NARRATIVE

Tuesday, March 08, 2022

At approximately 1256 hours, contact was made with Michael Kayle Abernathy by telephone.

During the initial canvass, Detective B. Conner made contact with Sean Patrick Mason, who was located at 1564 Marsh Inlet Court. Mason informed Detectives, he believed Mario Enrique Fernandez Saldana, to be a suspect in this case. Mason informed Detectives he has had issues with Fernandez Saldana stemming from an incident in 2018 (180005377). Mason has accused Saldana of killing his personal cat, as well as stray cats in the neighborhood.

On 02/26/2022, at approximately 1117 hours, I made contact with Mason in reference to the statements he made in the initial canvass. Mason explained his dispute with Fernandez Saldana over the cats. Mason advised Fernandez Saldana would "get aggressive" and make threats of physical harm to people who fed the stray cats in the neighborhood. Mason stated Detectives should speak with Michael Abernathy, who lives at 1780 Marsh Inlet Court, in reference to this case.

Contact was attempted with Abernathy at his residence, but he was not home. Abernathy made contact by telephone at 1256 hours. Abernathy advised he and Fernandez Saldana were casual friends. Abernathy confirmed the comments made by Mason in reference to the shooting of the stray cats. Abernathy stated he saw the pellet gun used by Fernandez Saldana in the garage. Abernathy stated he never saw a real firearm, nor did Fernandez Saldana talk about owning a firearm. Abernathy stated he did not know much about the victim, Jared Bridegan. Abernathy stated Fernandez Saldana would complain about the victim periodically. Abernathy advised Fernandez Saldana would complain because Bridegan would not cooperate with the children's schedule. This would often disrupt vacation plans for Shannah Gardner and Fernandez Saldana.

Without being asked, Abernathy stated several neighbors thought Fernandez Saldana was responsible for Bridegan's death. Abernathy was asked if he believes Fernandez Saldana was responsible and he was unsure. Abernathy would go to say he does not believe Fernandez Saldana killed Bridegan, however, he believed Fernandez Saldana could be responsible for planning Bridegan's death. Abernathy would go to described Fernandez Saldana as "a guy with short temper."

At 1730 hours, Allison Anne Preslar arrived at the Jacksonville Beach Police Department to speak about the lead she called in after the incident. Follow up was conducted on this lead in supplement #220000517-36. This conversation was in reference to statements she made in this supplement.

In the above-mentioned supplement, Preslar stated while walking the dog on Jacksonville Drive, she heard four gun shots. Preslar was at the corner of Jacksonville Drive and America Avenue, when she heard the gun shots. As Preslar began heading back to Sanctuary Way, she saw a blue older model truck stopped after going south on Sanctuary Blvd. The truck began backing up and conducting a three point turn and headed north on Sanctuary Blvd in the south bound lane. The truck turned east on to Jacksonville and as it passed Preslar, he stared at her from the driver side window which was down.

Preslar confirmed the statement made in the original statement as well as explaining more detail. Preslar advised she was leaving her boyfriends house which is located on Sanctuary Way North. Preslar was heading east on Jacksonville through the intersection of Jacksonville and Sanctuary

Blvd. As Preslar walked through the intersection of Jacksonville Dr and Sanctuary Blvd, she did not notice any vehicles stopped in the road way. As Preslar reached America Ave and Jacksonville Dr, she heard four gun shots. Preslar advised she was alarmed by the gun shots and turned around and headed back home, now heading west on Jacksonville Drive. Once Preslar got to the center of the intersection of Jacksonville Dr and Sanctuary Blvd, she noticed a older model blue truck with silver trim turning around on Sanctuary Blvd. Preslar noticed what appeared to be two large black trash bags in the bed of the truck. Preslar advised she noticed the truck turning around approximately one minute after she heard the gun shots.

After reviewing surveillance video from Jacksonville Dr and America Ave, there only two trucks seen leaving the area from the time of the incident. The first truck is believed to be a smaller Toyota Tacoma heading north on America Ave. The second truck is seen heading east on Jacksonville Dr one minute after the last gun shot is fired. This truck appears to match the vehicle of interest, noticed prior to the shooting.

NARRATIVE

Wednesday, March 09, 2021

At approximately 1525 hours, John Scott Currie arrived at the Jacksonville Beach Police Department to conduct an interview.

