location where I located the body, which I did. I began the crime scene log, after Sgt. Swan and I signed it, I requested Sheriff Lopez to sign it as well. The crime scene log was then handed over to Deputy Sweeney.

Our agency forensics unit and detectives arrived, along with members of KPD. The investigation was turned over to them. The photographs were downloaded into Digital on Q. This concludes my involvement in this case.

On February 26, 2024, at approximately 1853 hours, Letizia Nunez called 911 to make a missing person report. Letizia stated she was calling on the behalf of [redacted] who is the mother to [redacted] [redacted] is a 13-year old female who was missing was reported missing from Hunters Creek Middle School (13400 Town Loop Boulevard, Orlando, FL). Letizia would call 911 two different times after the initial call to Orange County, wanting to know why deputies haven't responded yet. This incident would be documented under Orange County Sheriff's Office case 24-011313.

[redacted] completed a sworn written statement to Orange County deputies to the following: [redacted] stated on 02/26/2024, at approximately 0800 hours, she saw [redacted] getting ready for school. [redacted] stated Stephan Sterns took her to school and dropped her off close to the school. [redacted] said Stephan dropped [redacted] off on Town Loop Boulevard between Town Center Boulevard and Hunters Park Lane. [redacted] said Stephan dropped her off between 0830 hours and 0845 hours. [redacted] stated [redacted] never made it to school. [redacted] went to Hunters Creek Middle School around 1600 hours to pick [redacted] up and she never came out of the school. [redacted] stated she searched around the area and then went to her mother's office but could not locate her. Deputy Joseph then contacted Stephen, who identified himself as [redacted]'s boyfriend. Stephan stated he dropped [redacted] off approximately one block away from Hunters Creek Middle School. Stephan said he watched [redacted] walk in the direction of the school while searching for something in her back pack. Stephan then drove to a local vape shop, which was closed so he returned home to 4012 Santa Maria Drive. Stephan stated he left the residence about one hour later to go to the vape shop and to run errands, returning to the residence at approximately 1430 hours.

When [redacted] and Stephan were reporting [redacted] missing, Stephan described [redacted] to be wearing a green hoodie, blue pants and white Crocs. [redacted] then stated [redacted] was wearing black shorts. During this interaction it appeared as if Stephan was answering the deputy's questions while [redacted] was also trying to answer the questions. Stephan appeared confident in his answers about [redacted]'s description, where [redacted] didn't.

[redacted] was entered into NCIC/FCIC as missing. Deputy Joseph from the Orange County Sheriff's Office contacted the on-call Domestic Crimes Detective, who investigate missing persons, who advised to send the report to the Missing Persons squad.

Detective Hunt was assigned the missing person's case and began his investigation. Detective Hunt conducted interviews with [redacted] and Stephan to gather details regarding [redacted] going missing.

On February 27, 2024 at approximately 1116 hours, Detective Hunt made contact with [redacted] at her residence. [redacted] stated the following during her statement: [redacted] stated she last saw [redacted] at approximately 2300 hours,

of 02/25/2024. [redacted] stated [redacted] went to the guest bedroom to sleep along with Stephan because she just started a new job and needed to get some sleep which she had not gotten recently. [redacted] stated [redacted] typically sleeps with her and when Stephan comes into town he would sleep in the guest bedroom. [redacted] stated Stephan moved out of her house sometime in December 2023 because he was offered a job by his father who lives in North Port, Florida. [redacted] stated Stephan has visited two to three times since he moved out. [redacted] stated Stephan was planning on staying one week during this time because he was going to help with [redacted] and their dog while she was in training for her new job. [redacted] stated she couldn`t remember when Stephan arrived. She stated it was either Saturday or Sunday morning. [redacted] stated she heard people getting ready in the morning, but couldn`t say for sure who it was. [redacted] stated Stephan accidently woke her up while trying to get the leash on their dog. [redacted] said she was going to help Stephan, but he was able to get the leash on the dog without her help. [redacted] confirmed she never saw [redacted] that morning. [redacted] stated when she takes [redacted] to school, they would leave no later than 0850 hours. [redacted] stated the night before they agreed to have Stephan get [redacted] ready for school and take her. [redacted] said Stephan was going to take [redacted] to McDonalds, but she changed her mind in the last minute. When Detective Hunt asked [redacted] when she found that information out, she said Stephan called her at 1018 hours in the morning. [redacted] inquired if they ever stopped at McDonalds and Stephan said they didn`t, even though he tried convincing her several times. [redacted] said she set her alarm for 0900 hours, which is when she woke up. [redacted] left the residence around 0930 hours, to go to an appointment to have blood drawn. [redacted] stated she didn`t see Stephan before she left. After [redacted] left, that is when Stephan called her to tell her about the McDonalds. Stephan also stated after he dropped off [redacted] at school, he went to a vape shop, but they weren`t open. [redacted] said she got back home between 1115 hours and 1130 hours, and Stephan was there. [redacted] said she stayed at home until about 1430 hours, until she left to go pick up [redacted] from school. [redacted] said she waited for approximately 10 minutes after the school bell rang for [redacted] to come out to her car. Since [redacted] didn`t come out to the car, [redacted] stated she couldn`t remember if she told [redacted] to go to her grandmother`s ([redacted]) office to be picked up. [redacted] called [redacted] who stated [redacted] wasn`t there. [redacted] drove around the area looking for [redacted], then went back to the school to speak with someone at the office. The office was closed. [redacted] said while she was driving to the school, she placed a call to [redacted] who is [redacted]`s best friend. [redacted] stated [redacted] never made it to school. [redacted] asked her what she meant, and said "I, we dropped her off close to school". [redacted] said she emailed [redacted]`s teachers to inquire about her attendance for the day, which confirmed she wasn`t in school all day. At that point, [redacted] stated she called 911. [redacted] said she is the one who typically gets [redacted] ready for school, but this week she asked Stephan to help because of her new work schedule. [redacted] said Stephan has only dropped [redacted] off once or twice in the past. Detective Hunt asked why Stephan would drop her off close to the school instead of on school grounds and she said [redacted] was embarrassed to be seen in Stephan`s vehicle. Detective Hunt inquired about [redacted]`s biological father, [redacted]. [redacted] lives in Texas, but [redacted] stated she didn`t believe [redacted] would be making her way to Texas to see her father, due to the limited contact they had with each other. [redacted] said

[redacted] left her debit card and cellular phone at home. [redacted] said [redacted] has ADHD, and she would leave her phone at home often. [redacted] also stated [redacted] was diagnosed with autism at the same time of her ADHD. But doctors recently reassessed [redacted] and stated she only has autistic traits, but weren't for sure if she had autism. Detective Hunt asked [redacted] if he could take [redacted]'s cellular phone to examine its contents, which she agreed and provided it to him. Detective Hunt asked [redacted] what she thought happened, [redacted] said she didn't think [redacted] would run away. She was dropped off between 0830 hours and 0845 hours, which is earlier than normal. [redacted] said Stephan told her when he dropped her off, she was rummaging through her backpack assuming she was looking for her phone. Detective Hunt concluded his interview shortly after that.

At approximately 1205 hours, Detective Hunt then contacted Stephan at [redacted]'s residence. Stephan gave the following sworn statement: Stephan stated the last time he saw [redacted] was when he dropped her off at school on 02/26/2024, between 0825 hours and 0840 hours. Stephan said [redacted] liked to be dropped off away from school sometimes because she didn't want to be seen in a "hoopty" car. Meaning an old car. Stephan said he dropped [redacted] off along a stretch of road that had several communities, which was by the overpass of SR 417. Stephan said the school was on the other side of the overpass from where he dropped her off at. Stephan said [redacted] liked cool morning walks. Stephan said [redacted] was wearing her hoodie sweatshirt. Stephan said it wasn't common for him to take [redacted] to school, he was only helping [redacted] out because she started a new job. Stephan said he splits time between Kissimmee and his parents house in Northport, Florida, because they need his help due to their age. Stephan said when he comes to Kissimmee he would come for weeks at a time. However, in other statements received later on in this investigation, Stephan would only come to Kissimmee for a couple days at a time. Stephan stated he arrived in Kissimmee on Saturday (02/24/2024). Stephan said he moved back to his parent's house because they told him they are getting older and they really needed his help around their house. Stephan said his parents were already making an "end of life plan". When Detective Hunt was clarifying the times of 0825 hours and 0840 hours, Stephan said he left his phone at home so he wasn't sure what time it was. Stephan said after he left [redacted], he was looking at her in the rear-view mirror and she looked like she was making her way towards the school. Stephan said he went to a vape shop nearby, but they were closed, so he made his way home and spent time with [redacted] Detective Hunt confirmed with Stephan that he arrived back home around 1000 hours, and [redacted] was there and he said yes. Stephan said [redacted] was just waking up. This statement contradicts what [redacted] said, where her alarm went off at 0900 hours and she left at 0930 hours for her appointment. Stephan said he left to go to the vape shop and went back home where they hung out some more. Stephan said [redacted] wanted to take a nap, so he went to run some errands. Stephan said he went to some card game shops in the area, and that is when he got a flat tire. Stephan said he got a flat tire on Highway 192, which he described as "hair raising". Stephan said he got the flat tire sometime between noon and 1400 hours. Stephan was supposed to go with [redacted] to pick [redacted] up from school, but he said since he got the flat tire he was late getting home. Detective Hunt asked Stephan to tell him about Sunday night going into Monday. Stephan is heard

taking a deep sigh, and said [redacted] was happy, and talking about crushes (meaning boys she had a crush on) and a singing performance. Stephan said [redacted] requested him to take [redacted] to school in the morning, Stephan agreed since he has done this a few times in the past. When discussing the sleeping arrangements, Stephan said he and [redacted] went to sleep around 2300 hours to 2315 hours because [redacted] was wound up from her party. Stephan said they were getting up really early so the could "make good time getting out of the door". Stephan said they got up around 0700 hours on 02/26/2024. Stephan said he spoke with [redacted] a couple times while he was in and out of her room, even though [redacted] said they only spoke once about the dog. Stephan said he was impressed they made such good time getting out of the door, they were out between 0730 hours to 0745 hours. Detective Hunt asked Stephan where [redacted] left her phone, and he said she left it in her room when she was grabbing her shoes or sweatshirt. Detective Hunt spoke to Stephan about the church near where he dropped [redacted] off, and concluded the interview shortly afterwards.