Interview (Witness)

John Scott Currie

1633 Marshside Drive

Jacksonville Beach, FL 32250

At approximately 1525 hours, the interview with Currie was conducted in interview room #89 and audio and visually recorded. Also present during the interview was Detective C. Johns.

Currie began by saying he does not have much knowledge of Jared Bridegan. Currie advised he was Bishop of the local ward for the Church of Latter-day Saints. Currie stated he has only one interaction with Bridegan, which was several years ago. Currie explained he was finishing a counseling session with a member of the church when Bridegan confronted him. Bridegan's children wanted to change their hair styles and he disagreed with their choices. According to Currie, Bridegan told his children their choice of hairstyles was sinful. Due to this, Shannah Gardner approached Currie so he could talk to the children. Currie told the children it was "silly" to call it sinful, but he explained the children needed to honor their parent's decisions.

Currie advised Jared had issues with the counseling session he conducted with the children. Bridegan confronted Currie because of this counseling session. Currie explained to Bridegan took issue with his conversation with Gardner because she was no longer a member of the church. Currie informed Bridegan it was his congregation and Bridegan could not tell him who he was allowed to minister to. Currie stated he attempted to deescalate the situation, but it appeared Bridegan wanted to step out to the parking lot and fight. Currie felt he may need to contact the Neptune Beach Police Department. Due to Bridegan refusing to leave, Currie informed he was calling the police and if he did not leave, he would remove him. Ultimately Currie did not call the police and Bridegan left.

Due to the above-mentioned situation, Currie contacted the church's legal department. Currie stated his wife began carrying a concealed weapon because she felt threatened by Bridegan.

Currie advised Abigail had recently had interest in getting baptized. Gardner approached Currie about getting counseling with Currie as well as Bridegan's Bishop. Currie felt this would be an issue with Bridegan, so he contacted Bridegan's Bishop. Currie explained to Bridegan's bishop he felt Bridegan would have an issue with this arrangement. Currie also explained he has had an issue with Bridegan in the past. These conversations were had in the last couple of weeks.

End of interview.

NARRATIVE

Thursday, March 10, 2021

At approximately 1550 hours, Justin Bridegan arrived at the Jacksonville Beach Police Department to conduct an interview. J. Bridegan advised the day prior he remembered an incident involving his brother and a relative of Mario Fernandez Saldana.

At approximately 1550 hours, the interview was conducted in interview room #89 and was audio and visually recorded. Also present during the interview was Detective Currier.

J. Bridegan stated he was sitting in his office the second day after his brother was killed. While sitting in his office, he stated three words came to him. The three words were, "blue truck, ice cream and redneck." J. Bridegan advised he did not bring it up because he did not think that it was important. He felt he needed to bring it up after hearing the information on the vehicle of interest being released.

J. Bridegan began to describe a birthday party his brother threw for Abigail and Liam, at Adventure Landing. This party took place several years ago. While at the birthday party, one of Fernandez Saldana relatives were at adventure Landing. J. Bridegan advised his brother was upset about this because he thought they were being followed.

J. Bridegan would go on to explain he felt his brother was disturbed because of an incident during the divorce. J. Bridegan advised his brother told him Shannah Gardner placed a "bug" in his vehicle. This was placed in the car to spy on his brother.

J. Bridegan began explaining an interaction with Fernandez Saldan which took place on his child's birthday. J. Bridegan advised Fernandez Saldana and Gardner showed up to his house unannounced with a present for his child. J. Bridegan described Fernandez Saldana as being intense while talking about his military service. Fernandez Saldana was telling "war stories" while he was there.

J. Bridegan would go on to explain what he thought happened to his brother. J. Bridegan felt Gardner and his brother were constantly going back and forth "tit for tat." He felt Gardner would have taken issue with his brother fostering his religion with the children. J. Bridegan advised Gardner would probably feel like her children were being indoctrinated. J. Bridegan felt Gardner would vent to Fernandez Saldana about the situation. He felt eventually Fernandez Saldana would get together with his friends and do something about it. J. Bridegan felt this would have taken two people to plan and execute the plan.

J. Bridegan would go to explain his departure from the church and how this affected his family. J. Bridegan read an email from his brother which he felt was an example of how Jared Bridegan could be condescending.

End of interview.

NARRATIVE

On Tuesday, March 15 2022, I responded to the property room to examine the spare tire which was located on the night of the death investigation. Fully gloved, I unwrapped the tire and set it on a flat surface. During my investigation I located three areas which appeared to passive drops of an unknown liquid. All three of these drops were on the outside rim of the tire. I identified these areas with a black Sharpie marker for future DNA collection. I re-wrapped the tire with brown paper and resealed it for evidence preservation. The original wrapping (removed) was preserved for evidence and entered into police property.

NARRATIVE

On 3/16/2022, at 1530 hours, Sgt. L. Smith and I went to the Jacksonville Beach Police Department property room to do further testing on the tire that was collected on scene.

The tire was sealed already in brown paper packaging with Sgt. Smith's name and number of when he examined the tire at an earlier date. I put latex gloves on and unsealed the tire. I observed the tire had been marked with markers depicting areas of interest that Sgt. Smith had already identified. I photographed the tire as it sat with the markers, both with scales and without.

Sgt. Smith and I used Alternate Light Sources in an attempt to find other evidence that was not visible to normal eyesight. We found nothing of evidentiary value.

After the lights were turned back on, I walked around the tire and observed it had a plug in it. I marked the area with tape, photographed it, and pulled the tire plug out using a pair of pliers. Once the plug was out I placed it into an evidence envelope. I also observed an area of the tire that appeared to have a possible fingerprint. I used a clean and disposable brush and fingerprint powder in an attempt to collect the print. I was unable to due to the possible fingerprint being dry. I then used a DNA swab on the area to collect any residual DNA that might have been in the area.

I swab five different areas of the tire for DNA collection (S1-S5). I placed all five swabs into their original packaging and into separate envelopes. I placed a control swab into its original envelope and into an evidence envelope. I changed my gloves out in between each swab to ensure no cross contamination of the area.

I collected the valve stem cap and placed it into an envelope. I collected the brown paper packaging from the tire and placed it into another brown paper bag. I resealed the tire and placed the date and time of opening and closing on the paper packaging.

All pictures were copied onto a DVD and submitted it into property. All DNA swabs (stains), control swab, tire plug, valve stem cap, disposable brush and fingerprint dust, and original packaging were submitted to property.

This ends my involvement in this case.

Interview
Cody A. Sammons (witness)
1415 Constitution Ct
Jacksonville Beach, FL 32250

At 1130 hours, I met with Cody A. Sammons, at police headquarters. The interview was conducted in the soft room and was audio and visually recorded. Detective J. Lamont #9980 was also present during the interview. Sammons stated he met Mario and Shanna at the Black Hive gym in Jax Beach around the same time, in 2017, before they were dating each other. He stated Shanna was working out there, and Mario was the "handy-man." Sammons was asked what his impression of Mario was when he met him, and he responded, "sketchy." He stated he just made weird comments. He also use to brag about how much money he made in disability, from the military. He went on to state it was very weird how Shanna and Mario "got together." He stated they started dating and were married six to eight months later. Sammons was asked about his impressions of Shanna. He stated she was "great" and he did not see what Shanna saw in Mario. He stated that Mario and Shanna kind of stopping hanging out with the rest of their friends after they got married. Sammons stated either the day of or of the following day of her wedding, he found Shanna next to her car, at the gym, throwing up from drinking all day. He stated it was very odd they got married so quickly and then kept it a secret from Mario's family. He stated Shanna had a lot of problems with Mario not telling his family about them getting married.

The last time he saw Shanna was at a Wedding on New Year's day, 2022 and at a 2019 Christmas party prior to that. He stated they all attended a party at Go- Ruck in Jax Beach. Sammons stated they left, but his sister went out to the beach bars with some friends. He stated he later received a weird text from his sister, but then could not get in-touch with her. He stated he got a text from his sister's phone, from Shanna, stating his sister (Chelsea) was "pretty messed up," and they were

taking her home. Sammons stated he was uncomfortable with this, so he went to Shanna and Mario's house to pick her up. When he arrived, he stated his sister was fully naked, in the bathroom, with her eyes rolling in the back of her head. He stated he took her from the house to Baptist Hospital-Beaches. He stated Mario stated he had videos on his phone of Chelsea naked. He stated Mario was joking about the videos. When asked why he was so concerned about Chelsea going home with a couple of friends, he stated Chelsea was not close with Mario and Shanna and was there with other friends she was closer with, and would have gone home with them, so he had a "weird feeling." Shanna explained that Chelsea was naked because they were, "just trying to get her to feel better." He was asked if there was any confrontation, with Mario, during the incident, which he stated there was not. He was asked what the hospital stated about his sister's condition, which they stated they indicated her blood alcohol was very high. He stated she is a "seasoned drinker" but does not get black-out drunk. He stated one of their friends indicated she was fine one moment, and not the next. He stated his friend "Josh" stated Mario just showed up out of the blue, and stated they were taking Chelsea home.