Detective Hunt obtained information from license plate readers and video footage from the area which revealed certain inconsistencies in Stephan`s statement.

Detective Hunt then contacted [redacted] who is [redacted]'s grandmother. The last time she saw [redacted] was the night of 02/25/2024, at her home located at [redacted]. This is where [redacted]'s birthday party was held. It is not uncommon for [redacted] to sometimes walk from Hunters Creek Middle School to [redacted]'s office located at [redacted] On 02/26/2024, [redacted] called [redacted] and asked if [redacted] walked to her office because she was not currently at school. [redacted] stated [redacted] was taken to school by Stephan, whom she knows as [redacted]'s ex-boyfriend. [redacted] believes [redacted] and Stephan broke up in December when he moved out of the home, but she wasn't sure why they broke up. [redacted] stated Stephan possibly came to Kissimmee for [redacted]'s birthday. Stephan has taken [redacted] to school in the past and stated he dropped her off at a nearby apartment complex named Urbana. [redacted] has never run away from home in the past. Approximately one year ago, there was an incident where [redacted] was upset due to having an argument with her mother and she called [redacted]. At that time, [redacted] explained she was walking around the neighborhood due to being angry; however, she soon went back home after being told to do so by [redacted]. [redacted] stated she doesn't like Stephan because he doesn't do anything, as in working. She said [redacted] just doesn't want to be alone

Detective Tagler with the Orange County Sheriff's Office was also asked to assist with interviewing Stephan during this case. Detective Tagler would eventually become the lead investigator for the Orange County Sheriff's Office case. Detective Tagler contacted Stephan at [redacted] Detective Tagler was provided locations where Stephan`s vehicle (2010 silver Lincoln MKZ, bearing FL tag IYLL82) had been seen during the time Stephan stated he dropped off [redacted] at school. Detective Tagler confronted Stephan about his locations during the interview, but

Stephan would provide answers that did not match up to his vehicle location. This raised concerns with Detective Tagler as if Stephan was withholding information. Stephan provided consent to search his phone, however he stated had accidently performed a factory reset on his phone on 02/26/2024. Detective Tagler asked Stephan a second time if he consented to the download of his phone and he agreed and provided his passcode. Detective Tagler gave Stephan's cellular phone to the Orange County Sheriff's Office Digital Forensics Unit to download. Detective Tagler then proceeded to the security gate at Venetian Bay to review video. Upon reviewing the security video, Detective Tagler observed Stephan's vehicle exiting the complex with a female wearing a green sweater in the front passenger seat. The female was slumped over to her left, which is an abnormal way for a person to be seated in a vehicle. At that point, Detective Tagler decided to secure the residence at 4[redacted] for a search warrant.

The Kissimmee Police Department was notified and asked to assist with this case. Detective Smallwood responded to assist Orange County in the search. The decision was made to have patrol officers from the Kissimmee Police Department secure the location for the search warrant to be executed on 02/28/2024.

On February 28, 2024, I, Detective Mark Morris, was called and asked to respond to [redacted] to assist Orange County in executing the search warrant for their missing person case.

Upon my arrival I contacted Orange County deputies who were waiting for their forensics unit to arrive to execute the search warrant. While Orange County was serving a search warrant on the premises, a subsequent search warrant was executed on Stephan's cellular phone. Upon reviewing the contents of Stephan's phone, it was discovered several images were saved in a Google Drive. A separate search warrant was served to Google and upon the receipt of the contents of Stephan's Google Drive, several images and videos were located which depicted an apparent child with her breasts, vagina, and anal opening as the focal point of the pictures/videos. There were also pictures and videos depicting an apparent child's vagina and mouth being penetrated by a penis. The child was later identified as [redacted], whose date of birth is [redacted].

During this time, it was also discovered Stephan did not drop [redacted] off at school as he previously stated. Orange County detectives were able to gather information from license plate readers and traffic cameras, this information confirmed that Stephan did not drop [redacted] off at school. In fact, his vehicle was seen driving south on Old Hickory Tree Road on 02/26/2024.

Corporal Illgen and I drove out to the area of Old Hickory Tree road to canvass the area for possible spots where Stephan may have dumped [redacted]'s body. We searched several different places; however, the results were negative. We also contacted staff at Hickory Tree Elementary to review surveillance video. Deputy Chisolm with the Osceola

County Sheriff's Office was able to assist in watching the video. On 02/26/2024, at approximately 1317 hours, a vehicle matching Stephan's is seen travelling south on Old Hickory Tree Road passing the school.

Based upon the suspicious nature of [redacted] going missing, it was decided that I become the lead investigator from the Kissimmee Police Department.

On February 28, 2024, at approximately 1300 hours, Corporal Illgen and I responded to the Orange County Sheriff's Office so I could be briefed on their investigation. Due to this investigation being worked by the two different agencies, it was decided to have the command center be housed at the Orange County Sheriff's Office. Deputies had already arranged for [redacted] and Stephan to be transported there for a press conference. I was shown the contents of Stephan's Google Drive, where one folder that appeared dedicated to [redacted], contained over 1700 files. A majority of these photographs and videos showed [redacted] in different sexual positions. Based upon these images, Orange County Detective's began to author an arrest warrant for Stephan. Due to the fact that most of these images appeared to have occurred at the residence of [redacted] location, probable cause was provided to Detective Moore of the Kissimmee Police Department. Detective Moore wrote the arrest warrant charging Stephan with sexual battery and possession of child pornography.

I was also provided information from license plate readers, surveillance videos and traffic cameras:

On February 26, 2024, at 0730 hours, Stephan is seen driving his vehicle to the dumpster in Venetian Bay. Stephan is wearing a red shirt and tan pants. Stephan exits the vehicle and throws away two large white trash bags. In the passenger seat of Stephan's vehicle is a white female wearing a green sweatshirt with her head slumped over to the left. The positioning of the female does not appear to be normal and she doesn't move while Stephan is exiting or entering the vehicle. The female appears to be [redacted].

On February 26, 2024, at 0810 hours, Stephan is driving south on John Young Parkway approaching Thacker Avenue. [redacted] is still in the front passenger seat in the same position.

On February 26, 2024, at 0819 hours, Stephan enters Venetian Bay and exits the rear of the complex at 0831 hours. [redacted] is still in the front passenger seat in the same position.

On February 26, 2024, at 0901 hours, Stephan is driving north on International Drive and Central Florida Parkway. [redacted] is still in the front passenger seat in the same position. This confirms that Stephan did not drop [redacted] off at or near school as he previously stated.

On February 26, 2024, at 0935 hours, Stephan is driving into the parking garage of 9271 South John Young Parkway. Stephan drives up to the second level and parks near the northeast corner of the lot. Stephan backs his vehicle into a parking space by the stairs. Stephan exits his vehicle and walks towards the rear of his vehicle and opens the trunk. At 0941 hours, Stephan is seen placing [redacted], who is wearing a green sweatshirt and blue pants, in the trunk of his vehicle. Stephan then exits the parking garage.

On February 26, 2024, at 1014 hours, Stephan enters Venetian Bay through the east gate of the complex. [redacted] is no longer seen in the front passenger seat of his vehicle.

On February 26, 2024, at 1054 hours, Stephan is seen driving to the dumpster in Venetian Bay throwing away more trash.

On February 26, 2024, at 1122 hours, Stephan drives to 13651 South John Young Parkway (eSmokerOnline Vape Shop). Stephan makes a purchase and leaves shortly afterwards.

Stephan`s vehicle then travels east on Highway 192 towards Saint Cloud, Florida. His vehicle is captured on several traffic cameras as well as license plate readers.

On February 26, 2024, at 1316 hours, Stephan is driving south Old Hickory Tree Road. Stephan passes Hickory Tree Elementary at approximately 1317 hours.

On February 26, 2024, at 1411 hours, Stephan is driving west on Highway 192 from Old Hickory Tree Road. Stephan`s vehicle now has a spare tire on the rear driver`s side of his vehicle.

On February 26, 2024, at 1521 hours, Stephan is seen throwing items in the dumpster in Venetian Bay.

On February 27, 2024, at 0318 hours, [redacted]s vehicle is seen driving east on Highway 192 through Kissimmee to Saint Cloud, Florida. The vehicle takes the same exact path as Stephan. At 0335 hours, [redacted]s vehicle is seen driving south on Old Hickory Tree Road from Highway 192. The vehicle is then seen again turning west on Highway 192 from Old Hickory Tree Road at 0409 hours.

The vehicle then returns to Venetian Bay at approximately 0430 hours. A more detailed timeline is included with Detective Cabral`s supplement.

While the arrest warrant was being written and obtained by Detective Moore, at approximately 1645 hours, I contacted [redacted] in a conference room at the sheriff's office. [redacted] was asked questions about [redacted] being missing and the dynamics of the household. [redacted] stated her and Stephan had been dating on and off for approximately seven years. Stephan had moved out of the home in the later part of 2023 (November/December). [redacted] stated while they were together they would either all sleep in the same bed or [redacted] would sleep with her when Stephan was not there. When asked if it was normal that Stephan and [redacted] to sleep together without her being there and she said yes. [redacted] stated if she needed a good night sleep due to her anxiety, she would ask them to sleep in a different bedroom. [redacted] stated she was woke up the next morning by Stephan attempting to put a leash on their dog. Stephan told [redacted] to go back to bed because he would take care of walking the dog. So, [redacted] went back to sleep. [redacted] stated [redacted] must have got dressed for school in her room because her phone was left on her nightstand. [redacted] stated Stephan said he was impressed on how quickly they were able to get out of the house to go to school. Stephan told [redacted] that [redacted] was asleep most of the ride to school, however he was still able to ask her about eating at McDonalds according to Stephan. [redacted] stated they recently ended their relationship and he moved back to North Port, Florida to stay with his parents. [redacted] said she ended the relationship because he was a messy person. [redacted] said they didn't have a sexual relationship because her medications affected her sex drive. I asked [redacted] who drives her vehicle, and she said only her and Stephan. [redacted] said Stephan took her vehicle Monday night because he decided to go drive around, searching for [redacted]. This would have been when Stephan traveled back to Saint Cloud in the early morning hours of 02/27/2024. Orange County Detective's had previously shown [redacted] photographs of Stephan's penis for identification purposes. [redacted] did not want believe [redacted] and Stephan were engaged in sexual activity. [redacted] asked to see the image of Stephan and [redacted]. I pulled out a printed picture from Stephan's Google Drive that showed [redacted] with Stephan's penis in her mouth. [redacted] said she didn't recognize anything in the picture, as if she was in denial. However, she became visibly upset. Shortly after these questions, I excused myself and told her that I was going to speak with Stephan.

I contacted Stephan in an interview room at the Sheriff's Office. Stephan was asleep when I entered the room along with Corporal Illgen. After introducing ourselves, I explained the reason why we were there speaking with him. I read Stephan his Miranda Warnings which we waived and agreed to speak with us. Stephan stated he had known [redacted] for several years and they dated for most of that time. I asked Stephan what the sleeping arrangements were within the home. Stephan stated [redacted] typically sleeps with [redacted] in [redacted]s bed. Stephan stated [redacted] wanted them all to sleep in the same bed when he returned from being away for several months. Stephan stated [redacted] always needed human contact when going to sleep, Stephan referred to it as "snuggling". I asked Stephan if he stayed in the same room as [redacted] the entire night. Stephan said he was up and down, maybe to grab a drink, but he never slept in [redacted]'s bed that night. Stephan stated [redacted] would set her alarm for around 0700-0730 hours, and would then

snooze for a while. Stephan stated they eventually make it out the door. This contradicts his prior statement saying they made good time getting out of the house to drop her off. Stephan said he was giving [redacted] updates as the morning went along, meaning he was telling [redacted] when [redacted] was getting dressed and leaving. This was also not true, as [redacted] stated the only time they spoke is when he was getting the leash on the dog and he told her to go back to sleep. Stephan said they had time to kill since they were too early for school, so he returned home because he forgot his gate clicker for the complex. However, when Stephan arrived at the gate, he had his gate clicker in his hand while speaking with the security guard at Venetian Bay. Stephan said [redacted] was wearing a green sweatshirt, black shorts and white crocs when he dropped her off. This is a different description he provided deputies during the initial contact. As the interview went on, I asked Stephan if [redacted] has ever been sexually active with anyone in the past. Stephan stated there was an incident when she was much younger. Stephan said [redacted] did something with a phone or camera, but she wasn't scolded for it. Stephan said she was very young when this happened. I asked Stephan if he provided Orange County deputies consent to search through his phone and he stated yes. I asked Stephan if he had a Google account and he stated he did. When I asked Stephan if he saved pictures to that account, he said sometimes. Stephan stated he did have pictures of him and [redacted] saved to that account. When I asked Stephan about all the pictures he had saved, Stephan then asked if he should be talking to a lawyer. Shortly after that, Stephan requested an attorney. Stephan was arrested for sexual battery (familial/custodial authority) when the victim was under 12 years old and possession of child pornography. A search warrant was obtained to collect DNA from Stephan. This warrant was executed by Orange County detectives and forensic unit. Stephan was then transported to the Orange County Jail to be held on a zero bond.

While I was conducting interviews with [redacted] and Stephan, Detective Belardes from the Orange County Sheriff's Office, learned the garbage dumpster from Venetian Bay had not been collected since Stephan is seen on video throwing several items away. Detective Belardes arranged for the dumpster to be collected and transported to 4978 LB McLeod Road, where the dumpster was emptied in a secure area away from all other trash. The Orange County Sheriff's Office Forensic Unit responded and assisted in searching through the trash from the dumpster. Crime Scene Investigators located a tire which in the trash, and near the tire was a plastic bag that looked similar to the one Stephan is seen on camera throwing away. Inside the bag was a black backpack with a Hawaiian print. Inside the backpack was an Orange County Public Schools laptop computer belonging to [redacted]. Also, in the bag was a single with croc. This croc matched one that was found in the residence where [redacted] resided. These items were collected by the Orange County Sheriff's Office Crime Scene Investigators and submitted into evidence.

On February 29, 2024, at approximately 1709 hours, we contacted [redacted]. I advised [redacted] that our crime scene technicians were there to collect additional items that were seen in Stephan's photographs. [redacted] confirmed on the morning of 02/26/2024, she was woken up by Stephan trying to put the leash on their dog. [redacted] got up and Stephan told her not to worry about it and go back to sleep. [redacted] said she doesn't remember Stephan coming back in to tell

her goodbye, or saying goodbye to [redacted]. I asked her about writing a statement to Orange County deputies about seeing [redacted] on the morning of 02/26/2024. [redacted] stated she wanted to believe she saw [redacted], but she actually did not see her. [redacted] said [redacted] picked out clothes to wear on the evening of 02/25/2024. I asked [redacted] to explain her and Stephan`s sex life, which she described as "vanilla". Stephan would want to have anal sex with [redacted], but she said she didn`t want to. We later spoke about what medication [redacted] was taking. [redacted] stated [redacted] was taking 20 mg Adderall, 25mg of Hydroxyzine, which is a sleeping medication and anxiety medication, and MiraLAX for constipation. I asked [redacted] what is her morning routine with [redacted]. She said she makes sure [redacted] has her school items ready, while making her breakfast and lunch. [redacted] said she makes sure [redacted] takes her medications before school. Then she would take her to school, [redacted] said her entire life was dedicated to [redacted]. When I asked [redacted] about the sleeping arrangements, [redacted] said [redacted] would sleep with her most of the time, and when Stephan was there, they would all sleep in the same bed together. [redacted] said when her and Stephan broke up, she could only think of a few times that [redacted] slept with Stephan in a separate room. [redacted] said she didn`t feel comfortable with [redacted] sleeping with Stephan, and it didn`t look right to her. I asked [redacted] when she started feeling comfortable with it and she said she never was comfortable with it. I challenged [redacted] about telling them to go to sleep together on 02/25/2024, and she it was a selfish move because she wanted a good night`s sleep.

On February 29, 2024, at approximately 1933 hours, Sergeant Breuer and myself contacted [redacted], who is one of [redacted]`s roommates. [redacted] was placed under oath and she provided the following statement: [redacted] stated she arrived home at approximately 2330 hours, on 02/25/2024. I asked if she seen [redacted] or [redacted] when she got home on 02/25/2024. [redacted] stated she did not see either of them, and said when [redacted] takes her sleeping medication, she falls into a deep sleep. [redacted] stated she did hear noises coming from the bedroom next to her, which would be Stephan`s bedroom where he and [redacted] slept. [redacted] told [redacted] that her and Stephan has not had a sexual relationship within the past six months. [redacted] stated on 02/26/2024, she woke up between 0930 hours and she went downstairs to make breakfast around 1030 hours. [redacted] stated she saw Stephan in the residence at that time. [redacted] said Stephan was acting odd and going upstairs and downstairs, and in and out of the apartment that morning. Stephan was also washing clothes, which she has never seen him do. When [redacted] left for work at approximately 1540 hours, Stephan was there. [redacted] got home from work at approximately 2300 hours, and that is when [redacted] told her that [redacted] was missing. [redacted] said [redacted] was crying and very emotional. [redacted] described Stephan`s emotions as calm, and not how someone would act if their child was missing. Later during the interview, I showed a photograph that was located in Stephan`s phone of a nude female in a bathroom. [redacted] identified the person in the photograph as her, which she did not give him permission to take those pictures.

On March 1, 2024, at approximately 1157 hours, Detective Smallwood and I contacted [redacted] at her residence for a

follow up interview. I advised [redacted] that we would be taking her to the Orange County Sheriff's Office to retrieve her vehicle. I advised [redacted] that I would be taking over the investigation and there would be a press conference this day to announce it. [redacted] asked when I said we, did we mean homicide. I told [redacted] I meant we as the Kissimmee Police Department, but yes, we will be working it as a homicide because we had a strong belief that [redacted] was deceased. [redacted] became silent for a few moments and started to cry. [redacted] said she had been avoiding the internet because of the things being said or leaked to the media and it was traumatizing for her. I asked [redacted] where all she has physically looked for [redacted] since she had gone missing. [redacted] said she has not looked anywhere for [redacted] because she wanted to be home in case she came back home. [redacted] said she has since been staying at her sister's house because she didn't want to be seen in public. I asked [redacted] is [redacted] had any siblings, and she said she was married to [redacted] and he had a daughter that was raised along with [redacted]. That would be the only person who would be considered a sibling. [redacted] said Stephan has been around [redacted] and his daughter, [redacted], a few times. [redacted] said [redacted] lived in Williamsburg which is by Sea World. I asked [redacted] if her or Stephan was in contact with [redacted] and she said yes, by text messages and phone calls. I asked [redacted] if I could see those messages and she handed me her phone and said yes. I asked [redacted] how [redacted] found out about [redacted] and she said she told him. [redacted] was in shock when he heard the news. [redacted] said she had to go out and purchase some small items and she felt like she shouldn't be outside, because of the attention this case has received. [redacted] said she didn't want to end up hospitalized for her mental health. Detective Smallwood asked [redacted] what medication she used to help her sleep. [redacted] said it was called Geodon, but the bottle says Ziprasidone. [redacted] said she has to take it with food and within 30 minutes to an hour she is asleep. [redacted] said [redacted] would take Hydroxyzine for her anxiety and also to help her sleep. [redacted] was asked if Stephan has attempted to reach out to her since he was arrested and she became upset and said no, and it would be stupid if he did. [redacted] stated we asked her about Stephan's sexual kinks and she said she remembered last night that he had an anal sex kink. [redacted] said she always refused when Stephan would want anal sex with her. [redacted] also remembered that Stephan would be easily angered and was very irritable and negative about things. [redacted] said Stephan would only get angry at [redacted] over normal parenting things, or if [redacted] didn't want to do what was asked of her. [redacted] stated she had given Stephan the benefit of the doubt about when he told her he dropped her off at school. [redacted] said Stephan is a master liar and a master manipulator, and she had recently had this conversation with Chris, Stephan's father. [redacted] assumed law enforcement was looking into Stephan because he was the last person to see [redacted], and she wanted to believe he had nothing to do with her going missing. [redacted] said once we showed her the photographs of [redacted] being abused, that is when she realized Stephan was guilty. I asked her what she thought Stephan was guilty of, and she replied "he's been grooming and abusing my child". I asked [redacted] if she thought Stephan killed [redacted] and she said "at this point, I do". I asked her why she thought that and she said we showed her a photograph of [redacted] slumped over in Stephan's vehicle. [redacted] said she felt like Stephan dumped her body somewhere, but she didn't know where. I pressured [redacted] on where she thought Stephan would have dumped [redacted]'s body, and she kept saying she didn't know. [redacted]

became upset and said she would tell us if she knew because she wanted her child back. We arrived at the Orange County Sheriff's Office where [redacted] was taken inside to be interviewed by Detective O'Malley and Detective Smallwood further.