Sammons was asked how Shanna was at the wedding they both attended on New Years Day, 2022. He stated she looked rough and dragged down. He was asked how Shanna changed. He stated Shanna use to be "supper fun and lively," But, she looked super tired when he saw her at the wedding. He stated Shanna had made come comments about being busy with the bakery, and Mario was not about to help her, "due to his disability." He stated that after they got married, Shanna alienated herself from their friend group. He stated he thinks Mario is controlling and did not want her hanging out with anyone else.

He was asked if he ever heard Shanna or Mario talk about Shanna's ex, but he stated he never directly heard anything. He was asked if he knew anyone else that knew Mario or Shanna. He stated, Brent Parrish, the gym owner.

Sammons stated that Mario was very opinionated and could never be wrong. He stated Mario was supposed to help him on a house flipping project, but he instead had another guy, John, who came in and did all the work. He stated Mario was acting like a contractor and not actually doing the work himself. He stated the guy, John (Biggerstaff), did about \$12,000 in work on a project. However, he had to let him go because he was drinking on the job and keeping beer in the refrigerator. He stated when John was confronted, he became "a douche bag," so he told him not to contact him anymore.

Sammons was asked if there was anyone else we should talk to who knew Mario and Shanna, he provided the name of "Josh" who also worked at the gym, but he was not sure of the last time or any contact information. He also stated Hannah McCann could be a good person to talk to.

At 1300 hours, I met with Chelsea M. Sammons, at police headquarters. The interview was conducted in the soft room and was audio and visually recorded. Detective J. Lamont #9980 was also present during the interview. Sammons stated she first met Shanna at Black Hive and then met Mario afterwards, both from around the gym. She stated Shanna was really nice and fun when they first met. Sammons was asked what her interactions with Mario were like. She stated he was always at the gym offering to stretch out the girls and wanting to give them massages. She stated she found him, "a little bit of a weirdo," but not creepy. She further stated she went to a Christmas party at Go Ruck in 2018 or 2019 and then went to Brix in Jax Beach. She stated she did not remember anything other than going to Brix and then waking up in the hospital. She stated she was told that Mario came into the bar and got her, which was very weird because Mario did not come to the bar with them, but seem to just appear. She stated her brother had her location, so he came and got her and took her to the hospital. Sammons stated she did not remember anything, but was told, by her brother, that she was found naked. She stated the hospital told her she just drank too much, but she stated she drank frequently, back then, and knows it was not just alcohol. She further stated Mario texted her the next day and told her she should come to their house and watch the videos he made of her. She asked for him to send the videos, but he refused and stated she would have to come see them in person. She stated Shanna also texted her the next day and asked if she was okay. Sammons stated, no, I felt like I was drugged. She stated Shanna said, "no, that's not what happened. you just drank too much." Sammons stated the friend she was with also felt like he might have been drugged, but did not go to the hospital. She stated the friend is Josh Mourao. I asked her if she knew what Shanna and Mario intentions were when they took her home, but she stated she never understood why they took her home. She stated she never asked them any questions, because she was scared. She stated she stopped communicating with them after this incident. She stated she would not expect anything sinister from Shanna, but stated Mario was a creeper, so it would not surprise her.

Shanna was asked how Shanna was at the wedding. Sammons stated she looked worn out and beat up. Sammons made the comment that Shanna made the comment, "I wish things didn't happen the way they did." But, she did not elaborate on what was meant by that.

Sammons stated Shanna was dating a mutual friend, who broke up with her, and then she started dating Mario a short time later. They were suddenly married. She stated it seemed like Shanna was not seem happy to be married to Mario, and then they stopped hanging out wit them.

She was asked if she knew anyone else that hung out with Mario. She stated there was a Hispanic female, but she was not sure who she was. She also stated there was a guy Josh that worked at the gym, who was also friends with Mario. She stated Josh was working out with Mario at his home gym, but has not seen him around in a long time.