On March 1, 2024, search teams from the Orange County Sheriff's Office, the Osceola County Sheriff's Office and the Saint Cloud Police Department was dispatched to different areas of the respectful jurisdictions to search for [redacted].

A news conference was held by the Orange County Sheriff's Office and the Kissimmee Police Department, asking for the public's help if they may have witnessed Stephan's vehicle in the area. It was also released that Stephan may have been changing his tire on the side of the road.

At approximately 1600 hours, Crime Analyst Donna Sita from the Osceola County Sheriff's Office contacted a witness, Thomas Carris. Thomas told Donna he saw a person matching the description of Stephan with a tire iron in his hand standing next to a silver sedan on Hickory Tree Road. Thomas believed this was on 02/26/2024, at approximately 1320 hours. Thomas provided pictures of the location where he saw this person and pointed out the location on a map to Donna. Donna then relayed this information to other deputies who were searching the area for [redacted].

Captain Lori Mingone and Sergeant Sharise Swan responded to the area that Thomas identified. Sergeant Swan knew the property owner who provided access to the locked gates to the property. Captain Mingone walked towards a row of bamboo trees to the left of the opened gate. Captain Mingone located a small body wearing blue jeans and a green sweater. The body had dried grass and hay on top of the body. This information was relayed to Major Fred Hinderman, who notified Captain Schad.

Captain Schad called me to let me know that [redacted]s body was possibly located. I called Major Hinderman, who provided me with the location of the body they had located.

Detective Smallwood, Corporal Illgen and I, responded to 5670 Hickory Tree Road, where we contacted several deputies with the Osceola County Sheriff's Office. It was decided the Osceola County Sheriff's Office Forensics Unit would be processing the scene. I asked to be brought to where the body was located. Forensics' supervisor Emily Seda walked me to the area where the body was. Based upon the clothing description seen on several videos, the body did appear to be that of [redacted]. The lock to the farm was still locked and didn't appeared to be tampered with. Stephan would have had to drop [redacted]'s body over the barbed wire fence or where the gate was. Then move her body to the location where she was found. I contacted the Orange/Osceola County Medical Examiner's Office and asked for them to respond to collect [redacted].

Medical Examiner Investigator Kiersein Robinson responded and assisted in processing and preserving the body of [redacted]. When [redacted] was removed from underneath the dry grass and hay, I immediately was able to identify her by a specific mole she had on her cheek. [redacted] showed signs of decomposition to one side of her face and her hands. [redacted] was wearing a green hoodie (the hoodie portion was over the top of her head), blue jeans and white socks. The bottom of [redacted]'s socks were clean, which indicates she did not walk anywhere, or the socks would have had dirt on the bottom. [redacted] was transported to the Medical Examiner's Office, where an autopsy would be performed the following day.

I placed a telephone call to [redacted] to let her know that we had located [redacted] and that she was deceased. [redacted] started to cry over the phone and handed the phone to her father to continue to the conversation. I told him that I would be in touch with the family in the next day or two.

On March 2, 2024, at approximately 1000 hours, Detective Smallwood and I, responded to the Medical Examiner's Office for [redacted]'s autopsy. The autopsy was preformed by Dr. Stephan Giles. Prior to the autopsy, I examined [redacted]'s body when it was initially uncovered. I noticed her socks were clean on the bottom, which confirmed my observations when she was located in Saint Cloud. During the autopsy, [redacted]

On March 4, 2024, at approximately 1509 hours, Detective Smallwood and I contacted Thomas Carris, the witness who provided the location to Osceola County Deputies. Thomas stated the following in a sworn statement: Thomas stated he observed the press release in regards to Stephen's vehicle. Thomas stated he was driving down Hickory Tree Road on 02/24/2024, he noticed the Lincoln on the west side of the road, and a male standing next to the vehicle. The vehicle had a spare tire on the rear driver's side. Thomas stated he texted a client of his at 1320 hours, saying that he was 20 minutes away from his house. This would be in the timeframe where Stephan passes Hickory Tree Elementary at 1317 hours. Stephan was shown a photo lineup by Officer Vanessa Carey, in which he positively identified Stephan as the person who he saw standing next to the Lincoln at 5670 Hickory Tree Road. Thomas drew on a paper the location of Stephan's vehicle and identified surrounding trees where [redacted] was found. I asked Thomas if anything stood out to him about Stephan as he passed by. Thomas stated Stephan had a scared look to him, but Thomas thought he was upset due to the vehicle being broke down on the side of the road.

On March 5, 2024, at 1419 hours, I made contact with [redacted] at the Kissimmee Police Department. [redacted] was identified as [redacted]'s ex-husband, prior to Stephan. [redacted] was placed under oath and provided the following

[redacted] would join the game just to talk with [redacted]. [redacted] stated he loved and cared about [redacted] even though the relationship with [redacted] didn't work out. [redacted] said he thought [redacted] was in good hands, so he tried to become with [redacted] since he was going to be in [redacted]s life. [redacted] said he visited [redacted] and Stephan when they lived in Northport, Florida. [redacted] was playing games with Stephan which ended in a small argument. Ever since the argument of board games, they haven't spoke since. I asked [redacted] where he lived when he was living in Florida. [redacted] said he lived in an area called Williamsburg, which is near Sea World. [redacted] would move to Colorado in 2022. [redacted] would keep in contact with [redacted] and would inquire how she was being treated by Stephan. I asked [redacted] to explain the sleeping arrangements when he was living with [redacted]. [redacted] said [redacted] would sleep with [redacted], but he wasn't comfortable with [redacted] sleeping with them in the same bed. I asked [redacted] if he had seen any demeanor changes with [redacted]. [redacted] said [redacted] seemed off for the last few years, which he thought it could have been [redacted] going through puberty, but it started during the end of elementary school. This would be around the time where Stephan began sexually abusing [redacted]. [redacted] said [redacted] wasn't different, but she was always trying to figure out her mental health medications. [redacted] recently disclosed to [redacted] where a recent medication that she had been taking knocks her out, meaning tired and sleeping. I asked [redacted] how he heard about [redacted] and he stated that his wife saw something online. [redacted] talked with [redacted] on 02/27/2024, when [redacted] stated Stephan took [redacted] to school and made a bunch of mistakes afterwards like deleting his phone. [redacted] also stated Stephan and [redacted] both forgot their phones when he took her to school. [redacted] said he believed [redacted] forgot her phone, but thought it was odd that Stephan forgot his phone because he always had his phone and was typing on it all the time. [redacted] said he wanted to make sure the spoke with [redacted] over the phone because he wanted to hear the tone of her voice. [redacted] described [redacted]'s tone as being anxious if something was wrong. [redacted] said they were speaking over speakerphone and Stephan was with [redacted]. Stephan made the comment that he felt guilty because he forgot his phone, and then he accidently reset it. [redacted] couldn't believe that Stephan was saying over the phone. [redacted] began saying what time she thought she woke up because of the dog, and Stephan interjected and told her that he would take care of the dog so she could rest. I asked [redacted] if he knew why [redacted]

didn't go to [redacted]'s birthday party. [redacted] said [redacted]s family can be a lot to handle sometimes, and if she was starting a new job he understood why she wasn't there. I asked [redacted] if he thought [redacted] had anything to do with what happened to [redacted], and he said he doesn't feel like she would deliberately known because she had family that could have helped her with the situation. [redacted] said [redacted] is starting to see a new therapist, and he said if she discloses anything related to this case he would let me know.

On March 6, 2024, at approximately 0906 hours, Detective Smallwood and I responded to 21935 Haynes Avenue, Port Charlotte, Florida. We contacted Frank Peralta, who had previously called me and said he wanted to speak about Stephan. Frank was placed under oath and stated the following: Frank stated he found out about [redacted]s death about three to four days prior to this conversation. Frank stated he saw an article on Google that mentioned her death and he watched some YouTube videos. Frank stated the people making YouTube videos described Stephan in a way different than he knew him. Frank said he met Stephan about three years ago because they played the same game called Warhammer. Frank said he thought some of the interviews were weird because Stephan and [redacted] referred to themselves as boyfriend and girlfriend. Frank knew they weren't in a relationship anymore, so he thought it was odd. I asked Frank if he talked about [redacted] when he hung out with him recently and he said he talked more about [redacted] than [redacted] because they created such a strong bond. Frank thought it was strange because Stephan didn't work, however he had the money to purchase items for the multiple games he played. Frank said he knew that Stephan would take Adderall, because he would be awake all night and would sleep during the day. Frank didn't know if Stephan took any type of sleeping medication. I asked Frank if he had any conversations with Stephan about his sex life. Frank stated no, however they would be out and an adult female would be interested in Stephan and Stephan showed zero interest. Frank stated Stephan told him the was going to go to Kissimmee the weekend of 02/17/2024, but he didn't go. Frank stated Stephan was talking about [redacted] when he said he was going to Kissimmee that weekend. Frank said Stephan was talking about he and [redacted] ending their relationship and [redacted]s name came up during that conversation. He was more upset about the bond he created with [redacted], than having a relationship with [redacted]. There were no conversations between Stephan and [redacted] mentioning him going to Kissimmee that weekend. Frank stated he didn't know much about the sleeping arrangements when Stephan was living in Kissimmee.

On March 6, 2024, at approximately 1018 hours, Detective Smallwood and I responded to 2341 Snug Street, Northport, Florida, to speak with Chris Sterns and Debra Sterns, who are the parents of Stephan. Chris stated that he was expecting to speak with us at some point during this investigation. I told them I was trying to get an understanding of Stephan's and [redacted]'s relationship. They stated Stephan and [redacted] were together approximately seven years. Debra stated they didn't approve of them being together because of drug use. Chris stated it was drug use as well as [redacted] was taking medication for depression and anxiety, and he didn't think [redacted] was going to be a good influence for Stephan. They explained that both Stephan and [redacted] would sleep all the time and it wasn't a positive

thing for the relationship. When both Stephan and [redacted] would suffer a mental illness episode, they would bring the other person down with them, and it wasn't a good dynamic. Chris stated Stephan was diagnosed with sleep apnea and he would be up all night and then sleep all day. I asked what Stephan would do when he was in town staying with them, and Chris stated Stephan would lock himself in his bedroom and only come out to eat dinner. Chris stated he brought Stephan back to Northport from Kissimmee because he was tired of supporting him living with [redacted]. Chris stated Stephan was sharing a room with [redacted], but when they split up, Stephan began living in his own room at the location, so Chris would pay Stephan's rent of $600 a month. Chris said when Stephan moved back to their house, Stephan would lock himself in his room and they were always tension due to his sleeping disorder. Chris said when Stephan moved back to Northport, he and [redacted] were supposed to be broken up. I asked Chris if Stephan ever said they were officially broken up and he said yes and no. Chris stated [redacted] told him the week prior to Stephan coming to Kissimmee for this incident, that [redacted] told him she didn't want Stephan as a partner and he wouldn't be a good partner for her. Chris said he assumed they were officially ended their relationship because Stephan had recently been seeing another female. I asked how many times Stephan went to Kissimmee after he moved back home. They stated he went to Kissimmee three different times including this most recent time. Once being during Thanksgiving and the other was Christmas. Debra stated in the last year or so, [redacted] began showing signs of being bipolar. I asked if she witnessed [redacted] and [redacted] "butting" heads as previously mentioned, and she said no. Debra said she would only hear them arguing over the phone. Debra stated she didn't think [redacted] was a very social person and she didn't have many friends. This was odd because [redacted] had several friends at her current school. I asked when [redacted], [redacted] and Stephan were visiting Northport, if any of them took any medication to fall asleep and Debra said no. Debra said Stephan was prescribed an anit-anxiety medication and ADHD medication. But neither one of them knew that Stephan or [redacted]'s medical routines were. I asked if Stephan would drive the silver Lincoln to Kissimmee when he visited [redacted]. Chris said that he would drive Chris's Lincoln because he didn't trust Stephan's vehicle. I asked why Stephan went to Kissimmee this most recent time and Chris said it was for [redacted]'s birthday. Debra stated [redacted] called Stephan on 02/24/2024, to make sure that he was coming. Chris said something was odd with Stephan and he was very upset. Stephan was anxiously looking for anxiety medication from Chris and Debra, but was unsuccessful. Chris said Stephan looked very stressed out on Saturday (02/24/2024) evening. Chris said he felt that Stephan was more stressed out over something rather than upset at something, but had no idea what was stressing him out. I asked when did they hear about what happened with [redacted]'s disappearance, and Chris said he spoke with Stephan when he arrived in Kissimmee on 02/25/2024. Chris said he tried to get a hold of Stephan several times on Monday (02/26/2024) morning, but he didn't get an answer. Stephan called Chris at 1517 hours and Stephan's voice seemed a little off to Chris. During that conversation, Stephan tells Chris that he got a flat tire somewhere on Highway 192. Stephan tells Chris that he changed the tire but got injured during the process due to pinching his finger between the jack and the vehicle. Stephan then calls Chris back at 1654 hours, and Stephan tells Chris that there has been "an occurrence" and he was on his way to [redacted]'s grandmothers house. Chris thought that was a strange use of words.

Stephan then tells Chris the story of him dropping [redacted] off near the school because she didn't want to be seen in his car. Chris thought it was strange that two incidents happened during the same day. Stephan tells Chris that [redacted] had not been in school all day and the area where she was dropped off at was a known area for kidnappings and abductions. The area of Hunters Creek Middle School is an upper middle-class neighborhood, and not an area like Stephan told Chris. During the conversation, Chris said Stephan was upset as if he was holding himself responsible for [redacted]'s disappearance. Chris said he felt that Stephan was rehearsing his story on him because it was the same routine that he used during Stephan's statement during a media interview on Tuesday (02/27/2024). Chris would speak with Stephan over the phone a few more times during Monday and Tuesday. Chris would ask what Stephan and [redacted] have done to help find [redacted], and when it was mentioned law enforcement wanted Stephan's phone, Chris advised him to hand his phone over if there wasn't anything incriminating on it. Stephan then told Chris that he accidently reset his phone when doing an update, Chris thought it was bullshit and said there was no way to accidently do that. I asked Chris why he went to Kissimmee, and he said Stephan told him they were getting kicked out of their home and had to stay in a hotel. This is when the residence was secured for a search warrant. Chris went to Kissimmee to assist Stephan and [redacted] for whatever they needed. Chris said when he left, he couldn't lock the front door because the batteries were dead in the electronic lock, so he advised Debra of the issue. When Chris got to Kissimmee, he met up with Stephan and [redacted] and they had a small discussion on the probable interviews that may take place the following day and they went to their respective rooms. Chris said he got a call from [redacted] the following morning (02/28/2024), asking if Stephan was with him. Chris and [redacted] met in the lobby and Chris asked [redacted] if her car keys were in the room and she says no. [redacted] received a phone call from a detective saying they are wanting to conduct an interview; however, Stephan was not there. Chris became concerned at that point thinking Stephan was going to look guilty. Stephan eventually shows up to the hotel and told a story that he got lost. Chris didn't believe the story because [redacted]'s car has a GPS feature which would provide accurate directions. Chris was able to speak with Detective Alex Richards, who advised Chris that Stephan was in Northport early Wednesday morning. Detective Richards told Chris they had information that Stephan possibly went to his storage facility located at 1001 Executive Avenue, #124, Northport, Florida. Chris said Stephan would have been disappointed because there was no way to gain access into their home because the only way inside would have been through the garage, which he didn't have remote for. Chris stated when Stephan eventually made it back to the hotel, he went to sleep and there was no waking him up. I asked Chris why Stephan would come to the house, and he said the only reason would be to possibly steal something to get money. I asked if they have spoke with [redacted] since Stephan was arrested and Chris stated they exchanged a few texts. Debra asked if we spoke to [redacted] about what happened after [redacted]s birthday party. Debra stated [redacted] told them she asked [redacted] to go sleep with Stephan in his room, and Debra was not ok with that and that was another reason they wanted Stephan to come back to their home to stay. I asked them if Stephan had any medication prescribed to him when the came to Kissimmee and he said no. Stephan was having a lapse in insurance coverage. I asked Chris when Northport Police Department contacted him, did he give them a desktop computer and he said yes.

Chris said they gave Northport Police Department full access to Stephan`s room, but it did not appear they took anything of evidentiary value other than the computer that Chris gave them. Chris went on to say that [redacted] should not have been acting they way she was after just learning that [redacted] was the victim of sexual abuse. Then also stated he thought everything that Stephan would say was a lie and he didn`t know what to believe, especially during the media interview. Detective Smallwood asked them if they thought Stephan would be capable of doing something like this, and Debra said no, and she thought it may have been an accident.

After the interview was concluded, Detective Smallwood and I responded to the Northport Police Department, where we collected the tower computer and power cord collected from Stephan`s room. The computer was delivered to the Kissimmee Police Department and submitted into evidence.

On March 7, 2024, at approximately 1038 hours, I contacted [redacted] who is a roommate that lived at [redacted]. [redacted] provided the following in a sworn statement: [redacted] stated she has known [redacted] for years because she was friends with [redacted]'s sister. [redacted] moved into the residence in the beginning of 2022. [redacted] stated Stephan was already living at the residence, but she didn`t communicate with him outside of saying hello and goodbye. [redacted] would spend most of her time in her own bedroom with her son. [redacted] confided in [redacted] that Stephan wasn`t maintaining a job to help provide for the household. That is when Stephan moved upstairs away from [redacted] and eventually moving out of the residence and back to his mother and father`s residence. [redacted] stated her work schedule and morning routine are consistent because it had to be for her son. [redacted] stated she makes it a point to be out of the house by 0745 hours, because she has to drop off her son before she goes to work. [redacted] stated [redacted] is normally waking up as she is leaving for the day, and she would sometimes see her. I asked if she ever seen [redacted] getting ready for school, and she said that [redacted] would typically get ready for school in [redacted]`s bedroom. I asked [redacted] if she has ever seen [redacted] be alone with Stephan, and she could only remember one time they were inside of his room playing video games. [redacted] text [redacted] asking if she was good with [redacted] being in the room alone with Stephan, and [redacted] replied saying thank you. I asked [redacted] if [redacted] takes medication, and she said she thought she took medication to help with her ADHD and sleeping habits. [redacted] described an incident where she tried waking [redacted] up in the middle of the night because someone tried breaking into her car. [redacted] stated it was very hard to wake [redacted] up, and believed it was because of the medication. [redacted] stated during the evening of 02/26/2024, [redacted] told [redacted] that she would help pass out flyers on 02/27/2024, or do whatever else that needed done to find [redacted]. That is when Stephan looks at [redacted] and asks her "Are you ok?". [redacted] became annoyed and told him no. [redacted] was bothered with this question from Stephan, and thought the question was odd. [redacted] described [redacted] as being "in pieces" meaning very upset about [redacted]`s disappearance, and Stephan was acting like he was concerned. I asked [redacted] if she has ever known [redacted] want to go to school early, and she said no. [redacted] stated she did not think [redacted] had anything to do with

[redacted]'s death, and became very emotional saying they love their kids.