She was asked if there was any talk around the gym about who might have done this. She stated "everyone" around the gym thinks Mario did it, only because he was creepy. She also stated she knew of another girl, Madison Shrine, who thought she might have been drugged by Mario at V's pizza a long time ago. However, Shire locked herself in the bathroom at the restaurant, so nothing happened. She was also asked, in her opinion, who did she think might have done this; She stated her mind first went to Mario, but she then stated she started thinking about how Shanna hated

NARRATIVE

On 03/18/2022, I collected several elimination cheek swabs from Officers on the "A" group 5-3 shift. Those Officers included Sergeant L. K. Smith, K9 Officer B. Gray #K943, Officer H. Corey #1204, Officer L. Lyon #1229, and also from GIU Detective Sergeant C. D. Young #795. I changed gloves for every buccal swab collection in an effort not to cross contaminate. Sergeant L. Smith collected a buccal swab from me, sealed the item, and I submitted it to the Jacksonville Beach Police Department Property Room as evidence along with the other swabs.

Nothing further at this time.

Also, I received the Google Geofence search warrant return for Cradle Creek Preservation. Google advised there wasn't any information for the area, Google reference number 13709214.

On Tuesday, March 22, 2022, I went to the Duval County Courthouse to obtain signatures for three completed Google Geofence search warrant returns; actual scene (1950-2000 hours), prior to the scene (1840-1850 hours), and Cradle Creek Preservation. Judge M. Carbula signed those returns then I provided the original search warrants to the Duval County State Attorney's Office. I scanned all of the Google Geofence search warrants information (actual search warrants and any Google returned information) into this report.

Investigation continuing.

NARRATIVE

Tuesday, March 22, 2022

On March 22, 2022, myself and Det. Cpl. Y. Santiago #781 went to [Vic Abuse Sex Off] to conduct an interview of [Vic Abuse Sex Off] a former girlfriend of Mario E. Fernandez Saldana.

Interview

[Vic Abuse Sex Off]

At 1029 hours, myself and Det. Cpl. Santiago #781, conducted the interview of [Vic Abuse Sex Off] at her residence. The interview was audio recorded only. [Vic Abuse] stated she met Mario through Tinder, but her sister, Danae Carey, actually knew him previously. She thinks they met through a military friend. [Vic Abuse] stated she has not been in contact with her sister and is not sure of her location. She was asked if Mario was still on Tinder, which she stated she did not know. She stated they went out for about a month around July of 2017 prior to moving into Mario's house at 1949 Oakwater Drive. They lived there with two other people, Alexandria Dusek, and an unknown male that moved out shortly after they moved in. She lived there until around November, 2017. After the lease ended in November, they parted ways and did not speak anymore.

She was asked if the relationship was exclusive, which [Vic Abuse] stated she thought they were together, at the time. However, she stated they were, "definitely not together." [Vic Abuse] stated Mario did not bring any other girls around, but she "had a hunch." She stated that Mario was "sexually abusive." She stated there was one time, in particular, where they got mad at each other, and she got scared (that Mario was going to hit her.) She stated that altercation was about if they were exclusive or not. [Vic Abuse] stated that prior to that conversation, they were staying in the same room and "acting like they were in a relationship, but they were not in a relationship. She stated after this altercation, Mario moved into the room downstairs that was vacated by the male that moved out. She stated a lot of the details are "fuzzy" because she was going through a rough time. She stated she was having a hard time financially and moved in with Mario so quickly because she had nowhere else to go. She stated she felt like she had to deal with anything that happened because she had no other place to go.

[Vic Abuse] stated when the male roommate moved out, and she took over paying his portion of the rent, Mario's demeanor changed towards her. She was further asked about what type of "sexual abuse" happened between Mario. She stated she was not sure how far into detail she could go. She described an incident where she and Mario were in the shower. Mario "turned her around and raped her in the shower." She stated she asked him to stop because it hurt, but he continued "until he finished." She stated there would be other times where they would be sleeping in the middle of the night, and Mario would wake her up (to have sex.) She was asked if she ever tried to tell him no, or have a conversation about, which she stated, "no." She stated she had been in rough relationships in the past and just felt like she had to take it. She stated Mario would become enraged when they

INCIDENT REPORT	JACKSONVILLE BEACH POLICE DEPARTMENT	CASE NUMBER 220000517	SUP NO 71
-----------------	--------------------------------------	--------------------------	--------------

would have conversations about their relationships, so she did not feel like she could talk to him (about the sex.) She described another incident where Mario wrapped his hands around her neck, causing her not to be able to breath, but did not do it the whole time. She was asked if Mario ever hit her, which she stated "no." She brought up Mario being in the military (as to suggest he would know how to hurt her.)