On March 7, 2024, at approximately 1307 hours, Detective Reyes Soto an I contacted [redacted] to conduct a follow up interview. It appeared that [redacted] was moving out of the residence she shared with [redacted] and [redacted]. I wanted to confirm the timeline we had previously spoke about. [redacted] stated she got home from work on 02/25/2024, at approximately 2300 to 2330 hours. I asked if she seen anyone when she got home and she said no, but could hear people upstairs. I asked [redacted] if [redacted]'s door was open and she described it as being cracked open slightly. [redacted] stated she went to sleep around 0230, which is she was hearing noises coming from Stephan's room. She described the noises as of someone was putting stuff on a table, which in order for her to hear noises it would have to be significant based upon the noise would have to travel through two closed doors and across a hallway. [redacted] stated if [redacted] is awake, the television would be on or a light would be on in her room. Which when she got home, neither were on, which led [redacted] to believe [redacted] was sleeping. [redacted] said she did see the light on in Stephan's bedroom when she got home. [redacted] said she woke up around 0930 the next morning. She eventually went downstairs to make breakfast and she seen Stephan. [redacted] said Stephan was going in and out of the house and up and down the stairs. The next time she seen Stephan was around 1330 to 1400 hours, and Stephan was washing clothes. I asked [redacted] about the sleeping arrangements, and she said all three of them would sleep together. They made a small space for [redacted] to sleep in the living room, but she didn't like it so she would sleep with [redacted]. I asked if she ever witnessed Stephan and [redacted] go into Stephan's bedroom by themselves, and she said yes. [redacted] would be at the house when this occurred. [redacted] said she had a conversation with [redacted] about Stephan and [redacted] going into the same room together and [redacted] would tell her that Stephan would never harm [redacted], so she was ok with it happening. [redacted] stated she had another conversation with [redacted] about her sexual interactions or lack there of with Stephan. [redacted] said they didn't have sexual relations often and that is why she didn't want to be with him any longer. When Stephan was told he had to move out of the house, [redacted] stated he was not happy. [redacted] did not appear to be upset with Stephan moving out of the house. I asked [redacted] what [redacted]s routine would be when she would wake up for school. [redacted] said [redacted] would go to her portion of the living room and get dressed. She would eat breakfast and [redacted] would let her sleep a little while longer before they left to school. [redacted] stated she has never seen Stephan take [redacted] to school. I asked [redacted] how [redacted] was acting from what happened. She said [redacted] was "bad" and she couldn't believe this was happening.

Over the next couple weeks, I reviewed the cellular phone data that was extracted from Stephen, [redacted] and [redacted]'s phones.

[redacted]'s phone revealed the following:

On 12/16/2023, at 0047 hours, [redacted] sends a text message to Stephan that contained a photograph of two coins. The coins had the inscription of "New Parent Decision Coin", and appeared to be from Amazon.com. [redacted] sends two follow up texts to Stephan stating "We need this" and "Get it for us please". A search of Amazon for these coins revealed these coins are for new parents, where one can flip a coin to decide if it is the mother`s or father`s time to complete a task for a newborn. Due to the fact that this conversation was not near Fathers Day or Mother`s Day, leads one to believe [redacted] and Stephan had possibly spoke about conceiving a child.

Detailed information about steps in the health application for iPhone during the timeframe between 02/25/2024 at 2030 hours and 02/26/2024 at 1600 hours:
02/25/2024 at 2209 hours - 9 steps taken
02/25/2024 at 2319 hours - 31 steps taken and 1 floor climbed, which matched the time when [redacted] sent [redacted] and Stephan upstairs to go to sleep.
02/26/2024 at 0705 hours - 113 steps
02/26/2024 at 0715 hours- 50 steps
02/26/2024 at 1055 hours - 8 steps, which is when Stephan is back at the residence.
02/26/2024 at 1437 hours - 54 steps, which is when [redacted] would be taking [redacted]s phone to her when she left to go pick her up from school.
02/26/2024 at 1703 hours were the next steps counted

[redacted]`s phone was plugged in to charge on 02/25/2024 at 2338 hours. [redacted]s phone is unplugged from the charger on 02/26/2024 at 0704 hours. The phone is then powered off at 0716 hours. This pattern of [redacted]s cellular phone use is not typical of her normal day. Which shows this activity was not physically done by [redacted]. On 02/26/2024, at 1055 hours, is the next time [redacted]s cellular phone is turned back on, which coincides with the 8 steps it moved at the same time. Stephan and [redacted] would have been the only people in the house at that time, and per [redacted]`s statement, she was inside of her bedroom during this time and only seen Stephan while he was doing laundry.

Upon reviewing Stephan`s cellular phone download, the following was observed: On 02/26/2024 at 1212 hours, a factory reset was done on the phone. This can only be accomplished by navigating to the settings option in the phone, tapping general management, swipe and tap reset, the tap factory data reset, and then review the information. Once reviewing the information is complete, swipe and tap reset. If there is a password on the phone, at this time a person would have to enter their password. This shows that Stephan could not have accidently reset his phone, as it has nothing to do with a phone update as he stated during his previous statements made under oath. Another factory reset was done on Stephan`s cellular phone on 02/27/2024 at 0000 hours. This would be the timeframe of his last statements

to law enforcement and before he drove [redacted]'s car to Saint Cloud. Also, on Stephan`s cellular phone was over 1000 images in a file named [redacted] in his photographs, most of these photographs are sexually graphic in nature. These images will be described upon reviewing Stephan`s Google information. Stephan also searches Sevoflurane on two different dates: 02/12/2024 and 02/14/2024. Sevoflurane is a volatile anesthetic that provides hypnosis, amnesia, analgesia, akinesia, and autonomic blockade during surgical and procedural interventions. Clinical uses include inhalational induction of general anesthesia in neonatal and pediatric patients secondary to IV`s. This information was obtained by Google. It is unknown why Stephan would be searching this item using the search terms of "show up in drug test", when he wasn`t attempting to get a job or he didn`t have any children that were having surgery.

Upon reviewing [redacted]'s cellular phone download, the following was observed: [redacted] would set an alarm at 0730 hours, on days that she would bring [redacted] to school. There were messages between [redacted] and Stephan on 02/25/2024, starting at 2339 hours, that stated the following:

02/25/2024 at 2339 hours - [redacted] text Stephan "Make sure she goes to bed right now"
02/25/2024 at 2339 hours - Stephan replies "Ok sweetie, goodnight"
02/25/2024 at 2339 hours - [redacted] replies "Goodnight"
02/25/2024 at 2340 hours - Stephan texts [redacted] "She`s built her nest and she`s settling in now"
02/25/2024 at 2340 hours - [redacted] replies "Ok good"

These messages confirm what [redacted] stated during interviews, that Stephan and [redacted] were alone in his bedroom prior to her death the following morning.

On 02/25/2024, [redacted] set her cellular phone on a wireless charger at 2354 hours. On 02/26/2024, [redacted] set an alarm to go off at 0900 hours. The alarm was removed from the notifications while still on the wireless charger. On 02/26/2024, at 0919 hours, [redacted]'s cellular phone was physically removed from the wireless charger. This is consistent with her daily activities with removing the alarm notifications, or snoozing the alarm. There were several other messages between her and Stephan regarding [redacted] sleeping in the same room together. There was also text messages between Stephan and [redacted] claiming Stephan gave [redacted] an extra dose of her medication when it was not necessary.

I was able to search through images on Stephan`s Google account that was recovered from a lawful search warrant submitted by the Orange County Sheriff`s Office. I observed the following videos/images of high interest:

[redacted]'s vagina. [redacted]'s identity is confirmed by a small birthmark that is right above her anus. This same mark is seen in several other photographs of [redacted].

There were hundreds of other images containing [redacted] within Stephan`s Google account, with most of them depicting sexual activity. A copy of Stephan`s Google account was submitted into evidence.

On March 12, 2024, at approximately 1239 hours, Detective Smallwood and I responded to Hunters Creek Middle school to interview classmates of [redacted]. We contacted [redacted], who stated she didn`t have any classes with [redacted] and would only see her in passing at school. [redacted] tated she was friends with some of [redacted]'s friends and that is how she met her. [redacted] stated the last time she spoke with [redacted] was on 02/23/2024, when they were talking about a boy she liked named [redacted]1. [redacted] said she got a lot of her information from [redacted], who was [redacted]'s best friend. It appeared that [redacted] did not have any pertinent information regarding this case.

We then contacted [redacted], who identified herself as one of [redacted]'s friends. [redacted] stated [redacted] was typically a happy person, however she wouldn`t talk to her on a personal level. She knew [redacted] had a birthday party, but didn`t know who attended. [redacted] confirmed [redacted] was [redacted]'s best friend. It appeared that [redacted]d did not have any pertinent information regarding this case.

On March 13, 2024, at approximately 0900 hours, Detective Pinnell and I responded to 6080 Hickory Tree Road, where we contacted Sylvana Vester. The Kissimmee Police Department received a tip about this case that mentioned Sylvana, who possibly had information regarding [redacted]. I asked Sylvana if she could provide me with some insight on [redacted]'s family. Sylvana stated she has known the family for approximately two years, which would put [redacted] around 11 years old. Sylvana stated she would go hiking with [redacted] and [redacted] in the area of Lake Lizzie (Saint Cloud, Florida). Sylvana stated [redacted] started dating Stephan and she didn`t think very highly of him because he didn`t have a job, and all he would spend most of his time painting figurines. I asked who would come to this area to visit when they went hiking. Sylvana stated it would only be [redacted] and [redacted], Stephan never once went with them. Sylvana did not know why Stephan would be in Saint Cloud, because according to her he does not have any ties to that area.

On March 13, 2026, at approximately 1600 hours, Detective Kaluszkin and I responded to [redacted] Florida to make contact with [redacted]. [redacted] was identified as [redacted]'s best friend by multiple people. [redacted] was placed under oath to obtain the following statement: I explained to [redacted] and her mother that was present, that I understood that she was previously interviewed by detectives from the Orange County Sheriff`s Office. I had to clarify a couple of items she had previously discussed. I asked who else was at [redacted]'s birthday party other than her

family. [redacted] stated another girl from their school, [redacted], was there. [redacted] did not know [redacted] last name. I asked [redacted] how [redacted] was acting at her party, and she stated when she got there, she was kind of acting upset. But when [redacted] got there, she changed her demeanor and began to act happy. I advised [redacted] that she had previously mentioned her and [redacted] may have been on the same menstrual cycle, meaning they got their period at or near the same time monthly. [redacted] clarified that [redacted] got her period in January, but she didn't know if she got her period in February or not. [redacted] then explained that [redacted] was upset because some of her friends cancelled going to her party the day before. [redacted] assumed [redacted] was upset at the party because [redacted] was not there. [redacted] stated whenever she woke up, she would always have text messages from [redacted]. This would occur everyday according to [redacted]. But [redacted] did not receive a message from [redacted] on 02/26/2024.

On March 14, 2024, Corporal Edward Diehl authored a search warrant to obtain the fingerprints of Stephan. The warrant was signed by the Honorable Judge John Beamer.

On March 15, 2024, at approximately 0941 hours, Detective Acevedo and I responded to the Osceola County Jail to execute the search warrant for Stephan's fingerprints. Crime Scene Technician Alex Figueroa and Supervisor Isabel Johnson also responded to collect the fingerprints. Stephan was provided a copy of the signed search warrant and he cooperated while his fingerprints were collected. Once the fingerprints were collected, Stephan was escorted to his portion of the jail.

On March 20, 2024, at approximately 1356 hours, Detective Smallwood and I responded to 4030 Packard Avenue, Saint Cloud, Florida, where we contacted Walter Roska. Walter had previously called in a tip regarding possibly seeing Stephan changing his tire. Walter stated the following under oath: Walter stated he saw the media release about attempting to identify Stephan and his vehicle and where he may have changed his tire. Walter said he noticed a person resembling Stephan and the vehicle mentioned on the side of the road just south of Hickory Tree Road and Old Hickory Tree Road. Walter didn't think anything about it and continued driving. Walter mentioned he seen this vehicle at approximately 1200 hours, on 02/26/2024. It is unknown if Walter was unsure about his timeframe, due to the fact that Stephan was not in that area at 1200 hours, based upon security footage and cell phone data.

On March 28, 2024, the Honorable Judge J. Bigney signed a search warrant for [redacted]'s medical records. The warrant was executed at 102 Park Place Boulevard #D1, Kissimmee, Florida 34741 (OPA Behavioral Health). I was provided her medical records upon execution of the warrant. Upon reviewing [redacted]'s medical records, [redacted] these records were submitted into evidence at the Kissimmee Police Department. The Honorable Judge J. Bigney also singed a search warrant for the Fitbit device that Stephan was wearing during the time he was with [redacted] on 02/26/2024. This warrant was sent to Google who

provides the records for Fitbit.

On March 29, 2024, I received the case synopsis from the medical examiner`s office. Dr. Giles ruled the cause of death as strangulation and the manner of death is homicide.

On 04/10/2024, at 1453 hours. Stephan calls Chris Sterns, using inmate identification 1419688. 12:57 minutes into the call Stephan tells Chris, "you know that I would have never wanted that for her", meaning [redacted]. Stephan then says "I am not sure really that any one person is specifically responsible, its probably a combination of factors that led to it", "I have never felt anything like that before, it was horrible". Chris tells Stephan that he hopes the truth will come out, and Stephan responds "Well, yeah", as if he was dodging that statement. This call was downloaded and submitted into Evidence.com.

On April 11, 2024, I received a message from Chris stating he had an update regarding this case. I contacted Chris by telephone who stated he was cleaning out the storage unit he had on Executive Avenue. Chris stated he opened one of the storage bins and located a hard drive that would be normally housed in a desktop computer. In the same storage bin Chris located a watch, that Stephan previously told Chris during a phone call from the Osceola County Jail was in his bedroom. Chris stated Stephan must have gained access to the storage unit when he made the trip to Northport on 02/28/2024. I told Chris that I would have a Detective from Northport Police Department contact him to arrange a time to retrieve the hard drive. Chris previously stated he witnessed Stephan using his desk top computer on 02/24/2024, and he never gained access to the residence after leaving to Kissimmee on 02/25/2024. It appears that Stephan had intentionally removed the hard drive from his computer in an attempt to conceal the contents.

On April 12, 2024, I drove to Northport Police Department to retrieve the items that Chris provided to Detective`s. There was a hard drive that appeared to be removed from a desk top or tower computer and two other USB drives. A search warrant will be obtained to retrieve the contents of those drives.

On April 15, 2024, the Honorable Judge Michael Murphy, signed a search warrant for the hard drive and two USB drives collected from Chris. These items were delivered to Agent Georgie Torres with the Florida Department of Law Enforcement to be examined.

On April 17, 2024, the Honorable Judge Michael Murphy, signed a search warrant to obtain the iCloud records from Apple for [redacted] and [redacted]. The search warrant was submitted to Apple via email.

On April 18, 2024, at approximately 0830 hours, [redacted] and her attorney Matthews Bark, arrived at the Kissimmee

Police Department, based upon an investigative subpoena that was issued by the State Attorney's Office. Due to technical issues with State Attorney Will Jay's computer, the interview was moved to the State Attorney's Office at the Osceola County Courthouse. The interview was led by State Attorney Will Jay. Will placed [redacted] under oath who swore to tell the truth during the interview. Will asked [redacted] if she was working on the night of 02/25/2024, at Disney and she stated yes and she got home approximately 2230 hours. [redacted] stated when she got home, Stephan and [redacted] were the only people downstairs. [redacted] could not remember what either Stephan or [redacted] were wearing when she got home from work. Will asked [redacted] if she remember if [redacted] was wearing a green sweatshirt when she got home from work and she stated no, she was not wearing that. [redacted] stated [redacted] would have been wearing whatever clothes she would be sleeping in. [redacted] could not remember what time Stephan got to the residence. [redacted] stated she was in her bedroom with Stephan and [redacted] approximately 30 minutes before she sent them upstairs to go to bed. Will asked [redacted] why Stephan wasn't invited to the party, and she stated because her mother doesn't get along with Stephan. [redacted] stated she instructed [redacted] to take her night time medication when she got home, which [redacted] states she allows [redacted] to do time to time. [redacted] stated [redacted] takes Hydroxyzine and MiraLax. [redacted] stated since [redacted] has been staying with her mother, she hasn't been taking the MiraLax consistently. Will asked [redacted] if [redacted] normally sets out her clothes the night before and if she makes the decision in the morning. [redacted] stated the decision is typically made in the morning. [redacted] stated since she knew Stephan was going to be taking [redacted] to school, she asked her to set out clothes to have everything ready to go. [redacted] did not know if [redacted] took clothes with her upstairs to Stephan's bedroom. [redacted] states she does not have any further communication with Stephan or [redacted] after the last text from Stephan stating [redacted] has built her nest. The next time [redacted] sees Stephan is when he is trying to put the leash on their dog in the morning time of 02/26/2024. [redacted] states she does not use her phone or gets up during the night because she was sleeping the entire night. [redacted] confirmed that she only got up out of bed when Stephan was trying to put the leash on the dog, but Stephan told her to go back to bed, so she laid back down and went to sleep. [redacted] said she heard someone in the kitchen, but did not know who it was. Will asked [redacted] if [redacted] would have come into her room to tell her goodbye when she left for school. [redacted] stated she would have hoped she would have. [redacted] said she is woken up by her alarm clock that was set for 0900 hours. [redacted] stated she didn't remember if she saw anyone that morning, but she thinks she may have seen one of her roommates. [redacted] stated she didn't receive any communication from [redacted] the morning of 02/26/2024. [redacted] stated the first time she communicated with Stephan was approximately 1000 hours, when he told her that he left his phone at the house. Stephan told [redacted] that [redacted] had a good morning and that he was going to take her to McDonalds, but she changed her mind and all she wanted to do was sleep in the car. [redacted] was asked to confirm if she went anywhere else when she left to go to her doctor's appointment and she said no. [redacted] said she was supposed to have another appointment later that day but canceled it due to the cost of the appointment. [redacted] said when she got home Stephan was at the residence. She said Stephan was wearing a red shirt with some sort of graphic on it. [redacted] said Stephan was acting normal. He told her after he dropped [redacted]

off at school he went to the vape store and they were not open. He said he waited a while then left and drove around before going back to the residence. Stephan then told [redacted] that he was going to run a few more errands somewhere on Highway 192, and she asked him if he was going to be back in time to go get [redacted] from school. Stephan told her that he would be back by 1430 hours. While they were speaking in [redacted]'s bedroom, that is when Stephan told [redacted] that he accidently did a factory reset on his phone. Stephan then leaves the residence and [redacted] stays home. [redacted] then starts to call and text Stephan to see if he was going to be home soon to go get [redacted] from school, but he doesn't respond. Shortly after [redacted] leaves to go get [redacted], Stephan calls [redacted] and tells him that he accidently left his phone at home again. [redacted] said at some point during the morning she was putting stuff away and noticed [redacted]'s phone on her dresser, so she picked it up and brought it with her to the school. Will asked [redacted] why she asked Stephan to help her with [redacted] while she was training at work. [redacted] said if [redacted] stays with her mother, she doesn't get to see her much. So, if Stephan watched [redacted], she would be able to see her more at home. [redacted] was asked if she knew the plans about getting McDonalds in the morning of 02/26/2024. [redacted] said they talked about it the night before, but they didn't talk about when they would leave the residence. Will asked [redacted] if [redacted] ever had side effects of the hydroxyzine, and she said if [redacted] took the medication later than normal she would feel sluggish. Will then asked [redacted] why she let Stephan still stay in the home after they ended their relationship. [redacted] stated she considered Stephan as one of her best friends. [redacted] said she didn't want to see him revert back to his mental health issues like he has previously. Will then asked [redacted] about [redacted]'s sleeping habits. [redacted] stated [redacted] would sleep with her a majority of the time, and when Stephan began staying there, the three of them would sleep in the same bed. [redacted] stated [redacted] never wanted to sleep alone in her bedroom. [redacted] couldn't remember how many times she left [redacted] sleep with Stephan alone in his bedroom. [redacted] stated she allowed it because she trusted Stephan, and he treated her as his daughter. When [redacted] stated she and Stephan ended their relationship, [redacted] had an idea but never spoke about it. [redacted] said she spoke with Stephan about possibly moving back to help him get on his feet, but she didn't know if it was going to be permanent or temporary. Will asked [redacted] if she knew that [redacted] was being abused by Stephan prior to the interview at the Orange County Sheriff's Office and she said no. Will stated [redacted] text [redacted]'s father about not wanting her to be filmed underneath bathroom doors. [redacted] stated she had just heard a story about someone filming in bathrooms on an airplane. [redacted] was asked why Stephan didn't take her car to take [redacted] to school and she said that Stephan was not on her insurance, so she didn't want to take that risk. Will asked [redacted] again if she ever seen [redacted] the morning of 02/26/2024, and she said not. [redacted] also stated that she didn't know about how she died. I asked [redacted] how many times Stephan came to Kissimmee after he moved out and she said two to three times. [redacted] also stated bedroom four was empty, but there were white colored sheets that was on his bed, but she didn't know if Stephan used any other blankets.

On April 22, 2024, I responded to FDLE and made contact with Agent Torres to retrieve the downloads from the two

USB drives and hard drive. Upon reviewing the data from the USB drives, one of the drives was empty and the other drive contained over 35000 images of child pornography. It did not appear that [redacted] was in any of those images. The hard drive was not used since 2020, and it did not contain anything of evidentiary value.