Vic Abuse was asked if she knew anything about Mario's military history, which she replied she knew, "he was a sergeant or something like that." However, she did not know any other details. She was asked if she knew if Mario had any firearms. She stated he had a BB gun and a rifle, but she was not aware of any other weapons. She stated he also had a knife in his car. She was asked if she ever saw any other outburst, other than the ones described, but she stated no. She stated she had no contact with Mario since late 2017 or early 2018. Vic Abuse Sex Off was asked if she thought Mario might be into any type of "S&M or forceful sex." She stated he had a lot of porn on his computer, but she was not aware of anything else. She was asked if she knew any of his friend, but she only knew Alex (Alexandria) Dusek. She also stated she knew he worked at Black Hive Gym. I showed her a copy of the Joint Account application at Navy Federal Credit Union account. She stated he took her to Navy Federal to open an account for her, since she did not have any military affiliation, but she is the only one that has ever used that account. She stated she removed him from the account in November, 2017. She was asked if she knew how Mario made a living. She stated he worked at Black Hive as a trainer, and he also worked at Brumos Mercedes as a mechanic. She stated she met Mario's sister, brother, and niece but she did not remember any of their names. She was asked if he had any kids or been married, which she stated no. She was also asked if she ever heard the name, "John Biggerstaff." She stated, "John" sounded familiar, but did not anyone by that name specifically. She was also asked what type of cars he had, which she stated a white Porsche and a BMW bike. She stated he afforded the car just by managing his money well.

-End-

Shanna L. Gardner came to police headquarters to drop of a white box containing several cookies that were wrapped in plastic wrappers. The box was secured with a bow. The box, bow and wrappers were placed into evidence. Gardner stated the cookies were prepared in her home bakery.

NARRATIVE

On Friday, March 18, 2022, I completed a new cell phone tower dump search warrant to encompass the scene location (longitude and latitude) and the victim's ex-wife (Shanna Gardner) residence (longitude and latitude) located at 1511 Marsh Inlet Court for the date of the incident.

On Tuesday, March 22, 2022, ASA Christina Stifler approved the new cell phone tower dump search warrant.

On Wednesday, March 23, 2022, Judge Meredith Charbula signed the new cell phone tower dump search warrant then I served/ submitted the search warrant to the individual carriers; AT&T, Sprint, Verizon, and T-Mobile. Also, I completed another search warrant requesting Google to provide the remaining Device ID's information from all of the Geofence search warrants.

On Thursday, March 24, 2022, ASA Christina Stifler approved the Google Device ID's search warrant then Judge Jake Schemer signed the search warrant. This search warrant will unmask the Device ID's to provide to identify the cell phone owner's information. I served/ submitted the Google Device ID's search warrant to Google via their law enforcement portal, Google reference number 13931711.

On Monday, March 28, 2022, I received the John Biggerstaff's AT&T toll records. The information consisted of phone calls from his cell phone and landline from December 01, 2021 through March 14, 2022. I provided this information to A.T.F. Intelligence Research Specialist (IRS) to analyze using their computer program. I provided this information to Detective Chris Johns, and I placed a copy of the information into property.

Also, I received the new T-Mobile cell phone tower dump information for the scene, and the area around the victim's ex-wife's house via search warrant. I provided the T-Mobile raw data information to A.T.F. Intelligence Research Specialist (IRS) to analyze the information using their computer program. I scanned the T-Mobile raw data information for both locations into this report.

I received the Michelin tire subpoena from the Duval County State Attorney's Office.

On Tuesday, March 29, 2022, I emailed the Michelin tire subpoena to Jill Marcengill-Heaton who is a paralegal for Michelin/ BF Goodrich; North America Corporation branch, (864) 458-5000.

On Monday, April 04, 2022, I received the new cell phone tower dump information from AT&T. I provided the AT&T raw data information to A.T.F. Intelligence Research Specialist (IRS) to analyze the information using their computer program.

Investigation continuing.