On April 24, 2024, this case was brought before a grand jury and Stephan Sterns was indicted on First Degree Pre Meditated Murder.

On April 30, 2024, the Honorable Judge Vincent Chiu signed search warrants for [redacted]'s pediatrician and gastroenterologist doctors. A supplement will be completed with the results of the medical records.

This supplement will be forwarded to the State Attorney's Office.

On February 26, 2024, at approximately 2000 hours, [redacted], a 13-year old was reported missing to the Orange County Sheriff`s Office by her mother, [redacted] (Orange County case 24-011313).

[redacted] provided a sworn written statement to Orange County deputies summarized as follows: On 02/26/2024, at approximately 0800 hours, [redacted] saw [redacted] getting ready for school. [redacted] stated Stephan Sterns took her to school and dropped her off about a block away from the school. [redacted] said Stephan dropped [redacted] off on Town Loop Boulevard between Town Center Boulevard and Hunters Park Lane. [redacted] said Stephan dropped her off between 0830 hours and 0845 hours. [redacted] went to Hunters Creek Middle School around 1600 hours to pick [redacted] up but she never came out of the school. [redacted] stated she checked the area and then went to her mother`s office, which is located near the school, but could not locate her.

Deputy Joseph from the Orange County Sheriff`s Office contacted the on-call Domestic Crimes Detective, who investigate missing persons, who advised to send the report to the Missing Persons squad.

On February 27, 2024, Detective Hunt from the Orange County Sheriff`s Office was assigned the case. Therefore, Detective Hunt began his investigation. Detective Hunt interviewed [redacted] and Stephan during the initial phase of his investigation. During these interviews, Detective Hunt noticed some inconsistencies in their statements.

Later, Detective Tagler from the Orange County Sheriff`s Office arrived on scene and was asked to assist with interviewing Stephan. Detective Tagler would eventually become the lead investigator for the Orange County Sheriff`s Office case. Detective Tagler interviewed Stephan at [redacted]. See Detective Tagler`s supplement for further details.

On February 27, 2024, at approximately 2100 hours, I, Detective Smallwood responded to [redacted] to assist Detective Hunt and the Orange County Sheriff`s Office with the investigation. At the time of my arrival, [redacted], Stephan, and their roommates were out of the residence and the residence was secured pending a search warrant.

On February 28, 2024, the search warrant for the residence was executed. During the execution of the warrant, information was discovered from Stephan`s cellphone and it was also discovered Stephan never dropped [redacted] off at school. At that time, Detective Morris was assigned as the lead investigator on the case and the investigation was turned over to the Kissimmee Police Department.

On February 29, 2024, I was assigned to assist Detective Morris as secondary throughout the investigation.

On February 29, 2024, Detective Savelli and I responded to 1369 Boulder Drive, Kissimmee, Florida. At the residence, we met with Mariely Alejandro for an interview. Mariely provided a sworn verbal statement summarized as follows: Mariely saw a Facebook post regarding the disappearance of [redacted] and recognized [redacted] in the post. Mariely knew of [redacted] because she dated Stephan in the past. The next morning, a friend from Mariely`s job advised her there was an arrest involving the investigation and that the person was Stephan Sterns. Mariely explained she dated Stephan in the past and contacted the Orange County Sheriff`s Office to provide any information that may help in the investigation. In 2022, Mariely and Stephan were in a brief intimate relationship. During that relationship, Mariely would invite Stephan to spend the night with her at her house but Stephan would refuse. Stephan told Mariely that he needed to stay at [redacted]`s house because [redacted] and [redacted] could not sleep without him there. He further explained, specifically [redacted] would not sleep if he wasn`t there and advised he would sleep in the bed with [redacted] and [redacted]. Mariely displayed her discomfort of the sleeping situations but Stephan continued to live and stay with [redacted] and [redacted]. Mariely ended their relationship not long after finding out this information.

I asked Mariely about their intimate relationship more in depth. She disclosed that Stephan had a tough time having an erection. Mariely described one "very weird" occasion where Stephan had her lay face down completely flat, as if she was "dead" and had sexual intercourse with her. Mariely said that was the only time he was very erect. I asked Mariely if Stephan ever disclosed being sexual with [redacted] but he never did. See full audio for further details.

On March 1, 2024, Detective O`Malley and I interviewed [redacted] at the Orange County Sheriff`s Office. [redacted] provided a sworn verbal statement summarized as follows: Detective O`Malley asked [redacted] to explain the timeline of events beginning with Sunday, February 25, 2024. [redacted] stated she was working at Disney while [redacted] was having her birthday party. [redacted] was advised that [redacted] was dropped off at [redacted]`s house by a family member and shortly after Stephan arrived at her house. [redacted] stated Stephan called her to let her know he was there with [redacted] and [redacted] was getting ready for bed. [redacted] arrived home from work around 2230 hours. [redacted] began her nighttime routine and realized she did not take her medication from the night before. [redacted] asked [redacted] and Stephan if they could sleep upstairs together, so [redacted] could get a "good night sleeps." [redacted] explained that [redacted] is difficult to sleep with at times because she constantly moves in her sleep. Around 2300 hours, [redacted] and Stephan went upstairs to for bed.

On Monday, Stephan woke [redacted] up because he came into her bedroom to walk the dog. [redacted] stated she heard noises in the kitchen but did not know who it was. [redacted] went back to sleep after Stephan took the dog out. [redacted] stated she never saw [redacted] on Monday morning. Around 0900 hours, [redacted] woke up and got ready for her doctors appointment. [redacted] left her house around 0930-0945 hours for the appointment. Around 1100 hours, [redacted]

finished the appointment and returned home. When she arrived, Stephan was already there. Stephan apologized for leaving his cellphone while he took [redacted] to school. He further elaborated, he and [redacted] had a good morning and that she slept most of the way to school. [redacted] stated Stephan was acting "normal" at the house and nothing appeared unusual during their interaction. At one point, Stephan told her that he factory reset his phone while trying to update his phone. Shortly after, Stephan told [redacted] he was going to go shopping at some gaming stores but he would be back in time to go pick up [redacted] with her. Around 1430 hours, [redacted] still had not heard from Stephan, so she left on her own to go pick up [redacted] from school. Approximately 10 minutes after leaving her house, Stephan called [redacted] and stated he left his cellphone again while he was gone shopping.

[redacted] arrived at Hunter`s Creek Middle School and was the first in line to pick up [redacted]. [redacted] said she heard the bell ring but did not see [redacted] come outside. This was not normal for [redacted]. She waited a couple minutes then finally left and drove to her mother`s business, which is a couple blocks down the road to look for [redacted]. [redacted] was not at the business when [redacted] arrived there. [redacted] reached out to some of [redacted] s friends to see if she was at school, which they replied they hadn`t seen her all day. [redacted] also contacted the school to check on [redacted] s attendance, which also showed her as absent all day.

At this point, [redacted] becomes worrisome and calls Stephan to ask him if he dropped [redacted] off at school and advised him that she never showed up. Stephan tells [redacted] that he is on the way to her mom`s office to help. Eventually, a call is placed to the Orange County Sheriff`s Office to report [redacted] missing. After meeting with deputies and completing the report, [redacted] and Stephan return to her residence for the night. [redacted] said she took her medication and ate some food. Stephan told [redacted] he was going to go "cruising" to look for [redacted], and [redacted] questioned him if that was a good idea. Stephan told [redacted] he was going to look up and down "192" for [redacted]. 192 is a United States highway that runs east and west through central Florida.

Tuesday, February 28th, as Stephan slept, [redacted] began making phone calls to the national hotline for missing and exploited children about [redacted]. [redacted] also contacted local news stations to put the information out to the public. Soon after, news reporters came to [redacted] s residence and completed an interview with both [redacted] and Stephan. Detective Hunt responded to [redacted] s residence for follow up interviews with [redacted] and Stephan. Detective Hunt received consent from Stephan to review his cellphone. During this, [redacted] and Stephan were inside her vehicle outside her residence because the residence was secured pending a search warrant. [redacted] stated as they were waiting in her vehicle Stephan became "very anxious" and "very panicky" because he wanted his cellphone back. [redacted] eventually, gave him her phone and he started trying to login into his emails but was unsuccessful due to a two-way authentication issue. I asked [redacted] what the conversation was like between her and Stephan while they waited in her vehicle, which she stated they discussed how law enforcement was focusing on Stephan, "the wrong guy." From there,

[redacted] and Stephan contacted Chris Sterns to notify him on the situation and ask for assistance with a hotel room for the night. They met Chris at a hotel by Disney where they stayed for the night.

On Wednesday, February 29, [redacted] and Stephan met with detectives at the Orange County Sheriff`s Office for a press conference. [redacted] eventually learned that Stephan left the hotel Tuesday night and traveled to Northport, Florida for unknown reasons.

Throughout the interview, [redacted] continues to deny any involvement in the disappearance of [redacted]. She also denied any knowledge of the sexual abuse [redacted] was suffering. See full audio for further details.

I continued to assist Detective Morris throughout the investigation. See Detective Morris` narrative for further.

This report will be forwarded to the State Attorney`s Office for review.

On May 14, 2024, at 1403 hours, Stephan makes a telephone call to Chris Sterns (941-777-2545). Chris puts the call on speaker phone so Stephan could speak to him and his wife at the same time. Debra told Stephan someone put on YouTube that he wasn`t at [redacted]s party. Stephan states he had not made it there in time and everything was going good after he got to the house. 8 minutes and 32 seconds into the call, Stephan states "There is no reason for anything that, to happen that happened". Chris then asked Stephan about the events of 02/28/2024, meaning why did Stephan drive to Northport, Florida. Stephan stated "I had wanted to grab a few things. And um, get my ducks in a row. Kinda prepare myself for whatever was coming, but I couldn`t find what I was looking for". This is during the time Stephan tried logging into his Google account using his parents Wi-Fi, but was unsuccessful. It is believed that Stephan was attempting to log into his Google account to delete the images and videos of his sexually abusing [redacted] Chris tells Stephan he wished they could understand how this whole situation came about and Stephan replies "Well I didn`t start it". Chris told Stephan he participated in it, and Stephan says "yeah". At no point during the conversation did Stephan deny he murdered [redacted]

A copy of the phone call was submitted into Evidence.com.
